

**BREAKS NECK IN FRANCE; LIVES**

**Surgeons Say Aviator Will Enjoy Life For Many Years**

Camp Sherman, Chillicothe, Ohio, March 7.—Lieutenant John A. Logan, U. S. A., of Cleveland, is one of the few men who have sustained broken necks and is still alive to tell the story of how it happened. The lieutenant is in the base hospital here, and attending surgeons say that he will enjoy life for many years to come, despite the broken neck.

Lieutenant Logan, an aviator, sustained the injury while on duty in France. He went up one day over the Vosges sector, and engaged several German planes. A platoon of shell from one of the enemy's guns put his motor out of commission, and the officer was forced to volplane. He lost control, and had the preference of diving on a house or landing on the ground. He chose the latter, and when he was dragged from the wrecked machine, it was found that he had received only a few slight scratches. He rejoined his squadron, being able to walk, but that night his right side became paralyzed. Surgeons made an examination, and it was found that Logan's neck was broken. This was the fourth accident in which Lieutenant Logan figures, for, previous to going into active service, he was injured in three training accidents.

**Learn American Methods of Canteen Work in Big Centers**

Paris, March 7.—American methods continue to set the pace, and this time American women have been sought by their English cousins seeking their secret of success in service work for men. The Honorable Lavinia Walton Talbot, daughter of the Bishop of Winchester is at the head of the British canteen unit of sixteen representative young women of England who have come to France to learn American methods in the Y. M. C. A. huts located in large regional centers. The workers have been especially chosen for this particular duty and have been assigned by the women's department of the association. The group is called the Lytleton unit and includes the daughters of distinguished families who have decided to devote their time in the future to social welfare work. All of them have been engaged in the outbreak of the war.

**Germans Have Faith in Wilson's Plan For Nations League**

Berlin, March 7.—President Wilson's plan for a League of Nations has found quick response in the heart of the German nation and has stimulated their faith, according to Philip Heineken, director general of the North-German Lloyd Steamship Company. German shipping interests unanimously share with the rest of the German people of all parties and callings the unswerving conviction that they did not put their money on the wrong card when in good faith it proposed the armistice based on the fourteen points of President Wilson's program, notwithstanding the humiliating and onerous conditions imposed in the operation of the truce," said Mr. Heineken.

**"Pershing Highway" Across the Country Now Being Planned**

Lincoln, Neb., March 7.—Temporary organization here of a "Pershing highway" which would extend from the Pacific to the Atlantic coast and include cities and towns where the principal events in the life of General John J. Pershing occurred, was announced here by Walter S. Whitten, secretary of the Lincoln Commercial Club. Principal cities on the highway would include San Francisco, Sacramento, Laclede, Mo., where General Pershing was born; Washington, Baltimore, Trenton, N. J.; Philadelphia and New York.

**Women Are Poor Machine Lace Makers**

London, March 7.—Women are not successful as machine lace makers in the Nottingham district, according to a report on the "Substitution of women in non-munition factories during the war" made to the Home Office. The employment of women as machine attendants, to take the places of men called to the colors, was a wartime measure, and the report says that "women not having made good their footing as substitutes the question of their continued employment at this work 'hardly rises.'"

**Lieut. Col. Roosevelt Is Home as a Casual**

New York, March 7.—Lieutenant Colonel Theodore Roosevelt, who went to France in the summer of 1917 a major in the 26th Infantry and who subsequently commanded that regiment, returned yesterday as a casual on the steamship Mauretania. Colonel Roosevelt still is suffering slightly from a machine gun bullet wound in the leg. Lieutenant Colonel Roosevelt was mentioned in United States Army orders for gallantry in leading his troops in action at Cantigny in May, 1918, and also received the French war cross with palms for bravery under fire.

**DISABLED MEN SCATTERED**  
Washington, March 7.—The reason that such strenuous efforts are being made to reach disabled men in civil life and acquaint them with the opportunities for vocational training is that most of these disabled men have gotten away from the military authorities and the latter do not know where they are. This may sound strange, but it is the fact for out of the first 6,398 claims filed with the bureau of war risk insurance 68 per cent or 4,379, received their disabilities in camp, only 1.3 per cent, in battle, or 82; other sources 10.5 per cent, aggregating 672 are listed, and 19.3 per cent, or 1,248 are not stated.

*"The Live Store"*

*"Always Reliable"*

# Time Is Money--We'll Prove

That you can save both if you will make haste to be on hand the remaining days of our much talked of Clearance Sale which has been bringing enormous crowds every day. There are few stores, yes very few stores that can keep up such an enthusiastic interest for so long a period as this Live Store's Great

But why shouldn't Dourtrichs sales be "better" and enjoy this decided advantage over other stores. The success from the very beginning is that we have known quality goods that are unquestionable in their worth and you know the moment you see them that they are "far above" the average merchandise that the ordinary store sells; that's why the people come to our

# Semi-Annual Clearance Sale

*Where Everything Is Reduced Except Arrow Collars, Interwoven Hose and Manhattan Shirts*
