For Indigestion Take Bi-nesia

Nearly everybody suffers at times after eating. Many can rarely eat without suffering the most excruciating agony. Some people have indigestion, some dyspepsia, others gastritis, but no matter what you call it, no matter how many remedies or how many doctors you may have tried—instants and almost invariable relief may be obtained by taking in a little hot water a tablespoonful of a simple neutral, such as Bi-nesia. This instantly neutralizes the acid and stops food fermentation, the cause of nine-tenths of all stomach trouble, and thus enables the stomach to proceed with digestion in a painless, normal manner. Care should be taken to insist on getting the genuine Bi-nesia, which, owing to its marvelous properties, is now sold in both powder and tablet form by George A. Gorges and leading druggists everywhere under a binding guarantee of satisfaction or money back.

A SAFE FAMILY MEDICINE

Father John's Medicine is Best for Colds, Grip, Sore Throat and Stubborn Coughs and as a Body Builder.

Thousands of Mothers Endorse Father John's Medicine. Father John's Medicine is an old-fashioned family remedy—not a patent medicine, but the prescription of a learned doctor. It is free from opium, morphine, chloroform or poisonous drugs which are found in many of the patent medicines; it contains no alcohol or other stimulants. It is a Food Medicine, pure and wholesome. Father John's Medicine has had more than 60 years' success for colds, grip and throat troubles. It is invaluable as a tonic and body builder and restores weak and run-down systems to health and strength. It nourishes the system and makes flesh. We want to warn you against the danger in taking medicines which rely on stimulating or nerve-deadening drugs for their effect. They weaken the system and leave you exposed to disease, cause nervous prostration and a craving for drugs. Father John's Medicine is a safe medicine for all the family; for the children as well as older people, because it does not contain alcohol or dangerous drugs in any form.
