Itching, Scratching, Skin Diseases That Burn Like Flames of Fire

Here Is a Sensible Treatment That Gets Prompt Results

For real, downright, harassing, discomfort, very few disorders can approach so-cruel skin diseases, such as Eczema, Tetter, Boils, eruptions, scaly irritations and similar skin troubles, notwithstanding the lavish use of salves, lotions, washes, and other treatment applied externally to the irritated parts.

and scaly skin, is to purify the blood and remove the tiny germs of pollution that break through and manifest their presence on the surface of the skin.

S. goes direct to the center of the blood supply, and purifies and cleanses it of every vestige of foreign matter, giving a clear and happy complexion that indicates perfect health.

Uses Wireless to Get Release of Aged Catholic Archbishop

By Associated Press Rome, March 7.—The Vatican, for the first time in history, has used the wireless telegraph in international relations. A report recently reached Pope Benedict that the Bolsheviks had imprisoned Monsignor De Ropp, archbishop of Mohilev, who resides in Petrograd, and were keeping him as a hostage.

Considering the advanced age and infirmities of Monsignor De Ropp and that his imprisonment would virtually mean death, the pontiff ordered that everything be done to obtain his release.

Cardinal Gasparri, papal secretary of state, after consultation with the Russian minister to the Vatican decided to send a wireless despatch addressed to "Lenine, Moscow," in which Cardinal Gasparri expressed the regret of Pope Benedict over the arrest of the prelate and urging his liberation because of his ill health and age.
