

Bandit Outrages in Tampico Oil Fields Show Twelve Deaths
 Washington, Mar. 3.—A chronological statement of bandit out-

rages in the Tampico oil fields, compiled from official sources, has been submitted to the State Department. The statement deals with the period from August 15, 1917, to the present, and records the killing of twelve men, including eight American citi-

zens; the wounding or otherwise seriously injuring of 31 people, including nine women, some of them Americans; the theft of more than \$180,000 in cash, American gold; property destroyed valued at more

than \$50,000; and the theft of much live stock. In all 115 raids, attacks, holdups and battles are listed in the record, which includes the depredations perpetrated upon the properties and employes of fourteen different oil companies.

Parting Gifts to Leaders in Congress
 Washington, Mar. 3.—Parting gifts to congressional leaders this year by their colleagues will be more magnificent than ever before.

The retiring speaker of the House, Champ Clark, who returned to the floor with the advent of a Republican majority, is to receive a great silver tureen, with cover, and a beautifully chased silver coffee service. Chairman Kitchin, of the ways and means committee of the

House, will receive a silver service with ivory trimmings and polished tray to match, while Minority Leader Mann will be given a chest of silver.
