**About Friday's Game** 

About Friday's Game Reading, Pa., Feb. 25.—While Reading High lost at Lebanon last week, the defeat does not kill the Reading High lost at Lebanon last week, the defeat does not kill the Reading High lost at Lebanon is tied with Reading for first place, but the former is not counted on as a pennant contender, as the odds are two to one that the locals and Harrisburg Tech will end the struggle in a deadlock. Teading has a league game this week and it will be at Steel-ton Saturday night. This should be a victory for Reading, as Steel-ton des not class the locals, al-though basketball is so uncertain that there is no telling what may happen. It is remembered that three years ago Reading lost at Steelton, when the locals had, the pennant clinched, and at that time of the league. It is almost certain that Leba-

pennant clinched, and at that time Steelton fad the weakest team of the league. It is almost certain that Leba-non will not be in it at the finish unless they turn the unexpected by beating Harrisburg or Read-ing on either floor and winning all the rest of their games. Al-lentown may be the team to upset the dope, as they play sterling basketball on their own floor. The peanut town team beat Leba-non by nine points and are liable to repeat over Harrisburg. Read-ing beat Allentown on the lat-ter's floor by five points and were fortunate in playing them early in the season, as they are going at a good pace now. The locals must beat Harris-burg on the latter's floor to clinch the pennant, providing they beat Steelton and also win the remain-ing home games. Harrisburg and Reading can still afford to lose one game and yet be tied at the end of the race, while Lebanon must beat either team away from home to tie, which is almost an impossibility.
