

Harvester Workers Invited to Share in Managing Company

Chicago, March 11.—The International Harvester Company announces that its 10,000 employees will take a secret ballot tomorrow on the question of adopting an "industrial council" plan, giving the workers equal voice with the management in shaping company policies pertaining to working conditions, wages and all other matters of mutual interest.

In announcing details of the plan, which provides that no employee shall be discriminated against because of "race, sex, political or religious affiliation or membership in any labor or other organization," the company stated that the underlying object is to establish relations between workers and management "upon a definite and durable basis of mutual understanding and confidence."

Each of the seventeen American and three Canadian plants will vote on the question, and the plan will become operative at plants where it receives a majority vote.

NEWS OF THE LEGISLATURE

BANK PROMOTION MADE DIFFICULT

Bill to Provide for Inquiry Into Necessity and Charges For Promotion

Among the bills appearing in the House last night was one by Representative Sprowls, Washington, providing that when applications for charters for State Banks and Trust Companies are made the question of how it is organized or promoted shall be considered.

Under the provisions of the duty of State officials is made to inquire as to whether the bank would be a convenience and whether community needs it and what charges have been made for promoting and how they are to be made. The bill, if

HEATON TAKES SENATE SEAT

Numerous Bills Introduced Into the Upper Branch Last Night

Robert D. Heaton, Schuylkill county, was formally sworn in last night as a member of the Senate, by President Judge, George Kunkel of the Dauphin County Courts. Senator Heaton who was elected for the session, had been unable to take his seat prior to last night, due to his duties as a member of Congress, where he served in the House.

The Senate passed finally the Eyre bill carrying a \$250,000 appropriation for the purchase of land in Valley Forge Park.

An act sponsored by Senator Meakle, Allegheny, which makes it a misdemeanor for any person to issue a check or draft, without having sufficient funds to cover the same, was passed on third reading, 41-1.

Three measures went through a second reading, and six bills were up for consideration for the first time.

Senator Crow, Fayette, presented a bill which vitally affects Harrisburg and Dauphin county, as it provides for the appointment in counties having a population between 150,000 and 200,000 of a constable and clerk in the office of the District Attorney. Dauphin county will contain well over 150,000 people, it is estimated when the Federal census is taken next year.

A bill sponsored by Senator Daix, Philadelphia, and up for second reading, which would make it unlawful to resell theatre tickets, and would practically put the "ticket scalper" out of business, was referred back to committee for further consideration. So was the measure providing for military training in the public schools.

New bills presented include the following:

Senator Snyder, Blair, amending school code to provide for "safety first" instruction in elementary schools.

Senator Davis, Lackawanna, defining the procedure to be observed in building branch railroads from mines, quarries, manufacturing, etc., to trunk lines.

Senator Leslie, Allegheny, abolishing the topographic and geological commission, and establishing a bureau of the same under the Department of Internal Affairs.

Senator Nason, Erie, permitting lands more than 500 feet from a street benefited by public improvements, to be assessed for the improvement; permitting the board of visitors for institutions or societies caring for dependent and delinquent children, to visit institutions without the county, to which residents of the county have been committed.

Senator Eyre, Chester, authorizing light, heat and power companies to merge with street railway corporations.

Senator Herron, Washington, providing for a quadrennial instead of a triennial assessment by the county commissioners of the various counties.

Senator Crow, Fayette, providing that under the act creating liability on the part of an employer to the relatives of a deceased employee, should any dependent who at the time of the death of the employee was a widow or a widow, remarried, all compensation shall cease; providing for the appointment of a committee of five by the Governor to recodify the laws pertaining to insane and feeble-minded; establishing a Bureau of Statistics and Information in the Department of Internal Affairs.

Senator Baldwin, Potter, providing for the payment of losses incident to shipments of cattle prohibited by the State Livestock Sanitary Board, and validating proceedings by councils in boroughs for the paving and curbing of public highways, and validating municipal liens filed therefore.

The Senate adjourned at 10 P. M.

Spangler Makes Charges Before York Co. Court

York, Pa., March 11.—Robert S. Spangler, speaker of the House of Representatives, and Attorney A. C. West to-day presented evidence in court to the effect that the food served to prisoners in the York county jail by Sheriff William D. Haas has been grossly insufficient and that prisoners became weak from it and lost weight. The contention is that the sheriff, in receiving an allowance of 45 cents per inmate, is making too much money and that he secured his increase from 30 cents per day through misrepresentation to the court.

Bread and coffee seems to have formed the principal meal for prisoners, with rather infrequent exceptions of soup and potatoes.

One of the best witnesses for the complaint was William McIlhenny, warden of the Dauphin county jail in 1916, 1917 and 1918, who detailed the bill of fare at that institution and showed that it was vastly superior to that at the York county jail and only cost Dauphin county a fraction over 12 cents per day per prisoner. At least another day will be required to finish the case.

RIGA HELD BY REDS
By Associated Press
Copenhagen, March 11.—The recently reported recapture of Riga, on the Baltic coast, is denied in a Berlin dispatch received here. The German troops, it is stated, are a considerable distance from Riga.

NEW MINIMUM SALARY BILL

Contains Ideas in Line With Charles A. Snyder's Plan—Big Appropriation

A new teachers' minimum salary bill was presented to the House by Mr. Palmer, Schuylkill. It provides as follows:

Seven months term, \$500.
Eight months term, \$550.
Nine months term, \$600.
All others \$45 per school month.

It applies to all teachers of two years' services and holding higher than provisional certificates.

An appropriation of \$3,350,000 is carried and it is provided the State shall not be relieved from increases heretofore provided.

The House had another flood of bills. Over eighty were introduced, bringing the total close to 900.

Other bills presented were:

Mr. Cox, Philadelphia—Authorizing Philadelphia director of safety to fix date for applications for licenses for pool and billiard tables.

Mr. Palmer, Schuylkill—Fixing fees in counties in counties having between 200,000 and 1,000,000 population.

Mr. Simpson, Allegheny—Making incurable insanity cause for divorce.

Mr. Curran, Armstrong—Regulating election of school board officers in second, third and fourth classes.

Mr. Hoffman, Lancaster—Appropriating \$22,500 to meet normal schools deficit.

Mr. Lafferty, Philadelphia—Appropriating \$240,000 to Jefferson Medical College.

Mr. Dittrich, Allegheny—Providing that the Auditor General shall appoint five mercantile appraisers for Allegheny county at \$5,000 each per year.

Mr. Simpson, Allegheny—Regulating sales of land by boroughs for schools.

Mr. Wells, Philadelphia—Providing that when bonds are filed in eminent domain certificates of owners admitted to be due shall be entered.

Mr. Palmer, Schuylkill—Amending juvenile court acts providing for carrying out of court orders by guardians and restoration of property stolen by parent or guardian.

Primary Reform Bills

Mr. Brady, Philadelphia, introduced two bills to amend primary laws, one changing the fall primary from the third Wednesday to the fourth Tuesday of September and the other making over 100 changes in details of the act.

Mr. Wells, Philadelphia, presented amendments to the Philadelphia pension system and Mr. Neary, Philadelphia—a bill fixing salaries of the Board of Directors of Philadelphia treasurer's office. Advances are made.

Mr. Fitzgibbon, McKean—Fixing pay of fourth class soldiers and attendance officers at four dollars a day instead of two dollars.

Mr. Neary, Philadelphia—Forbidding furnishing of guns to persons under 18 years of age.

Mr. Powell, Luzerne—Regulating collection of taxes by sureties of deceased tax collectors.

Mr. Walker, Philadelphia—Making misdemeanor for notaries to certify when a person does not appear in person.

Mr. Benninger, Northampton—Validating official acts by deputy notaries.

Mr. Allum, Mercer—Requiring food on sale in restaurants to be placed under glass, under penalty of \$25.

Mr. McKay, Luzerne—Requiring certificates of freedom from disease to be filed with marriage license applications.

Counties Want Share

Mr. Hess, Lancaster—Requiring one-fourth of hunters' license revenue to be paid to county commissioners for purchase of game.

Mr. Perry, Philadelphia—Providing that Philadelphia court tipstaves shall be appointed by prothonotaries.

Mr. Wallace, Philadelphia—Regulating annuity benefits of fraternal societies on lives of children.

Mr. Boland, Crawford—Declaring gas engines operated without mufflers to be nuisances.

Mr. Boyman, Cumberland—Authorizing Game Commission to buy or accept lands for game preserves and to exempt mineral rights. The price is limited to ten dollars per acre.

Mr. Wells, Philadelphia—Requiring red lights beside auto tags, shading of headlights and stops when ordered by officers.

Mr. Hoffman, Lancaster—Authorizing counties to issue bonds for freeing toll roads.

Mr. Martin, Allegheny—Providing naturalized persons certificates shall be filed with applications for hunters' licenses.

A series of amendments to the game and fish codes was introduced by members.
