Philadelphia Conference Anwunces Appointments Before Adjournment

Philadelphia, March 19. — Only Sventy-seven pastoral changes, the lowest number in years, marked the new ntments announced by the Philaiphia conference late yesterday, nong the changes were the following: Northwest district: George H. Bick-

If You Need a Medicine You Should Have the Best

Have you ever stopped to reason the it is that so many products that reextensively advertised, all at moce drop out of sight and are soon to reaticle did not fulfill the promises the manufacturer. This applies the manufacturer that happing the particularly to a medicine. A tagget of the manufacturer of the manufacturer of the manufacturer of the manufacturer of the manufacturer. This applies are particularly to a medicine. A staked it hopewell and Hibering. I salked it hopewell and Hibering. Salked it hopewell and Hibering.

more particularly to a medicine. A medicinal preparation that has real curative value almost sells itself, as take an endless chain system the remedy is recommended by those who have been benefitted, to those who have used for it. A prominent druggist says, "Take, for example, Dr. Kilmer's Swamp-Root, a preparation I have sold for many years and never hesitate to recommend, for in almost every case I shows excellent results, as many off my customers testify. No other didney remedy has so large a sale."

According to sworn statements that verified testimony of thousands who have used the preparation, the more than the preparation of the commendation refified testimony of thousands have used the preparation, the so of Dr. Klimer's Swamp-Root e to the fact, so many people, that it fulfills almost every in overcoming kidney, liver in overcoming kidney. ue to the fact, so many people m, that it fulfills almost every in overcoming kidney, liver bladder ailments, corrects urist troubles and neutralizes the gold which causes rhoumatism.

troubles and neutralizes the acid which causes rheumatism, and may receive a sample bottle wamp-Root by Parcels Post. ess Dr. Kilmer & Co. Binghamp, Y., and enclose ten cents; mention the Harrisburg Daily raph. Large and medium size is for sale at all drug stores.

LEGISLATURE NEWS THINKS ENGINEERS GETTING READY TO MOVE DIRT

Woman Y. M. C. A. Worker Conference Held in Regard to the State Highway

> Final announcement of the State's highyay policy came a step nearer last night when Governor Sproul. Highway Commissioner Sadier and Chief Engineer Uhler discussed the problems with Chairman Byre and Williams, of the legislative road committees. Mr. Sadier said to delegations that primary road routes would not be changed and that where it was not practicable to start work surveys would be made, while the legislators let it be known that no new road routes would be tacked on the State system. Maximum provisions agreed upon for trucks, which is one of the vital points in the arrangement of highway construction, will be embodied in the Motor Federation bill, making the weight 26,000 pounds, ninety inches in width and length 28 feet. This is a change from what was discussed last week when it looked like 28,000 pounds and 26 feet.
>
> "This department is not promising what it can not do and we are going to do everything that we say we will do," was the announcement made to a delegation from Wilkinsburg which was made up of Senator W. Crawford Murdoch, Superintendent Samuel Hamilton, of Allegheny schools; Joseph T. Miller, representing various Allegheny boroughs; A. W. Duff and Engineer Charles Sperling. They asked that construction be started soon as there is much idle labor in Allegheny county, suggesting a modification of grade on the William Penn highway and construction west of New Alexandria. The Commissioner said that the construction would divert much traffic from the congested Lincoln Highway and cause rearrangement of Wilkinsburg streets.
>
> The Commissioner sasured Jefferson County Commissioners in a letter that the county could count on State aid and urged an early start on road construction. The county has a ceedit of \$22,151,09 with \$45,537 coming. "Pick the roads of real local interest," said he. Darlington borough people sent assurance of support for the State road plan.

The Commissioner assured be made. The construction could divert much traffic from the congested Lincoln Highway and cause rearrangement of Wilkinsburg streets.

The Commissioner assured Jefferson County Commissioners in a letter that the county could count on State aid and urged an early start on road construction. The county has a credit of \$22,151.09 with \$45,537 coming. "Pick the roads of real local interest," said he. Darlington borough people sent assurance of support for the State road plan.

The policy in regard to boroughs was laid down in discussing im-

provements asked by Larksville and Nanticoke. The former were told that when the primary route is finally determined the State will build an eighteen foot roadway in boroughs. This committee asked for improvements on route No. 4 between Plymouth and Edwardsville and extending through Larksville and extending through Larksville and was told that the way to get it started was for the borough to match the State outlay. The Larksville and Nanticoke people were both told that all sewers and pipes must be laid before the State does must be laid before the State does must be laid before the State does any work. James T. Brennan; somulation is the laid tepfore the State does any work. James T. Brennan; solicitor; Edward Lawler, burgess; Representative Richard Powell and the latter people were told that if Luzerne county will join Main street in Nanticoke will be improved.

Make Your Own Comparisons

This week—this one week in the year—we are relieved of the necessity of telling you in mere words the superior quality of Reos.

The show is on-at the Garden you can see on the same floor, and compare for yourself, all makes of automobiles.

It is a great Show one no motorist can afford to miss.

You will hear much talk—interesting too, for automobile salesmen are the best in the world—and each will try to prove that his is the best automobile in the Show.

To do him justice, let us say, he actually believes it, too.

But he is a salesman and as such, he knows his own product best.

Listen to him-your time will be well spent if you listen to all of them.

And the more you learn about automobiles generally, the more will you appreciate the fine points of Reos when finally you come to this exhibit and compare this product point for point with all others you have seen.

Quality and price considered—but we said we would leave it to you to supply your own answer to that—this week.

The result will be a Reo for yours.

If you can get one—there's the rub; for the demand is so great at this time only those who decide quickly and order at once can hope to obtain an early delivery of a Reo of any model.
