

POWERS AGREE TO DISTRIBUTE HUN WARSHIPS

America and England in Accord Over Sinking Their Allotment

London, March 8.—According to the Daily Mail's Paris correspondent, the Powers have now agreed to distribute the surrendered German warships among themselves, but the United States and Great Britain are in accord regarding the necessity for sinking their respective shares.

Washington, March 8.—President Wilson has written Representative Fuller, of Massachusetts, that he was opposed to the sinking of the surrendered German warships, but that his judgment was not final, as he had not yet had the opportunity to discuss the matter with authoritative naval men. This, he would do, he said, when he returned to Paris.

Senator Knox Eulogizes Ex-President McKinley

Canton, Ohio, March 8.—"McKinley and Roosevelt—would to God they were with us now, with their sound judgment to tell us whether this evil thing with the holy name should be accepted by the American people," declared Senator Philander C. Knox, of Pennsylvania, in an address eulogizing former Presidents McKinley and Roosevelt here last night at the annual banquet of the Canton McKinley Club. This was the only reference made to the proposed League of Nations.

Senator Knox paid particular tribute to McKinley's "firmness, patience and sheer reasonableness." He referred to Roosevelt's tact and firmness in handling domestic problems as President, and cited in detail his methods of handling monopoly and trust problems.

CANADIANS RIOT AT KINMEL CAMP; DO BIG DAMAGE

Men Complained That Their Embarkation Had Been Postponed

London, March 8.—From eight to twenty-seven persons are estimated to have been killed and from twenty-five to seventy-three wounded in rioting during the past three days at the Kinmel military camp at Rhyll, Wales, according to a Liverpool dispatch received here last night. Great property damage was caused, the dispatch adds.

According to latest reports from Liverpool the riot was started by about 200 malcontents. There were 25,000 Canadians in the camp awaiting demobilization and embarkation. The men who caused the trouble were casualties who had served for three years or more in France. They complained that their embarkation had been postponed while other men who had seen less service were sent home.

Says the Bolsheviks Must Be Overthrown

Washington, March 8.—G. A. Martusine, who described himself as a Russian peasant and at present the official representative in this country of the Russian government of the north, told the Senate propaganda committee yesterday that the United States and the allies could aid Russia only by helping to crush the Bolsheviks. With Lenin and Trotsky overthrown, he said, the masses of people now ruled by terror would themselves organize a real democratic government.

HAYS LAUNCHES CAMPAIGN FOR ELECTION OF 1920

Republican Chairman Makes Supreme Nationalism Key-note of Speeches

St. Paul, Minn., March 8.—Will H. Hays, chairman of the Republican national committee, in speeches and conferences in the Twin Cities yesterday and last night formally opened the Republican campaign for national victory at the polls in 1920. Supreme nationalism was the keynote of the Republican leader's speeches. "While we seek earnestly and prayerfully for methods lessening future wars and will go far indeed in an honest effort to that end, we will accept no indefinite internationalization as a substitute for fervent American nationalism," was his stand on the League of Nations question in addressing the north-west rally here last night.

United States Senator Frank B. Kellogg, speaking at the rally, reviewed Republican achievements during the war and expressed hope for amendments for the present League of Nations draft. Governor J. A. Burns, in a welcoming address, the chairman of the national committee, assailed George Creel, chairman of the committee on public information.

"We have always said, 'we join ourselves to no party that does not follow the flag and keep step to the music of the Union,'" said Hays at the outset of his address last night. "The Republican party has not only followed the flag and kept step to the music of the Union—the Republican party has carried the flag and made the music for the Union."

"We will not forget that while we fight to make certain the rights of free government in the world, we have a republic to preserve in this country; that we are a representative government, not a Bolshevik synecopation, that while there is nothing in this country that we would not take and use for necessary war purposes, such taking must be for war purposes only. The Republican party from its inception has stood against undue federalization of industries and activities. There must be strong Federal regulation, but not Federal ownership."

Governor Burquist referred to an article by George Creel, printed in the March number of an eastern magazine. "George Creel accuses the citizen and officials of this state in persecuting, during the war, certain elements of our people for political purposes," said the Governor, and he referred to statements in Creel's article as "infamous allegations" and "malicious fabrications."

Governor Burquist denied that the League of Nations Public Safety Commission had prohibited the Non-Partisan League from holding meetings in Minnesota, but declared that "certain county officials, on their own initiative and supported by indignant citizens," prevented a number of league meetings during the war period.

Discussing the League of Nations as outlined by President Wilson, Senator Kellogg said: "I am willing and anxious to give the League of Nations a fair trial. But I recognize, as all thoughtful men must, that any league should properly safeguard our political independence and the continuance of our American institutions and national rights. I hope there will come out of the discordant elements, at the Paris Peace Conference a League of Nations which shall be the rallying cry of hope to a war-weary world."

Senator Kellogg said he "is in full accord with the principles of the league as drawn up by the Peace Conference."

ALLIES TO WARN OMSK LEADERS

Action Follows Deportation of Non-Bolsheviks at Vladivostok

Washington, March 8.—Vladivostok has been thrown into a commotion by the arrest and deportation of six non-Bolshevik municipal officials by General Ivanoff, commander of the Vladivostok military district under the Omsk Siberian government.

Official advices reporting the incident said there was strong feeling among the city against the allies because the seizure of the officials was permitted. Representatives of the allies notified their respective governments and asked for instructions. It was intimated in official quarters here that the allies and the United States would warn Admiral Kolchak, dictator of the Omsk government, that General Ivanoff must be restrained from interfering with the Vladivostok local authorities.

A peculiar situation exists at Vladivostok. Months ago, elections resulted in the setting up of a Soviet municipal government, although the city is within the vast stretch of territory under the sway of the Omsk all-Russian regime.

Public Safety Commission to Be Prepared For Outbreak

Philadelphia, March 8.—Determined to be prepared in the event of outbreaks in the state by extremists or other trouble makers, the commission of public safety and defense announced that steps are being taken to expand and perpetuate the Pennsylvania volunteer home defense police. Former Lieutenant-Governor Frank B. McClain, executive director of the commission, said that in the event of trouble the home defense police will be ready for instant service.

This force was organized in forty-five counties during the war, and at the time the armistice was signed eight additional counties were ready for organization. "Governor Sproul," Mr. McClain said, "is very much impressed with information coming to him from various sections of the State pointing out the necessity of revitalizing the home defense police force." Mr. McClain said he has taken the matter up with W. S. Edlis, who succeeded Colonel John C. Groome, as director of the force, and that he has communicated with the various county superintendents of the volunteer police.
