

RADICAL LABOR PROGRAM GIVEN PEACE APPROVAL

International Labor Legislation Planned by British Would Fix Conditions

Paris, Feb. 12.—The agreement by the commission on international labor legislation of the Peace Conference yesterday to accept Article IV of the British draft of measures to settle the future status of international labor marks the surmounting of an obstacle which was expected to provoke a bitter contest, since it is the most radical project organized labor is seeking to graft upon the constitution of the Society of Nations. This article provides that at the proposed international labor conference the representatives of the governments, the employers and the working people shall be entitled to speak and vote independently without regard to the views expressed by the other representatives of their nation and to have power to draw up conventions and treaties on the nations represented. The rapid progress made on the balance of the British draft, into which will be incorporated certain features of the French labor plan, appears to warrant the belief that the essential aims of the delegates of both nations will be accepted in their entirety by the commission, although final action by the Peace Conference is predicted.

No More Liver Trouble; Take Bliss Native Herbs Tablets

"I suffered with Stomach and Liver trouble for three years and was under the care of two doctors but they never gave me any relief. Nearly two years ago I bought a box of Bliss Native Herb Tablets and they did me more good than anything I ever tried. When I commenced taking your tablets I was in an awful run down condition and couldn't eat a thing without it hurting me. But thanks to Bliss Native Herb Tablets, in a month I could do my housework and eat most anything. It is a good family medicine. Don't see how we could do without it. I am still taking them. I weigh more than I ever did in my life."

Lloyd George Says America Would Not Aid British and French

London, Feb. 12.—Premier Lloyd George again speaking on the general Peace situation said he was opposed to intervention in Russia because the work would fall upon the British and the French. America, he said, would send neither men, money nor material. He was unable to disclose the figures and the details of the plan, but after seeing them, no sane man, he declared, would advise to undertake the enterprise. The premier declared that there had never been any proposal advanced at the Peace Conference to recognize the Bolsheviks. He admitted that the horrors of Bolshevism were so great that there was a sense of disgust when they came to deal with the leaders, but was useless to blind their eyes to the real facts. "Russia represented in area over half of Europe, and nearly half of Asia, and he pointed out, if peace were not made, the whole of this immense territory would be seething in anarchy, disorder and bloodshed; there would be no peace in the world."

BRIEFS FROM THE BIG NEWS EVENTS

Santiago, Chile. — As a result of anarchistic outbreaks and disorders on both sides of the Chile-Argentine frontier, the Chilean foreign office is preparing a convention with Argentina relative to frontier police and extradition. But, Mont.—The engineers' union, of the most powerful in this field, early today voted to take a referendum next Saturday to decide whether it would go on strike in sympathy with the striking miners here. Buenos Aires. — The maritime federation has informed London that it would be unable to send representatives to the International Maritime Congress, to be held this month, because of the striking strikers and lock-out here prevents the departure of vessels. Geneva. — The movement to exclude the central powers from the International Red Cross was debated at a meeting of that organization held here today. President Adolphe de Weisler, was chairman of the meeting.

Palmer on Inside Track For Attorney General

The Philadelphia Inquirer in a Washington dispatch to-day says: "One of the first acts of President Wilson upon his return will be the appointment of an Attorney General to succeed the present incumbent, Thomas W. Gregory, whose resignation becomes effective March 4. Present indications point to the appointment to the Cabinet vacancy of A. Mitchell Palmer, of Pennsylvania, now holding the office of Custodian of Alien Property. While a possible appointment of Attorney Generalship is G. C. Tamm, now Assistant Attorney General, the general belief is that Mr. Palmer will get the office. Todd will have the support of the retiring chief of his department, but personal considerations point in favor of Mr. Palmer for recognition by the President. Political geographical considerations are not without their importance, as Assistant Attorney General Todd hails from the South, which has numerous close advisory positions in the Administration."

THE DRAFT ON NATURE-- ARE YOU ASSISTING OR FIGHTING?

Lack of knowledge is the main reason why people suffer from various ills. They are too careless in their mode of living. And still more so in the medicine they take. The majority of people take medicine just for the relief. The quicker the better—overlooking the fact that a quick cure at best is only temporary. That unless the cause is completely eradicated it will come back. Quick-action medicines are usually drug combinations whose after-effects are often much worse than the original ailment. While a true medicine is much slower and more gradual in its results, because it is assisting nature to rebuild, no smothering her cries. Chase's Blood and Nerve Tablets contain remedies which have long been recognized by the medical profession as Nature's most powerful assistants. These tablets are a safe remedy to take when run down. For sale by all druggists. Price, 60 cents. Special Strength (stronger and more potent), 90 cents. It's cheaper to buy five boxes at a time. LAST YEAR IN WASHINGTON

ONE OF THE HIGHEST-PRICED ADVERTISING MEN IN AMERICA, ONE WHO ASSISTED IN THE LIBERTY LOAN PUBLICITY CAMPAIGN, MET A MEMBER OF OUR FIRM IN A HOTEL ONE DAY AND SAID, "MR. —, WHERE CAN I GET A CAKE OF YOUR SWEETHEART TOILET SOAP? I ALWAYS USE IT AT HOME, BUT I FORGOT TO PUT A CAKE IN MY BAG, AND THE SOAP THE HOTEL FURNISHES IN ITS ROOMS ROUGHENS AND CHAPS MY HANDS. IF THE DRUG STORE IN THIS HOTEL DOES NOT CARRY IT, I SHALL WRITE TO MY WIFE TO MAIL A CAKE."

IT WAS A PLEASURE TO SEE THAT HE GOT WHAT HE WANTED. PRICE DID NOT INTEREST HIM. HE WANTED SWEETHEART TOILET SOAP. SO WILL YOU, IF YOU TRY IT.
