

DOWN RIVER DAM TO BE STUDIED

Speaker Spangler Takes Up Subject With Attorney General Schaffer

Conditions surrounding the McCall's Ferry dam and the law relating to the Susquehanna, construction and operation of dams and requirements as to fishways will be studied by Attorney General Schaffer and a personal inspection of the dam and the stream probably made within a short time as the result of a conference held with the State's chief law officer by Speaker Spangler and a committee of York county people.

Use Coconut Oil For Washing Hair

If you want to keep your hair in good condition, be careful what you wash it with. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle and is very harmful. Just plain, unperfumed coconut oil (which is pure and entirely greaseless) is much better than the most expensive soap or anything else you can use for shampooing as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich creamy lather and cleanse the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get unperfumed coconut oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.

CATARRHAL DEAFNESS: MAY BE OVERCOME

If you have Catarrhal Deafness or are even just a little hard of hearing or have head noises so to your druggist and get 1 ounce of Parmint (double strength), and add to it 1/4 pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day. This will often bring quick relief from the distressing head noises, clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone losing hearing or who has Catarrhal Deafness or head noises should give this prescription a trial.

SUPERFLUOUS HAIR WHY IT INCREASES

Hair growth is stimulated and its frequent removal is necessary when it is removed from the surface of the skin. The only logical and practical way to remove hair is to attack it at the skin. DeMiracle, the original sanitary liquid, does this by absorption. Only one use DeMiracle has a money-back guarantee in its package. A 1/2 oz. bottle in 60c, \$1 and \$2 the 1/2 oz. or by mail from us in 75c. Superfluous hair of face, neck, chest, arms, legs, etc. FREE! Foot, mailed in plain sealed envelope. On request, DeMiracle, 123th St. and Park Ave., New York.

Burgess Tefft said: "At recent meetings of the Council and of public spirited citizens of this borough, it was voted that the writer send you a letter thanking you most heartily for your proposed plan of road building, which includes the improvement of Route No. 204 from the Ohio State line to Beaver Falls. The great need for the building of this road has been felt so keenly by the residents of this community that you will find them all eager to support you in this undertaking."

Potato Quarantine—Districts in Luzerne, Carbon and Schuylkill counties where infection by the potato wart disease has been found have been placed under quarantine by Economic Zoologist J. G. Sanders, of the Department of Agriculture. The quarantine prohibits the shipment or removal from quarantined areas of potatoes, root crop vegetables, manure, garbage, soil or plants with soil about their roots or potato stalks and refuse or any other material capable of carrying the disease. In the quarantined areas there will be established prohibited areas in which it will be prohibited to plant, grow or permit to grow the common white potato and occupants and owners of premises are ordered to destroy all potato tubers growing accidentally. The quarantined areas include the territory of potatoes, vegetables crops or plants originating outside the areas under quarantine or having been shipped into the district for immediate reshipment. The district under quarantine includes Mazie and Foster townships in Luzerne county; Banks and Lanesburg townships and Mauch Chunk borough in Carbon county and Shepton and Jackson villages in Schuylkill counties.

Springfield Again—What several attorneys said they hoped would be the last appearance in the Springfield Consolidated Water Company case occurred at the Public Service Commission office yesterday when counsel for municipalities and the company argued the application for approval of the distribution of the contested fire main charge in what was called a temporary scale. Attorney General William I. Schaffer, and Montgomery Evans, counsel for the company, urged the commission to speedily act on the case, Mr. Schaffer saying that it was vital importance to the financial standing of the company for early action. William Righter Fisher, Charles Sinker, Jr., Edwin M. Abbott and others appeared for municipalities and urged determination, although they differed with the position of the company. Assistant City Solicitors Ernest Lowmyer and Joseph S. Magee represented the city of Philadelphia as the Oak Lane district is served by the company. Chairman Alney announced that the commission would act as soon as possible. Mr. Schaffer had been counsel for the company from the start of the litigation several years ago.
