# Logical Way to Build Strength

Most Tonics Work Indirectly — Father John's Medicine Gives Direct Results

Many so-called "Tonics" are merely stimulants of appetite some of the digestive functions. In themselves they conn no tonic properties whatever but depend wholly for their fect upon whatever the patient may happen to eat.

Father John's Medicine does its work in a different and re logical way. It is itself of great food value-in fact scien sts have proved beyond question that a teaspoonful of Father ohn's Medicine is six times more nourishing than the same antity of pure milk, seven and one-half times more nourishg than the same quantity of oysters, five times more nour ing than cod fish.

This real food in Father John's Medicine is in a form more easily en into the system and made over into new flesh and strength than same amount of food taken as diet. The system that is weakened readily absorbs the rich, pure nourishment contained in then down readily absorbs the rich, pure nourishment contained in their John's Medicine and that is why so many people gain strength flesh steadily while they are taking this old-fashioned, wholese, family medicine. The absolute guarantee that Father John's idicine contains no alcohol or dangerous drugs in any form makes even greater value as a food tonic for every member of the family.

## Mother's Pet Needs a Cascaret

Baby is mad! Doesn't want the favorite dolly, or the horn, or the picture books-but don't scold!

Look at the tongue! Then hurry! Give candy Cascarets to work the nasty bile, souring food and constipation poison from the little liver and bowels.

MOTHERS! Clean the clogged-up places. Do away with the bile, sour fermentations and constipation poison which is keeping your little one cross, feverish and sick. Children love Cascarets, because to them it is like eating candy. Cascarets act better than castor oil, calomel or pills on the tender stomach, liver and bowels. Cascarets never gripe, never injure, and do not disappoint the worried mother. Give harmless Cascarets to children one year old and upwards. Each ten cent how contains full directions.
