REALTY SALES FOR FEBRUARY **BREAK RECORD**

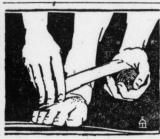

Property Sales During Month Total More Than One Million Dollars

Property sales in Harrisburg during February, the shortest month of the year, broke all records again when 364 transfers were recorded, the transactions involving transfers of real extensivity consequences. of real estate with an assessed valuation of \$1,057,695, according to the monthly report of City Assessor James C. Thompson.

This volume of realty business is more than two and one-half times greater than the amount recorded last February, and according to real estate men is an indication that the sales this spring will break all records in Harrisburg.

Last year 141 properties were sold

If you are foot-sore, and have to stand on one foot and then on the other to get relief—you need Resinol Ointment. For quicker results, first bathe the feet with Resinol Soap and warm water, then apply the ointment on retiring and bandage.

This treatment also brings heartfelt relief to offerers from eczema and other skin eruptions. For free trial of soap and ointment write Resinol, Baltimore, Md.

A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes -Most Women Can Have Says Dr. Edwards, a Well-Known Ohio Physician

Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients-mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system. If you have a pale face, sallow look, dull eyes, pimples, coated tongue, head-aches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women as well as men take Dr. Edward's Olive Tablets—the successful substitute for calomel—now and then just tokeepin thepink of condition. 10c and 25c per box. All druggists

HOUSING SITUATION TO BE RELIEVED [Continued from First Page.]

ward business chat. You all heard Mr. Leland explain what had been done by the national housing commission. He ouelined well ground-ed principles in that address which

Mr. Bailey then said that the first partment. They are summarized as question to be asked is: "Does the

arrangement with respect to housing.

Mr. Bailey said there are several
ways in which the need for houses
might be met. First, individuals
might build; second, contractors
might meet the scarcity by going
into buildings on a comparatively
large scale, and, third, the problem
might be solved by co-operative
building. The time is here, Mr. Bailey said, when he believes the coley said, when he believes the cobuilding. The time is here, Mr. Bai-ley said, when he believes the co-operative plan to be the most feas-

"The Governor says there are not state officials here, but we don't know just what class of houses these people will desire. Let us assume, for argument, that there is need for five \$15,000 houses. What individual will go down into his own pocket to make this investment?. None, I assume. But the way might be found through co-operative offers investment.

ple will desire. Let us assume, for argument, that there is need for five \$15,000\$ houses. What individual will go down into his own pocket to make this investment? None, I assume. But the way might be found through co-operative effort, just as we found a way to build the Penn-Harris Hotel. Many Harrisburg men would put cash into such a corporation," said Mr. Bailey.

The speaker urged that moneymaking be made the secondary consideration of such an enterprise. The thing is too big to be undertaken by any one man. The object of the proposed corporation would be to meet the need first; profits would be secondary consideration. It is not the purpose to use this company to drive out the real estate man, the builder or the contractor, Mr. Bailey pointed out, but to supplement their efforts.

Mr. Bailey said he felt that there!

1844. In early life he assisted his father who conducted a cooperage father who conducted a cooperage state, who conducted a cooperage father who conducted a cooperage state, who conducted a cooperage state, who conducted a cooperage state, who conducted a cooperage father who conducted a cooperage state, who conducted in the battle of Fredericks-ania Voluntee Infantry, and was wounded in the battle of Fredericks-ania Voluntee Infantry, and was wounded in the battle of Fredericks-ania Voluntee Infantry, and was w eir efforts.

Mr. Bailey said he felt that there

standards."

Mr. Balley, following his address, answered many questions raised by interested Rotarians, and George S. Reinoehl, calling attention to the Chamber of Commerce housing committee, introduced Mr McFarland as its chairman. Mr. McFarland spoke very cheeringly of what is being done and said that with such bodies as the Chamber of the Rotary Club co-operating there could be no question of the success of the plan.

William H. Johnson, Civil War Veteran and Long a Railroad Man, Dies

WILLIAM H. JOHNSON

Funeral services for William H.
Johnson, aged 74 years, will be held
to-morrow afternoon at 2 o'clock at
his late home, 540 Camp street. The
Rev. Edwin A. Pyles, pastor of the
Flifth Street Methodist Church, will
officiate. Burial will be in the Harrisburg Cemetery. The body may be
viewed this evening at the home between the hours of 7 and 9 o'clock.
Mr. Johnson was an old resident
of the city and a veteran of the
Civil War. He was born in Newburg, Franklin county, October 21,
1844. In early life he assisted his
father who conducted a cooperage
business.

As a boy of 17 he enlisted in Com-

builder or the contractor, Mr. Bailey pointed out, but to supplement their efforts.

Mr. Bailey said he felt that there were large numbers of patriotic Harrisburg people who would put money generously into a company of the \$250,000 would be sufficient to meet all needs, pointing out that with that sum at hand it would be easy to borrow a like amount from the banks, which are always ready to shoulder a "50-50" risk. The money would not be needed all at once, he pointed out, and stock subscriptions for two years.

"It think not. Personally I believe it can be worked out in that way," he added.
"I think not. Personally I believe it can be worked out in that way," he added.
"I think not. Personally I believe it can be worked out in that surance that they would mean in the way of preventing labor turn over. The worker, whether he earns \$10,000 a year or \$2.5 0a day, does to want to move if he is contented. We have here as in other towns districts that are a disgrace to the city. We must wipe them out or they will be wiped out by lesislative decree. A company such as I have outlined could'do much," he said, "to improve conditions by establishing higher standards."

Mr. Bailey, following his address, answered many questions raised by interested Rotarians and company of fine for the could do much," he said, "to improve standards."

Mr. Bailey, following his address, answered many questions raised by interested Rotarians and company of fine fifth street, will be held tomorrow morning at the home of his dauther, Mrs. Charles M. Geist, 2041 Maughter, Mrs. Charles M. Geist, 2041 Morth Fifth street, will be held tomorrow morning at 10.45 o'clock at the home of his dauther, Mrs. Charles M. Geist, 2041 Morth Fifth street, will be held tomorrow morning at 10.45 o'clock at the Rev. M. Hencelain, Survived by the following children. Wefalender of the Methodist Nowin in the religious world. He is survived by the following children. Harrisburg: W. D. McClain, Shick-shiny; Byron and L. F. McClain, Register, Myson McClain, Cassville;

MRS. MARY E. SHOLTER

Mrs. Mary E. Sholter, wife of Fred
G Sholter, died Saturday night at her
home, 1907 North Seventh street She
was aged 35 years. Funeral services
will be held Wednesday morning at
10 o'clock at the home, the Rev Mr.
Dougherty, officiating. He will be
assisted by the Rev. J. O. Jones. The
body will be taken to Duncannon by
Hoover & Son for burial. Further
services will be held at Duncannon
at 12.30 o'clock in the First United
Brethren Church. Mrs. Sholter is
survived by her husband, son, Robert; daughter, Ethel; brothers, Fred,
John, Elmer, Dewey, Norman and
Clifford Hamilton; sisters, Mrs. Moser, of Mt. Alto; Mrs. Gamber and
Katherine Hamilton, Duncannon.

lived at 313 Verbeke street. Hoover and Son, undertakers, will take the body to Reistville, Lebanon county, for funeral services, 'Wednesday. Burial will be made at Shaefferstown. He is survived by his mother, Mrs. Susan Achey, two brothers, Norman and Ralph, and two sisters, Maggie and Franey. He was a member of the Brotherhood of Locomotive Firemen and Enginemen, the Pennsylvania Railroad Relief Fund, Fountain Lodge, No. 1120, I. O. O. F., the Owls and the Eagles. The body may be viewed at the funeral parlors of Hoover and Son, after 7 o'clock to-morrow evening.

Elliott-Fisher Employes Entertained at Y.M.C.A.

The employes of the Elliott-Fisher Typewriter Company who forgot all about bookkeeping by machinery while they had an uproariously good time at the Central Y. M. C. A. Saturday evening, are wondering when another openhouse for them will be planned. They declare that the affair was a success in every way.

Included in the entertainment were pipe organ selections, moving pictures, comedians, a double male quartet, plano selections, speeches, contests, gymnasium stunts, and a buffet lunch.

The Elliott-Fisher band, contain-

quartet, piano selections, specines, contests, gymnasium stunts, and a buffet lunch.

The Elliott-Fisher band, containing twenty-five pieces, made its first appearance, and won the approval of everybody. President P. D. Wagoner made a few remarks, and G. W. Spahr, Elliott-Fisher salesmanager, made a speech. Among other things, he said he was delighted to find the great number of products of the local plant which are being used in offices all over the country. He said he was confident that the Elliott-Fisher plant would soon cover three times the acreage it does at present.

Theater Man May Be **Fined For Painting Signs** on Business Properties

"Some one from the Victoria The ater certainly must come into cour this afternoon and pay a fine fo defacing the property of merchants along Market street," declared Chie morning. Mr. Wetzel called Athen George, proprietor of the theater to the police station this morning and told him that either he or hi brother, James George, who Athen said is the manager, must answer the charge in police court.

The charge is made that in order to advertise a certain picture, advertising was scrawled across the display windows of Market street business houses Saturday night. Sev plained to the police of the depreda

"They even advertised their nic ture on my building," complained Peter Magaro, manager of the Re

New Senators Will Take Oath Tomorrow

Senator Frank A. Smith, of Dauphin county, will take the oath of office to-morrow, the ceremony having been postponed until that time to allow Lieutenant Governor Edward E. Beidleman to be present. Mr. Beidleman is to make a speech at Scranton to-night and desired to be present when his successor takes oath. Congressman Robert D. Heaton, of Schuylkill, who becomes a senator to-morrow when his term ends as a congresssman will be sworn in at the same time. Ex-Speaker Richard J. Baldwin, senator from Delaware, will be sworn in to-night as the successor to Governor Sproul. office to-morrow, the ceremony hav-

75 Poles Used by Light Co. to Come Down After April 1

About seventy-five poles in the business district of the city will be removed during the coming months, beginning April 1, by the Harrisburg Light and Power Company according to plans discussed with City Electrician Clark E. Diehl, he announced to-day.

Removal of these poles and the overhead wires connected to them has been planned for some time by the company but could not be done until cable for the underground system was received here. This material is in the city now and if weather conditions permit it may be possible to start the work at an earlier date than April 1, but it is not thought likely that the company will start before that time.

But don't think that all

ice cream factories are equipped with as up-to-date facilties as is the Hershey Creamery Company's plant.

Continued from March 1, 1919,

There is a great deal of ice cream sold all over the United States, and much of it is made in ordinary shops or factories, where there isn't a bit of attention paid to the sanitary condition of the factory or to the men who make the ice cream, or to anything else about the place.

It would be a revelation to you to start out some day and visit ice cream factories in many localities.

It would certainly be a satisfaction to you to go through the plant of the Hershey Creamery Company.

It isn't any wonder that HERSHEY'S SU-PERIOR ICE CREAM is forging ahead in popularity. There certainly must be a difference between other ice cream and HER-SHEY'S SUPERIOR ICE CREAM when the business of this concern is going ahead at a

Mr. Hershey then explained the next step in the process.

Said he, "From the homogenizer the mixture is conducted through these sanitary pipes and valves into the big holding vat. There it is kept at a low temperature, 40 degrees, before it goes to the freezer."

"What are those coils in that vat?" asked the Ad man.

"Those," replied Mr. Hershey, "are coils which turn around on an axle and keep the mixture agitated while it is being cooled. The cooling medium is conducted through the coils and brings the temperature of the mixture down to 40 degrees.

"I suppose you put the flavor in now," said the Ad man, making a guess at the next

"Well you are pretty nearly right," replied Mr. Hershey. "We put the flavor in now, and then the mixture is again conducted through another set of sanitary pipes and valves to the freezer.'

"But before you see the process from here on, I want you to see a little room over there on the other side of the building."

The two men walked the full length of the big factory, and down a stairway to a large door that was securely closed and further protected by a padlock.

In a big plant like that of the Hershey Creamery Company, you would wonder what could be hidden away in a room, the door to which, would be so well secured against intrusion.

Mr. Hershey stopped before that large door, reached for his bunch of keys, the while remarking, "I'm going to show you something in this room that represents one of the most interesting parts of our business."

As Mr. Hershey opened the big door, the two men stepped inside.
