

### REPARATIONS BIG WEDGE AT PEACE MEETING

#### Council of Great Powers Is Widely Divided on This Question

Paris, Feb. 25.—The council of great powers further discussed plans for a preliminary peace treaty yesterday, but left unchanged the position reached Saturday to include territorial and financial reparations and economic subjects, as well as military and naval disarmament in the document soon to be prepared.

This work will begin as soon as territorial and reparations commissions submit reports, as are expected within the next two weeks. Chief difficulty was over reparations, on which the commission was widely divided. This matter was greatly improved as a result of the meetings yesterday, and the prospects now are for an early agreement.

The official communication on the peace conference yesterday says: "The representatives of the allied and associated governments met today at the Quai D'Orsay, from three to five p. m."

The Albanian representatives were introduced, and Turkish demands stated the Albanian claims, an examination of this question was referred to the committee on Greek affairs.

The Paris interallied commission on Polish affairs communicated certain information and proposals received from the interallied commission now at Warsaw. Marshal Pilsudski was present.

The next meeting will be held February 25 at three p. m.

### Rights Woman on Housetop; Struggles to Prevent Suicide

Chester, Pa., Feb. 25.—A crowd watched with breathless interest yesterday the struggle between a man and a woman on the roof of a three-story tenement house at No. 504 West Third street. The woman, Catherine Hayes, was about to jump from the roof, which meant certain death, and was overpowered after a desperate fight with Charles Hayes, her husband.

She was dragged back into the room through an upper window and held in by George Miller, another occupant of the house, who saw the woman climb out on the roof and was just in time to save her. At one time both man and woman came together, only by choking her into submission could Miller control the desperate woman.

### WILL LEASE OLD S.-I. BUILDING

#### Agricultural and Forestry De- partments Will Be Given Quarters Down Town

Authority has been given lease by the State for a period of years covering the construction of old Star-Independent building at Third and Blackberry streets and the papers will be drawn up shortly. The building has and is practically fire proof as well as materially strengthened.

The plan is to occupy it this summer and to concentrate in it the State Department of Agriculture with its numerous bureaus, but not the laboratory which will remain in the old Day School building in Capitol park extension for the present. The State Forestry department will also occupy quarters in the building.

Col. Edward Martin, State Commissioner of Health, desires to use the upper floors of the building for his engineering divisions which are now in the attic of the Capitol which are unsuited for work in summer time and which will be used to overcome the shortage of storage space which is forcing the State to lease lofts in several buildings about the city.

Peter Hoban Visits—Peter J. Hoban, former legislative correspondent, visited the Capitol last evening.

Trustees Named—Congressman E. R. Kiess, of Lycoming, and E. S. Bayard, of Pittsburgh, were named trustees of State Colleges last night and confirmed by the Senate.

Col. Martin Confirmed—Col. Edward Martin was confirmed again as commissioner of health last night. The appointment was made again to make the term date from March 1.

Justices Appointed—Governor Spruiell has appointed these justices of the peace: W. Forrest Magee, Southampton, Bucks; Emil Stenger, Kane; Harry T. Vaughan, Wheatland; M. L. Bossert, Arona.

Dr. Marshall Returns—Dr. C. J. Marshall, State veterinarian, who has been a lieutenant colonel in the United States army veterinary corps, has resumed his work in the State Live Stock Sanitary Board. He was mustered out a few days ago after serving since the outbreak of the war. Cols. J. P. Jackson and John C. Groome, who are now in France, are now the only remaining heads of departments in military service.

Increases Filed—Notices of increase of stock have been filed as follows: Municipal Disposal Co.,

Philadelphia, \$5,000 to \$250,000; Huskin Coal Mining Co., Windber, \$75,000 to \$100,000; Philadelphia Farmers Supply Co., Philadelphia, \$25,000 to \$50,000; Frank C. ### America Owes France Debt of Gratitude

The important part France has played in this war and her awful sacrifice of blood are not the only reasons we should be grateful to her. Many lives are said to have been saved and thousands of surgical operations prevented in this country by a French peasant remedy for stomach, liver and intestinal ailments now imported and sold under the name of Mayr's Wonderful Remedy by Geo. H. Mayr, prominent Chicago chemist. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. H. C. Kennedy and Clark's Medicine Store.
