Three Thousand March to Parliament Building in Effort to Compel Action

Copenhagen, Feb. 28.—Rioting broke out anew in Munich on Thursday, according to the correspondent of the Politiken. Three thousand Spartacan soldiers marched to the parliament buildings in an effort to force the diet to proclaim a republic in Bavaria.

**Situation Is Grave**  
The situation at Munich is grave, according to the Berlin Vossische Zeitung, which is quoted in a Havas dispatch from Basle. Spartacans are not only masters of all public buildings and the transportation services in the city, but have also seized the presses on which government bank notes are printed. These presses, the Berlin Lokal Anzeiger says, are kept busy. Foodstuffs are being rationed at Munich. Amounts issued to the bourgeoisie being only half of those given ordinarily.

**Magdeburg Shut Off**  
Magdeburg is shut off from rail communication with the outside world as a result of a railway strike. A procession of unemployed men, under Spartacan direction, took possession of the roundhouse there, and the fires from the locomotives were extinguished. The Spartacans induced the engineers and other employees to join in a general strike of the introduction of Soviet rule.

**Try to Prevent Leipzig Strike**  
Both Socialist parties and trade union officials are endeavoring to prevent the spread of the strike at Leipzig. Postal, telephone and telegraph employees have voted to remain at work until driven off by force.

**German Troops Kill Spartacans**  
German government troops yesterday occupied the town of Hameln, in the Ruhr industrial district, after a fight in which a number of Spartacans were killed. The government troops captured 116 prisoners.

### SHERIFF PURSUED FEIST AS HE FLED FROM THE COURT

Attempts to Arrest Rubber Company Head, on a Second Charge

Philadelphia, Feb. 28.—An attempt by a deputy sheriff to arrest a defendant in one case, while he was serving as a witness in another, caused a lively chase and considerable excitement in the Federal building yesterday.

William J. Lewis, a stockholder in the National Rubber Company, of Potstown, Pa., recently filed a bill in equity asking for the appointment of a receiver for the concern. He charged Jacob G. Feist, the president, with fraud, mismanagement and wasting the assets of the company.

Feist was subpoenaed as a witness and was to produce the books and records of the company in the Federal Court yesterday in order to show why a receiver should not be appointed.

**Books Produced**  
Judge Thompson heard argument by the company's counsel on a motion to dismiss the application upon the ground of no jurisdiction. The judge reserved decision on that point and directed the parties to proceed with the hearing of the application for a receiver.

Mr. Lewis, through his counsel, J. Howard Reber, called the attention of Judge Thompson to the fact that neither Feist nor the books of the concern were in court. The attorney alleged that Feist told the deputy sheriff who served the subpoena on him he would not produce the books.

J. Washington Logue, counsel for the rubber company, denied the latter allegation, and later produced Feist and the books desired.

After two hours' examination, Feist left the witness chair, and the case was adjourned for two weeks. In the meantime experts will audit the books.

**Feist Flees**  
As Feist left the court room a deputy sheriff attempted to arrest him on a capias obtained in Commonwealth v. Feist, an action brought by William Meyers for slander.

Feist ran through the corridor of the Federal building and rushed down stairs with the deputy in pursuit, while his attorney in the first case argued the matter with Charles L. Smyth, attorney for Meyers. Judge Thompson refused to adjudge that any contempt of his court was committed by the deputy in seeking to arrest Feist in the second action. Bail in the slander suit was fixed at the Common Pleas Court at \$1,000.

Jacob G. Feist is well known in this city, where he led a spectacular life several years ago. He was the head of a concern which operated a slate quarry in York county. He sold stock which afterward became worthless. Sometime later he was convicted in court on serious charges and served time the penitentiary.

### Bankers Predict Fifth Loan Will Be Successfully Oversubscribed by People

Predicting that the Fifth Liberty Loan would be handled with the same efficiency with which the bankers handled previous loans, Charles F. Zimmerman, president of Group Five Pennsylvania Banking Association, addressed 150 members of the Harrisburg Chapter, American Institute of Banking, gathered at a dinner in the Penn-Harris last night.

Mr. Zimmerman declared that fixing salaries of railroad officials by the Federal railroad administration is unfair in that it deprives employees of the natural incentive for their best work. He declared that the abilities of the officials justified the salaries they receive.

Among the guests at the dinner were some women employees of local banks, whom William Jennings, president of the Commonwealth Trust company and First National Bank, complimented for their efficient work. Donald McCormick, president of the Dauphin Deposit and Trust Company, acted as toastmaster.

### BIG WHEAT BILL THROUGH SENATE; LITTLE CHANGE

Measure Guaranteeing Wheat Price For 1919 Crop Passed Early Today

Washington, Feb. 28.—The administration bill appropriating \$1,000,000,000 to fulfill the government's guaranteed wheat price to the farmer for the 1919 crop was passed at 12:30 o'clock this morning by the senate, without material amendment and now goes to conference.

No change was made by the Senate in the clause providing for import and export restrictions, or in the limitation to June 1, 1920, of the operation of the act. Efforts to reduce the appropriation and to strike out the licensing provisions failed.

After adopting an amendment to deny benefits of the bill to growers of 1919 spring wheat, who did not grow 1918 spring wheat the Senate reversed its action, and by a vote of 31 to 23 struck out the amendment.

As he entered the hallway he was struck over the head but did not lose consciousness and called a warning to his wife. She screamed and two of three men who were in the house attacked her, striking her over the head with a hammer and a piece of lead pipe.
