

"HONEY" BOXING PROGRAM FOR MOTIVE POWER SHOW; BIG YEAR FOR TENNIS PROMISED

Charges of Being Rough Demand a Hot Challenge From Pitcairn

Sporting Editor, Harrisburg Telegraph: A Mr. Dan Slop, formerly of Altoona, but now of Pitcairn, handed me the enclosed clippings which greatly surprised me, to say the least. It is wrong for either Harrisburg or Altoona papers to brand our team as rough necks, for such is not the case. In fact we played the strong Buhl club, of Sharon this week, winning the game by five points, and they said "Pitcairn was the cleanest team which had appeared on their floor in years."

and seemed to appreciate a good play no matter who did it. Your people spoke very well of the Wilmerding Airbrake Club, stating that it was the best club which had ever appeared in your city recently. If we had been given any show we could have done equally as well as Wilmerding, for we beat them by eleven points since we were in Harrisburg. We would be willing to play that club of Harrisburg's with their same lineup and our same lineup on any floor with a neutral referee, for the gate receipts, using one set of rules, either the National or A. A. U. Or we would like to meet them again at either our floor or theirs for a suitable guarantee. If this is not strong enough I believe we could arrange a side bet beside. Trusting that you will straighten up this little misunderstanding if you can for which we will thank you immensely.

Independents Squared Up With Hancock, and Steelton Also Won

Gordon Ford's doughboys went over the top after the Hancock Five of Quaker City on Saturday night, getting revenge, 44-26. Ford, himself, was the big attraction, furnishing seven field scores and being in six places at once, so that there seemed to be a couple of him. Hancock tried to put the husky manager out of the fray by savage attacks on Ford, but he was not a hungry dog to a juicy bone. "Boss" Haggerty met his Waterloo in Owens. Monk Gerdes and Rote played good games, but the McCord felled but one attempt on the fouled line out of fifteen chances. Black was the leading scorer for the Hancock quintet, caging five field goals. The lineup: Hancock, Rote, f. Powell, f. McCord, f. Gerdes, g. Owens, g. G. Ford, g. Wood, g. Field goals—Rote, 5; McCord, 1; Gerdes, 4; G. Ford, 7; Powell, 2; Black, 1. Fouls—McCord, 14 out of 15, and Armstrong, 10 out of 17. Referee—Clint White. Scorer—Klineline.

Reports That Two Trains Are to Be Replaced on P. & R. Unconfirmed

Officials at the local offices of the Philadelphia and Reading railroad were unable to confirm the report that two trains are to be added on March 10. These trains are Nos. 94 and 99. Train No. 94 arrived in Harrisburg at 1.40 p. m. and train No. 99 departed at 4.35 p. m. before the trains were removed as a measure of economy. Efforts have been made by the Harrisburg Chamber of Commerce together with similar organizations in other cities, and a well founded report has been circulated that the trains are to be restored.

YALE BEATS PRINCETON

Princeton, N. J., March 3.—The Yale club swimmers overwhelmed the Tiger yearlings in Brookway pool Saturday afternoon and captured the annual tilt, 42 to 11. The invading natators were placed first in five events, besides adding four seconds to their total.

The devotions will be closed to-morrow evening with a procession of the visiting priests, the church societies and the school children. Rev. Philip R. McDevitt will be in charge. Lent begins with Ash Wednesday on March 5. The Rev. John J. Moore, of Philadelphia, will deliver a course of devotional sermons at St. Patrick's Cathedral, beginning Ash Wednesday evening, when his first subject will be "A Pilgrimage to Jesus Christ, is He God or Man?" Camp Hill Girls Broke Even; Central High Maids Took One

Camp Hill Varsity Girls defeated the Hummelstown "Big Five" Girls by a score of 26 to 15. The Freshmen girls were defeated by Central High Reserves by the close score of 17 to 14. These games were the best played at Camp Hill, thus far this season. The Varsity girls played splendidly, having far exceeded all previous playing on their home floor. The shooting of Fry, having made sixteen points, and the floor work of Patterson, were outstanding features of the Varsity game. On the Freshmen team Kemp, having made seven out of the fourteen points tallied. The lineups and scores were as follows: Camp Hill Varsity, Fry, f. Hershey, f. Patterson, f. M. Denison, c. AROUND THE BASES

Bethlehem will have a strong team in the Steel League this year. Jeff Tesreau, of the Giants, Paddy Bauman, of the Toledo team, and Earl Blackburn, of the Kansas City team, all have announced their intention of staying with Bethlehem. Walter Holke, erstwhile first baseman of the New York Nationals and last year with Bethlehem, has received a satisfactory contract from the Boston Braves, signed the paper and posted them. Holke was a few days ago included in a deal whereby he was transferred to the Cincinnati Reds. Chicago, March 3.—Jo Loomis, holder of nine world's running and hurdling records, was suspended by the Central A. A. U. on charges of professionalism because he received money for writing a series of articles for a newspaper on athletics. He will appeal to the National A. A. U. championship committee for a final ruling. Loomis has competed throughout the country under the colors of the Chicago Athletic Association. Navy boys mat victors. The Midshipmen wrestlers gained another victory Saturday afternoon, defeating Yale 24 to 4. All the bouts were won on decisions and were fought with cleverness and spirit. Avery saved Yale from being blanked by winning in the 175 pound class. Ishell made a plucky defense and broke out of several dangerous holds. Avery used a chin hold, something new here, in combination with others. Walling of Yale had to work equally hard to save himself from a fall at the hands of Matchie, the Navy captain, in the unlimited weight event. Berry, Yale, and Adell, Navy, retained extra six minutes in the 125 pound class before a decision could be reached. Yale showed equal strength and aggressiveness as the Navy but did not appear to know the game as well as the unopponents. A shift will be made to Birmingham. Only six exhibition games will be played before the team opens the season at Chicago on April 23. The schedule follows: Louisville, Saturday and Sunday, April 12 and 13; Indianapolis, Saturday and Sunday, April 19 and 20; South Bend, Ind., April 21 and 22. Columbia University's basketball team Saturday night brought its season to a close with a hard earned victory over the Yale five on the local collegians' court by 27 to 25. A field basket by John Johnson, Columbia's negro center, in the last thirty seconds of play, when the White team led, just before Johnson got the winning goal he bagged a field goal, which tied the score.

"HONEY" BOXING SHOW

Managers Runk and Field Marshal Reinhold of the Motive Power arena are going to put on a real six-cylinder program Tuesday evening, March 11. They are backed by the great names of the Pennsylvania ring who enjoy the sport. As Mr. Reinhold puts it: "The committee of shophen is actually the sole object of giving Harrisburg good sport with no thought of profit." The Motive Power boxing floor can take care of even a bigger crowd than oiled the last bout, and the management asks for a full turnout on March 11, as it will be a de luxe line of battles, as follows: Wind up of the "Eddie" Dundee, Allentown, Pa., vs. "Eddie" Dundee, Allentown, Pa., second round; "Joe" McCann, Allentown, Pa., vs. "Joe" Marks, Philadelphia, Pa., main preliminary; "Baby" Williams, Trenton, N. J., vs. "Bilby" Segal, Philadelphia, Pa., second preliminary; "Mat" Isaacson, Harrisburg, Pa., boy to be selected for first preliminary. Another bout will be between local boys, of whom there are several hundred asking to be billed, so popular is boxing now in the Capitol City.

QUAKER CITY'S CHARTER BILLS

Reform Measure a Huge Affair; Other Bills Are Looming Up No less than three separate bills, providing a new charter for the city of Philadelphia have been identified as about to make their appearance in the Legislature, and when they are in hand the real strenuous time of the session of 1919 will start. The bill prepared by the Philadelphia Charter committee for the amelioration of the state metropolis is ready and it is said that Ex-Congressman John R. K. Scott has a bill which represents the Vard one of it. The reform bill, which will replace the Bullitt act, is said by the Philadelphia Record to be drastic, and to possess other attributes, while the North American says that it will abolish abuses and modernize means. The Press says it makes "radical changes" and the Public Ledger remarks that it is "sweeping measure." The Inquirer calls attention to the fact that it is the result of much study. The essential features of this reform bill which will be much in the public eye for the next month are: Elimination of all city and county officials, including police and firemen, from political office. Reorganization of the civil service commission for city departments and the creation of a new civil service commission for employees of county departments. Executive budget system for city finances. Council of a single chamber, members to be elected by senatorial districts upon a basis of one representative for each 20,000 assessed voters or fraction thereof, exceeding 50 per cent. This will give the city a council of twenty-one members. City to do its own street cleaning, garbage removal and disposal and paving of streets, except when council, by a three-fourths vote, decides that it should be done by contract. Long-term contracts for municipal work, giving council power to abrogate the contracts at any time after five years. Creating the position of purchasing agent for city departments and one for county departments. The purchasing agents are to make all purchases of supplies of all kinds. The office of director of supplies is abolished. Abolishing the office of the collector of taxes and providing for the collection of taxes by the city treasurer. Making the city solicitor appointive by the mayor, instead of elective, as at present. Creating a new department, under the mayor, known as the department of public welfare, having supervision over the charities and playgrounds. City to do its own street cleaning, garbage removal and disposal and paving of streets, except when council, by a three-fourths vote, decides that it should be done by contract. Long-term contracts for municipal work, giving council power to abrogate the contracts at any time after five years. Creating the position of purchasing agent for city departments and one for county departments. The purchasing agents are to make all purchases of supplies of all kinds. The office of director of supplies is abolished. Abolishing the office of the collector of taxes and providing for the collection of taxes by the city treasurer. Making the city solicitor appointive by the mayor, instead of elective, as at present.

STATE WILL CARE ONLY FOR OWN

Deficits Only For State Institutions Will Be Provided—Deficit Runs High No appropriations will be made by the State to hospitals and homes not under State control to meet deficits in the cost of maintenance the last two years and bills carrying funds to meet deficiencies in the institutions that are managed by the commonwealth will be closely scrutinized before being approved by Governor William C. Sproul. This is the result of the discovery in checking up bills that the total sum asked of the Legislature to meet deficiencies was \$1,844,339.14. It probably means that many of the departments of the State government which are asking for increases in allowances for salaries will be compelled to pare their estimates. Sums running millions above the total of \$25,000,000 carried by the general State government deficiency have been asked by heads of departments or are contained in preliminary estimates, while the aggregate likely to be placed before the Legislature from all sources will run into unprecedented figures. The total statement of the bills for deficiency bills, including the general state government deficiency measure, runs as follows: General deficiency bill, \$762,840.45. Daylight Saving Act Will Stand; Can't Kill It Now

Washington, March 3.—The daylight saving act is safe. It cannot be repealed at this session of Congress. I take this opportunity of informing my friends that I will positively be a candidate for Mayor at the primaries to be held in September, notwithstanding a published statement in the daily papers to the contrary. Thanking all of my friends for their support, so freely given me, and soliciting your assistance in the coming campaign, I am
