

COMPENSATION BOARD IS BUSY Orders Rehearings and Stops Payment of Compensation in Some Claims

The State Compensation Board to-day announced that it had granted new hearings in the cases of Schultz vs. Emergency Fleet Corporation, Philadelphia; and Robel vs. Philadelphia and Reading Coal and Iron Company, Shamokin. Owing to the fact that the claimant was engaged in interstate commerce the board refuses compensation in Keiper vs. Lehigh Valley Railroad, Easton; and orders claim petitions filed in Blystone vs. Saltsburg Coal Mining Company and Pasco vs. Austin Company, Washington. Compensation payment is suspended until it is established if disability has ceased in Marish vs. Pittsburgh Terminal Railroad.

Buy Coal Before May

It is part of the Kelley service to keep customers informed as to the condition of the coal market.

From our analysis of coal conditions, lower prices are hardly possible until the wages paid mine workers are lowered, and the present wage-scale is certain to be maintained indefinitely.

In our judgment, it will be the part of wisdom for the consumers to lay in next winter's supply before the 1st of May, for prices will undoubtedly begin to gradually advance and continue their ascent monthly until Fall, when coal prices will average 50c a ton higher.

Juniata Service Company Explains Lighting Failure

Marysville, Pa., March 20. In answer to alleged poor lighting service in Marysville, the Juniata Public Service Company, of Newport, which furnishes current to the borough, declares the incidents cited are isolated cases. At the times mentioned, officials say, when the clock which controls the Marysville current, was wound, a small shaft became reversed and the mechanism disorganized. Workmen were at once detailed to make the necessary repairs, but this required considerable time and the mishap occurred late in the day, so the Marysville subway was without light that night. The officials add that one man is detailed to replace broken or burned out lights throughout the town and this is done as soon as the matter is reported by council or the street commissioner.

To End Foot Misery

It is strange how long people will try to endure tender, burning, itching or perspiring feet, conditions which make life miserable and interfere with all work and pleasure. Any good druggist or foot doctor will tell you that these troubles can be easily and permanently relieved by a simple scientific treatment known as the Cal-o-side foot-bath. Its astringent and soothing action penetrates the pores and corrects the cause. A package of the genuine Cal-o-side costs but a quarter at any drug store, but will be worth many dollars in foot comfort. Each package contains powerful little plaster specially made for removing the most stubborn corn. It is really foolish to suffer when so easily ended.—Adv.
