Smart Spring

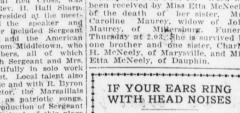

Clothes Ready..

After a man comes out of the service he wants clothes that feel comfortable on him. Why not?

So we've done the best thing for men who have seen service-we've got spring clothes right here that fit well to the body, shapely and smart without a "pinched" effect.

They're going to be a success. All Schleisner clothing is a success. Our styles are pre-determined. They are designed along lines that meet instant approval of good dressers and at the same time please men who don't give clothes much thought.

-You know, a man doesn't have to .devote a great deal of thought to his clothes, to be well dressed. provided he gives heaps of consideration to the store that does his thinking for him.

Good materials, you will say.

9 You are right. But it takes more than good materials to make good bread.

- The bakers must know how to make the bread with those good materials. And that's one of the reasons why Gunzenhauser's Bread is good-all the time.
- We test all the bread we make. Every day is like a new day to us. We keep a watchful eye on our bread-mixing and breadbaking every day—"whether it is needed or not," as the saying goes.
