

USE APPROVES LE OF SHORT ERM WAR NOTES

Take Final Vote on the
Legislation During
the Day

Washington, Feb. 26.—A final vote on legislation authorizing the sale of short term notes in the Victory Loan in April will be taken by the House today. The measure was tentatively agreed upon last night. A new act authorizes the issuance of \$7,000,000,000 of notes, but Senate Leader Kitchin, in charge of the measure, told the House that it was expected to be for \$5,000,000. He added that the sale of the remaining \$2,000,000,000 worth of notes probably would be necessary in the fiscal year beginning July 1. The direct legislation for the loan, the bill contains provisions for a sinking fund granting national tax exemptions on past issues, authorizing further loans to the government, and continuing war finance corporation.

Commission Seeks War History Data

Two hundred thousand personal record blanks have been sent to soldiers of this state by the Pennsylvania War History Commission, assisted by the Pennsylvania Council of National Defense. There are estimated to be 350,000 soldiers, nurses or other war workers are Pennsylvanians. Governor William C. Sproul is of the Commission, which has as officers Major General O. M. Dougherty, Dr. Albert E. Inley and Dr. Thomas L. Montgomerie. The headquarters are at the Historical Society of Pennsylvania, 1300 Locust street, Philadelphia, where requests for blank forms entering records are being received. The records will be divided into divisions, the first including military and naval records; second, constitutional and political records; third, economic, industrial, financial records, and, fourth, educational and religious records. Minutes, official records, printed orders and circulars of all organizations doing war service are asked for by the Commission. Diaries, autobiographies, war correspondence and accounts of the participation of Pennsylvanians also will be utilized, as will all newspapers and periodicals published in Pennsylvania during the war, published in the state if they bear on Pennsylvania conditions. Reports of commercial bodies, of labor organizations and of plants that describe processes involved in making munitions to war conditions also are sought.

TO DISCUSS BOLSHEVISM

Prof. A. Epstein, a director of research for the State Old Age Pension Commission, will be the leader in a discussion of "Bolshevism" at a Friday night's meeting at the small community school building, Seventeenth and Catherine streets. Prominent citizens will attend.

PENNSYLVANIA'S BIG GRAIN CROP

Lancaster Carries Off Honors
For Corn: Total 81,391,188
Bushels

The total production of grain crops in Pennsylvania during 1918 was \$1,391,188 bushels, according to figures issued by State Department of Agriculture. Lancaster carries off the honors as the champion corn county with a ten-year average of 51.3 bushels to the acre, with Cumberland high county last year with 48.4 bushels to the acre. Lancaster being next with 48 followed by Schuylkill with 46.5; Philadelphia, 46.3; Adams, 45.5; York, 44.9; Delaware, 44.7, and Franklin, 44.5. Philadelphia has the best ten-year average for wheat raising, showing a figure of 24.2 bushels to the acre and led in 1918 with 24.6. Bucks was second last year with an average of 23.2 bushels followed by Berks, 22; Lebanon, 21.9; Wayne, 21.8; Delaware, 21.5; Susquehanna, 21.4; Montgomery, 21.1; Erie, 20.9, and Lancaster, 20.5.

Chester Leads the Rye Raising Counties with 23.4 Bushels.

Gov. Sproul returned last night from Chester and will leave tomorrow morning for Pittsburgh. The Ohio Licenses.—A total of 4,668 licenses to sell and serve oleomargarine have already been issued for 1919 as compared with a total of 5,467 for the entire past year.

Enforce Dog Law

Strict enforcement of the dog law has been ordered by Secretary of Agriculture Frederik Rasmussen and all dogs are subject to license and restrictions of the dog law. It is estimated that during 1918, the first year for the operation of the dog law, there were about 74,000 dogs killed by order of the county authorities. In 1917 the reports showed about 16,000 dogs killed.

After the Borer—State Inspectors who have been scouring eastern agricultural counties for the corn borer have reported to State Zoologist Sanders that no traces have been discovered as yet. The destructive pest has appeared in New York and other States and extensive investigations have been under way in this State to prevent its spread.

Telling the Story—The plan of organization of Pennsylvania State police was explained to the senators of two States today by officers of the State force. Acting Superintendent G. F. Lamb spoke at Columbus where a bill to establish a police force has been presented to the Ohio Legislature and Capt. L. P. Pitcher deputy superintendent, addressed Illinois senators at Springfield.

The Paupers Law

Superintendent of Public Printing D. E. Long is trying to find out how a report got abroad in the State that the paupers laws are ready. The Legislature has just started to pass bills finally and it will be weeks after the session adjourns until the laws are printed and bound. In spite of this fact there are numerous requests being made for copies of the laws. The prize request, however, came the other day when an attorney wrote complaining that he had not been sent copies of the acts of 1912 and 1914 to complete his file. It was explained to him that the general assembly only met in odd numbered years.

RATIFICATION OF DRY AMENDMENT IS CELEBRATED

W. C. T. U. Takes as Slogan
"Saloonless World
by 1930"

"A Saloonless World by 1930," should be the slogan of the Women's Christian Temperance Union. Mrs. Ella M. George, state president of the organization, told at a rally in the Market Square Presbyterian church last evening, held in celebration of the completion of the ratification of the prohibition amendment yesterday afternoon.

Dr. E. V. Claypool, of this city, superintendent of the Anti-Saloon League, was another speaker at the rally. He said in point, "The state will soon be relieved of a stench which has been a noticeable hindrance to good since the beginning of time."

Dr. John Royal Harris, of Pittsburgh, president of the State Dry Federation, paid especial tribute to the workers of the W. C. T. U. for the service they have performed. Dr. Edwin R. Worrell, of the Presbyterian Board of Temperance, offered a prayer, asking forgiveness for those who attempted to hold up the ratification of the amendment. Dr. George Edward Hawes, pastor of the church, offered a few short remarks.

Members of the W. C. T. U. and the Loyal Temperance Legion attended the services in a body and occupied front seats. The parade that was to have been held last evening in celebration of the ratification, was called off at the last minute because of the rainy weather.

BOTHERING DOUBTS ARE SWEEPED AWAY

John Hoffman, coppersmith, 1319 Palethorp street, Philadelphia, is confident all doubts about his condition being improved have been swept away since taking Tanlac. "My blood was in bad shape and I had catarrh and stomach troubles. I had continued colds and inflammations in the nose, throat and stomach. My blood was overheated and full of humors. I heard where Tanlac helped others and I got some. I recommend Tanlac because I found relief and am gradually getting better." The genuine J. I. Gore Co. Tanlac is now sold here at the Gorgas drug store.
