

### SUPERIOR COURT HONOR GUESTS

#### Governor Sproul Is Host to Judges Last Evening in the Executive Mansion

The annual dinner to the judges of the Superior Court of Pennsylvania was held last evening at the Executive Mansion with Governor William C. Sproul, host.

In attendance were: President Judge George B. Orlay, Judge W. B. Porter, Judge John B. Head, Judge J. Henry Williams, Judge John J. Anderson, Judge F. M. Trexler, and Judge William H. Keller, of the Superior Court; Lieutenant Governor Edward E. Beldeman, Secretary of the Commonwealth Cyrus E. Woods, Attorney General William L. Schaeffer, Auditor General Charles A. Snyder, State Treasurer H. M. Kephardt, former Governor William A. Stone, State Highway Commissioner Lewis S. Sadler, Deputy Attorney General Robert Gawthrop, A. B. Weimer, Spencer G. Gilbert, Spencer G. Nauman, Judge J. M. McCarrell, Judge George Kunkel and Harry B. McDevitt.

The decorations were by Utley, who used ceiling and electric light hangings of alabaster vines to relieve the banks of palms and ferns around the walls. Blue iris and myriads of daffodils formed an oriental garden effect in the center of the table, while from little banks of the same flowers at either end waved red and white streamers. Yellow-capped candles were used in silver candelabra.

#### Commander Nelson Gets Reappointment; Campbell Goes Up in Health Service

Commander Thomas T. Nelson, Jr., of the Pennsylvania Naval Militia, was today reappointed to that rank and assigned to the First Battalion of the Naval Militia. He is a resident of Philadelphia and is in the Federal service.

Dr. J. Moore Campbell, of Philadelphia, chief of the division of biological products of the State Department of Health, was today appointed assistant chief medical inspector of the department. Dr. H. L. Hull, for a number of years assistant, is now chief inspector.

The Public Service Commission today directed an engineer to go to Pottsville to make examination in complaints of shoe manufacturing concerns against the Annville and Pottsville Electric Light Company.

Chairman Alney, of the Public Service Commission, is to be the speaker at the annual meeting of the American Electric Railway Association at New York tomorrow.

Questions involving uniform classifications for natural gas companies will be considered at a conference of representatives of Pennsylvania, Ohio, New York and Virginia, and of various companies at Pittsburgh next Tuesday.

#### 16 Flying Fields and Three Balloon Fields to Be Maintained

Washington, March 12.—Decision of the War Department to maintain sixteen flying fields and three balloon fields as a part of the permanent military establishment, is announced by Acting Secretary Crowell. The department also has practically decided, Mr. Crowell said, to store for possible future use the hundreds of elementary and advanced training planes used during the war.

Secretary Crowell said department experts do not believe the training machines will deteriorate, if carefully stored, even after a period of years, nor do they believe that any decided improvement will be made in these types which would necessitate their being discarded.

The flying and balloon fields to be retained have not yet been selected.

#### Militia and Health Chiefs to Inspect Gretna; New Bill Provides Funds

Adjutant General Frank D. Beary and Col. Edward Martin, State Commissioner of Health, today began an inspection of the state's camp site at Mt. Gretna and its environs. The camp will be used this year as the place for the summer encampment of the Reserve Militia. Work on the improvement program will be resumed very shortly.

The militia bill now before the Legislature provides further money for the permanent features of the camp site. Col. Martin, who was in charge of medical work at various camps during the war, will go over the sanitary and other problems and arrange such changes as may be needed. The camp site may also be used for instruction camps for health officers.

#### Roy Spayd Is New Driver For Good Will

With the dismissal of Samuel Lehman, as a fire apparatus driver for the Good Will Fire Company, Chief John C. Kindler announced today that Roy Spayd, son of the late Alderman Robert E. Spayd, has been appointed to the position.

Lehman this afternoon was given a hearing on a charge of attacking Harvey Dintaman, a fellow driver, early yesterday morning. He was held under bail for the hearing before Alderman C. E. Murray today, on charges of assault and battery and carrying concealed deadly weapons. Dintaman alleges Lehman struck him, fracturing his nose and later attempted to shoot him.

#### Dinner for Miss Kinzer at the Penn-Harris

Miss Mary Kinzer, 2127 North Second street, was the guest of honor at a surprise birthday dinner given at the Penn-Harris last evening by her mother, Mrs. Mary Smyser Kinzer.

The guests who helped celebrate the happy event were Miss Florence Rinkenbach, Miss Charlotte Crabbe, Mr. and Mrs. George Butterworth, Mark Miltner, Ernest Apel and Carl Strait.

The evening's festivities closed with a theater party.

**TO HOLD PRAYER SERVICE**  
A cottage prayer meeting under the auspices of the Covenant Presbyterian Church will be held at the Home of the Friendless this evening at 7:30 o'clock.

#### Osteopaths Ask For Hospital Privileges in Amendment to Law

The amendment to the osteopathic law presented in the Legislature, it was said today, is designed to make clear the rights of osteopathic physicians in the hospitals of the State.

Under a recent ruling of Dr. J. W. Baldy, president of the State Medical Board, osteopaths are forbidden to give any kind of internal or external treatment to patients in hospitals other than that of manipulation. This order prevents them from ordering the administering of even a glass of hot water or regulation of diet, whereas, they hold, the law as it at present stands gives them the privilege of treating in whatsoever manner their colleges teach, including major surgery, the administration of antiseptics, antidotes and anesthetics. They believe amendment to the law clearing up the status of the profession would be a better way of meeting the difficulty, they say, than resort to court action.

It is denied by the osteopaths that they desire to extend their practice to the treatment of disease by drugs, but they do not want to be excluded from the treatment of disease by any natural method. In many hospitals osteopaths and medical men practice side by side in perfect harmony and co-operate, but Dr. Baldy's ruling stands in the way of a perfect understanding. The osteopaths point out that they are required to submit to as long and as rigorous a training as the physicians of any other school, except in the application of drugs, and they believe they are entitled to privileges of practice equal to those of the older school of doctors who use serums and other forms of treatment unknown when they were in college.

**CHILD HIT BY AUTO**  
Lykens, Pa., March 13.—A five-year-old son of James Williams, of this place, was so badly injured this morning when struck by an automobile, that he is expected to die at the Pottsville Hospital to which he was taken after the accident. The child ran directly in front of the automobile which carried morning newspapers and mail from Millersburg to Lykens. The flesh on his face and body was badly torn.

#### Specialized Values in New Spring Hats At \$4.90 and \$5.90

We are now showing what we believe to be the finest collection of Trimmed Hats this store has ever had. Owing to the increasing of our millinery department we have been compelled to prepare for a greatly increased business. The indications right now are that we will have the biggest business on record this spring. Already these stunning new hats are selling rapidly and there is little wonder of that because the styles are so attractive and the qualities of the materials so extremely fine that women wonder how we can sell such charming hats at the prices.

Every wanted color is represented in our introductory spring selling event. There are Lisere Braids, Milans, Pine Apple Braids and other very popular materials, and the shapes are large and small and medium. Some are plain, some are turned up on one side, some are round-brim and some are flat. These charming hats are trimmed with ribbons and flowers and buckles.

#### Specializing in Boys' Spring Suits At \$7.95 and \$10.95

Every parent will be glad to be able to buy boys' clothing for the moderate prices which we are offering in these introductory selling days. We are doing the largest boys' clothing business in Harrisburg, and each season increases despite the fact that most stores are compelled to ask high prices for boys' clothing. Our extensive outlet and large buying facilities make it possible for us to offer values which are very much better in every way than any other store in town can offer.

These two specialized values in Boys' Spring Norfolk Suits are of great importance.
