The clause provides for a tax of ten per cent after May 1 on wearing apparel and many other articles costing above specified sums.

Mr. Kitchen announced that he would call up the resolution tomorrow for passage by the House. Quick action on the measure is expected, with House leaders hopeful that the Senate will act before adjournment next week.

June Snowstorm Swept Over Penna. in 1816

Wilmington, Del., Feb. 28.—According to newspaper clippings found in an old family Bible by the Rev. A. C. Thomas, of the Free Gospel Mission here, it is possible that winter may still be on its way. Some of them read as follows: "In 1816, snowstorms occurred in Pennsylvania in June. In 1832 there was good sleighing from February to March 21. That was all the sleighing there was during the winter. In 1841, it snowed heavily on April 25 and 27. On the 16th of May, following, the ground was frozen to a depth of about one inch. No apples, peaches or cherries that year."

WILSON TO DINE COMMITTEE

Washington, Feb. 28.—Members of the Democratic national committee, now meeting in Washington, will be guests of President Wilson at luncheon at the White House today.

GIRLS! ACT NOW! HAIR COMING OUT MEANS DANDRUFF

"Danderine" will save your hair and double its beauty at once

Try this! Your hair gets soft, wavy, abundant and glossy at once

Save your hair! Beautify it! It is only a matter of using a little Danderine occasionally to have a head of heavy, beautiful hair; soft, lustrous, wavy and free from dandruff. It is easy and inexpensive to have pretty, charming hair and lots of it. Just spray a few drops on a small bottle of Knowlton's Danderine now—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance; freshness, fullness and an incomparable gloss and lustre, and try as you will, you can not find a trace of dandruff or falling hair; but your real surprise will be after about two weeks' use, when you will see new hair—fine and downy at first—yes—but really new hair—sprouting out all over your scalp—Danderine is, we believe, the only sure hair grower, destroyer of dandruff and cure for itching scalp, and it never fails to stop falling hair at once.

If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine and carefully draw it through your hair—taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments—a delightful surprise awaits every one who tries this.

Comparison Proves Which Is Best

It stands to reason that people who have been accustomed to eating one kind of bread for a long time will try a new bread occasionally.

But after twelve years of making bread which has proven to be the very finest bread which can be baked, our customers although they try other bread come back to the original Bricker's O. K. bread.

It is a good thing for the reputation of such a standard article as Bricker's O. K. Bread to have our customers try other bread. It gives our customers an opportunity to compare other bread with ours—with the result that they are more strongly in favor of Bricker's O. K. Bread.

Now that we are back on a peace time basis you can get the original.
