# SMART TAILORED SUITS

*In The Newest  
Simplicity Styling*

These handsome suits comprise our most recent addition to our regular lines for Spring Wear. The first impression you will get of them as they come within range of your vision is the absence of everything which borders on the elaborate; nothing fussy or frilly is evident on them anywhere. Simplicity is the keynote they strike from collar to hem. It embodies the tricotines, gabardines, poiret twills, pencil stripe serges and men's wear serges with a beauty and a dignity no garments more ornately designed can give, and we know if your tastes dictate to you to select garments of this sort you will surely manifest great pleasure in choosing from the many styles we offer you for choice. Some of these suit coats just cover the hips while others are long. The skirts have the long straight lines with tailored pockets and belts.

Misses' chic snappy suits are also found here in abundance.

## Suggestions From Furniture Department

Always an interesting place for those who take pride in their home. Spring season is practically here and some will want Refrigerators. Others will want Fireless Cookers. And then, there are the little ones whose eyes will sparkle and little chubby hands will gesticulate in gleeful anticipation of a ride in the open, after the first ride in one of the comfortable and easy riding baby carriages we sell. And scores of other interesting and attractive odd pieces and suites of furniture are here, many of them specially priced.
