

### DENIES HOUSE IS REACTIONARY

Mann Issues Statement in Reply to Representative Longworth

Washington, March 17.—Representative Mann, of Illinois, former Republican leader in the House, in a statement has denied the charge of Representative Longworth, of Ohio, that the Republican organization of the next House as arranged by the committee on committees was reactionary. The organization was asserted by Mr. Mann to be such as to "satisfy every loyal Republican and every lover of good, sane progressive legislation."

Mr. Mann declared that "merit and trading" was the basis of the committee assignments, which he said were filled by "strong men" except that Mr. Longworth was placed on the steering committee "now as he has been before as a sort of tribute to Colonel Roosevelt."

### "OH, IF I COULD BREAK THIS COLD!"

Almost as soon as said with Dr. King's New Discovery Get a bottle today!

The rapidity with which this fifty-year-old family remedy relieves coughs, colds and bronchial attacks is what has kept its popularity on the increase year by year. This standard reliever of colds and coughing spells never loses its effectiveness. It does so quickly and pleasantly what it is recommended to do. One trial puts it in your medicine cabinet as absolutely indispensable. Sold by all druggists.

**Bowels Usually Clogged?** Regulate them with safe, sure, comfortable Dr. King's New Life Pills. Correct that biliousness, headache, sour stomach, tongue coat, by eliminating the bowel-cloggers.

### NERVOUS PROSTRATION

May be Overcome by Lydia E. Pinkham's Vegetable Compound—This Letter Proves It.

West Philadelphia, Pa.—"During the thirty years I have been married, I have been in bad health and had several attacks of nervous prostration until it seemed as if the organs in my whole body were worn out. I was finally persuaded to try Lydia E. Pinkham's Vegetable Compound and it made a well woman of me. I can now do all my housework and advise all ailing women to try Lydia E. Pinkham's Vegetable Compound and I will guarantee they will derive great benefit from it."

These are thousands of women everywhere in Mrs. Fitzgerald's condition, suffering from nervousness, backache, headaches, and other symptoms of a functional derangement. It was a grateful spirit for health restored which led her to write this letter so that other women may benefit from her experience and find health as she has done.

For suggestions in regard to your condition, write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of their forty years' experience is at your service.

### NUXATED IRON

Increases strength of delicate, nervous, run-down people in two weeks in many instances. Used and highly endorsed by former United States Senators and Members of Congress, well-known physicians and former Public Health officials. Ask your doctor or druggist about it.

### A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system. If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results. Thousands of women as well as men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition. 10c and 25c per box. All druggists.

### JAPS AT FAULT IN TIEN TSIN

Disorder Resulted From Their Seizure of Two Americans

Peking, Friday, March 14.—While early reports from Tien Tsin suggested that American marines were to blame for the recent disorders there, later reports would seem to show that the Japanese were also at fault.

It is claimed that Japanese military guards entered the French concession and there seized two Americans and when American officials inquired of the Japanese police authorities if any Americans were being detained they were given a negative answer according to a report. Later American officials found two Americans in a police station, one of them lying almost naked in the yard, calling for water. The Japanese were induced to send the injured man to a hospital and an American consul refused to leave the station until the other man, a corporal, had been released. This demand was finally granted. The American consul was stoned by Japanese as he drove away from the station, it is said.

When the American marines entered the Japanese consulate, they are reported to have attacked a visitor.

On Thursday evening American marines who were entering a moving picture theater in the French concession were attacked by a crowd of Japanese armed with sticks. They managed to enter the theater, the proprietor of which telephoned for the French police, who dispersed the Japanese.

### Penrose Returns For Big Conference

Senator Penrose returned last night to Philadelphia from the seashore where he went for rest after the strenuous closing hours of Congress. He was at his offices in the Commercial Trust Building today to confer with the advocates of charter revision and others interested in legislation. Late today there will be a conference of the Philadelphia legislators in favor of the Brady bills for reform in the registration laws and changing the primary election date prior to their leaving for this city.

### Being a Courteous Man, He "Minded" Her Baby

New York, March 17.—When Dr. Carl Beck of Bridgeport, Conn., boarded a New Haven Railroad train for a glimpse of the tall buildings and the bright lights, he thought he had left dull care behind. But when he alighted at the Grand Central Terminal he had lost blitheness and buoyancy. He carried an infant, registered later on the blitter at the Twenty-ninth Precinct Police Station as "name unknown, address unknown, nativity unknown, age about one year." The baby had come to Dr. Beck as a reward of politeness. When a tall, dark, foreign-looking woman, about thirty-five years old, dressed in black, asked him to "mind the baby" while she went into the woman's wash room, he accepted the trust in a spirit of kindness, but when she failed to return he felt aggrieved.

At the station he met Patrolman Murphy, who guided him to the police station. Then the child was sent to Bellevue.

### THIRD ST. WORK TO START SOON

Brunner Making Plans For the Formal Entrance and For the Circle Operations

First operations in the permanent improvement of the Capitol Park area are to be undertaken this spring on the highways bounding the park where the city of Harrisburg will co-operate with the State. The park is to be surrounded with a low concrete coping and walks placed on top of it. Plans are being made for the formal entrance to be constructed at the west front of the Capitol at State street which will serve for ceremonies and inaugurations of the future. This entrance is being designed by Arnold W. Brunner, of New York, the architect for the improvements, and will harmonize the building. It will be over 100 feet wide.

Mr. Brunner will have the detailed plans and specifications for the first of the office buildings ready for final action by the Board of Public Grounds and Buildings within a short time and bids will be asked. The building will be the first in the Capitol Park extension and embodies a number of ideas of Governor Sprule.

Another early project is the circle to be made at Third and Walnut streets to replace the sharp angled entrance to the famous "boardwalk" Murdock, State draft officer, has sent to the Capitol.

Draft Nears Close—Major W. G. Murdock, State draft officer has sent word to all local draft boards in Pennsylvania that in less than two weeks all boards will be closed and that the members should hasten boxing and shipment of records, list waste and other property and prepare for sales of government material. Calls have also been made for the list of registrants under the draft who volunteered and for final sections of chronicles of the draft and photographs of members and attaches and incidents of the draft.

Need New Laws—George F. Sproule, active in the Philadelphia harbor affairs, says Pennsylvania needs new navigation laws.

Went to Court—Attorneys for the Passunk Avenue Businessmen's Association which lost a case against the Philadelphia Rapid Transit Co. before the State Public Service Commission last week, have taken an appeal to the Superior Court.

Wilmington Sitting—The State Compensation Board will have a sitting at Williamsport on March 28. Commissioner Leech will hear arguments.

Editorial Filed Here—State Librarian Montgomery has received a copy of the "Marse Henry" edition of the Louisville Courier-Journal and it is on file at the State Library. There have been a number of visitors to see it.

Board Adjourns—The State Board of Education which was to have held its monthly meeting today adjourned out of respect to the memory of Dr. Nathan C. Schaeffer, one of the original members of the board and until his death its president.

Go Over Bills—Chairmen and members of the appropriation committee of the Legislature spent today going over charity appropriation bills and requests will be made to members to-night to have them presented as soon as possible.

New Judge to Speak—Ex-Senator Charles H. Kline, just appointed to the Allegheny county bench, will make one of his first speeches following his elevation to the judgeship at a "Get-together" dinner to be given in Tarentum Wednesday night by the West End Civic League of that place. William E. Bailey, clerk of the Allegheny county courts, and J. K. E. Weaver, Burgess of Tarentum, and Addison C. Gumbert, County commissioner, also will deliver addresses.

Doctor Objects—In a statement issued yesterday Dr. William M. Hillgas complained that the Workmen's Compensation act, although a splendid statute, is unjust insofar as it relates to compensation physician are to receive. Any similar law passed by the Legislature, he said, must take into cognizance the fact that the physicians of the State are entitled to the same consideration and recognition as other professional men.

Can Hold Seat—Councilman William J. Burke, of Pittsburgh, a Congressman-at-Large-elect, can continue in council until he takes the oath of office as a Congressman. City Solicitor Stephen Stone ruled in an opinion to Controller E. S. Morrow, who asked the question of Mr. Burke's eligibility to draw pay as councilman after March 4, when his term as Congressman starts. By the act of 1901, the office of councilman is made incompatible with any other office, but incompatibility does not exist until the person actually takes the oath of office.

Board to Hear Claims For Lusitania Losses

New York, March 17.—By agreement among the admiralty proctors representing the claimants who suffered losses when the steamship Lusitania was sunk by a German submarine in May 1915, two judges and one former judge of United States courts have been appointed members of a board to hear evidence from American citizens.

FOOD GIVEN TO ARMENIANS

Washington, March 17.—Official advice today from Constantinople said the Committee for Relief in the Near East had established bases in Asia Minor at Trebizond, Erivan, Karpuz and Alexandretta, from which food and clothing were being supplied to Armenians, Greeks and other sufferers.

To Cure a Cold in One Day Take LAXATIVE BROMO QUININE (Tablets). It stops the Cough and Headache and works off the Cold. E. W. GROVE'S signature on each box. 30c.
