

# NO SMOKING AT BIG AUTO SHOW, CHIEFS DECREE

### Million Dollars' Worth of Cars Not to Be Endangered by Perfectos

"Million dollars' worth of cars," was the word from J. Clyde Myton, to-day, after he had estimated the value of the magnificent sedans, roadsters and limousines, the burnished furniture of which radiate so brightly at the Overland plant, Twenty-sixth and Derry streets, where the Harrisburg dealers are holding their ninth annual show. Perhaps it was this wealth of view which brought out Commissioner Gross to-day, along with Chief Kindler, the two of them being very much agitated to have heard that smoking had been permitted in the inflammable structure. The "com-mish" issued a hurry-order for signs for no smoking to be pasted up, and many a delicious perfecto got its finish in the very meridian of its fragrance.

**Country Patronage Big**  
The crowds began to arrive shortly after noon to-day, the weather bringing out the biggest country patronage yet registered, and the prospect was for the record before the night was over. The Municipal Orchestra announced their program for the afternoon and evening, as follows:

- 1—One Step, "Over the Top," Geoffrey O'Hara.
- 2—Overture, "Midnight Dream," Schlegel.
- 3—Fox Trot, "I'll Say She Does," S. R. Henry.
- 4—Waltz, "Missouri," Frederic Knight.
- 5—Selection, "What Next," Harry Tierney.

## RECIPES TO DARKEN GRAY HAIR

### A Cincinnati Barber Tells How to Make a Remedy For Gray Hair.

Mr. Frank Harbaugh of Cincinnati, O., who has been a barber for more than forty years recently made the following statement: "Anyone can prepare a simple mixture at home, at very little cost, that will darken gray hair, and make it soft and glossy. To a half pint of water add 1 ounce bay rum, a small box of Barbo Compound and 1 ounce glycerine. These ingredients can be bought at any drug store at very little cost. Apply to the hair twice a week until the desired shade is obtained. This will make a gray haired person look twenty years younger. This is not a dye, it does not color the most delicate scalp, is not sticky or greasy and does not rub off."

## One Step, "Chin, Chin, Chow," Frederic Norton.

- 1—One Step, "Oui, Oui, Marie," McCarthy-Fisher.
- 2—Overture, "Sounds From the Sunny South," Emil Esenman.
- 3—For Trot, "I'll Say She Does," De Silva.
- 4—Waltz, "Bluebird," Clare Kummer.
- 5—Selection, "Odds and Ends," Ride Dudley.
- 6—One Step, "Ultimatum," Thos. S. Allen.

### Explains Erroneous Statement

The Pennsylvania Indemnity Exchange, which hands out reciprocal automobile insurance, called attention to a slipup in yesterday's account, which it linked the names Essick and Hall. It was pointed out that each represents a different motor insurance proposition, and that they are not in partnership. Mr. A. L. Hall explained that his company, Pennsylvania Indemnity, insures only private pleasure cars, and maintains a system in which the patron gets back 3 per cent. of the premium. Mr. Essick's enterprise is entirely separate, and the Aetna-Essick booth at the show offers a non-gift system in which the patron may make an automobile owner do some thinking. Would you sign a contract like this: "I guarantee for myself, my heirs and assigns to pay for any and all injuries that my automobile may cause, whether to persons, property or damage to my own automobile regardless of who may be operating my car."

"I further agree to pay all doctor bills, nurse bills, hospital bills, all costs of judicial proceedings, all lawyer's fees and every other cost or expense. I further agree to assume and pay any and all judgments for damages regardless of amounts that may grow out of injuries done by my automobile." Leave it to us, says the motor insurance men who are very active.

Frederic Myton is preparing for the smash crowds on Friday and Saturday, for next week will see the big plant converted into a tractor and truck show.

**MISS FISHER TO SPEAK**  
At a meeting at Hainlyn, near Paxtonia, this evening, Miss Mary Ruth Fisher, of the Extension Department, will speak on "Possibilities in Home Economics Extension Work." W. A. Zimmerman, assistant county superintendent of schools, will speak on "Qualifications for a Standard School." A community club will be organized.

**ARREST SECOND MAN**  
Russell Rodkey, 1528 Fulton street, charged with being implicated with George A. Evans who was arrested yesterday on the charge of forging several checks, was taken into custody yesterday afternoon when trying to enlist in the Army at the Harrisburg Recruiting Station. He will be given a hearing before Alderman DeShong next week.

## KIWANIS CLUB ENTERTAINS 50 YANKS AT LUNCH

### Businessmen Plan to Dine 100 Soldiers From Carlisle Hospital

Approximately fifty soldiers, sailors and marines who have been overseas service were the guests of the Kiwanis Club of Harrisburg at its weekly luncheon in the Penn-Harris Hotel at noon to-day. The luncheon was pronounced the most successful ever given by the club. A total of 120 men were in attendance, this number including fifty-eight guests.

The luncheon is the first of a series to be given by the Kiwanians for the men in the service. At today's meeting it was announced that in two weeks 100 soldiers from the Carlisle military hospital will be entertained at luncheon. Peter Magaro, manager of the Regent theater, will turn his playhouse over to the club and every effort will be made to make the time a happy one for the soldier guests.

W. Stephen Bush, motion picture editor of the Billboard, a leading amusement weekly, delivered an interesting address in which he portrayed the humors and tragedies incident to the motion picture business.

He told of the many interesting things involved in the manufacture of the motion picture. "The motion picture, American made, has conquered the world," he said. In European theaters 75 per cent. to 90 per cent. of the films are American made. He mentioned the names of Peter Magaro, and in closing he paid tribute to the Harrisburg theater-life long friend.

Casper Shaak won the attendance prize, a box of Page and Shaw's candy, contributed by John A. Rose, confectioner. The silent boost was a concert by the Municipal band orchestra, contributed by Irving E. Robinson, of Robinson's woman's shop.

**BREWERIES RESUME**  
Scranton, Pa., March 20.—Seven breweries operated by the Central Pennsylvania Brewing Company resumed brewing beer yesterday after having been shut down for three months. Officials of the company declare they resumed operations under the advice of attorneys who assured them that there was nothing to prevent their making beer containing not over two and three-quarters per cent. alcohol. Other brewers who work independently of the trust are expected to resume next week.

## SENATOR PENROSE OPPOSES REPEAL OF PRIMARY LAW

### Says Even Presidential Candidates May Have to Go Before the People Direct

Philadelphia, March 20.—Senator Penrose, in the Legislature, which would repeal the law for the nomination and election of judges upon the non-partisan ballot, and which would return to the old convention system for the nomination of state officials, will not have the support of Senator Penrose, according to an interview in the North American to-day.

"I am sick and tired of changing the election laws," Penrose said. "My personal opinion is that the popular primary has come to stay, and we seem to get along fairly well with the non-partisan election of judges. What sentiment exists in the Legislature to change the method of electing judges I am unable to say, as I have not been in Philadelphia long enough to find out."

He said that from fifteen to twenty years will be the presidential primary law. "It is not unlikely the candidates for the presidential nomination will be called upon to appear in the states and face the people," he said. "And it is likely that the people will have a more direct say in voicing their expressions than a president."

Dr. Harry B. Walter in a brief address welcomed the service guests to the club. He spoke in glowing terms of their bravery and in the name of the club welcomed them back to their homes.

Among the guests present at the meeting were Lieutenant Thomas P. Moran, E. F. Baum, Captain E. J. Stackpole, Captain Ralph C. Crow, Lieutenant Herbert Wallower, and Walter B. Flaherty, treasurer of Howard A. Riley & Company. The latter was the guest of A. H. Gorney, local manager of the Riley firm.

**Scranton, Pa., March 20.**—Seven breweries operated by the Central Pennsylvania Brewing Company resumed brewing beer yesterday after having been shut down for three months. Officials of the company declare they resumed operations under the advice of attorneys who assured them that there was nothing to prevent their making beer containing not over two and three-quarters per cent. alcohol. Other brewers who work independently of the trust are expected to resume next week.

## EXPECT STEEL MEN TO AGREE ON PRICE DROP

### U. S. Board Members and Industry Leaders Are to Meet Today

Washington, March 20.—Agreement on a new schedule of steel prices, which is to be the first step in the government's plan to revise commodity prices downward as a stimulus to buying and industrial reconstruction, had not been reached last night after an all-day conference between a committee of the American iron and steel institute and members of the industrial board of the Department of Commerce. The steel men and the board will meet again to-day, however, and indications are that a satisfactory basis for price readjustment will be arrived at shortly.

"We found the steel men entirely willing to co-operate in making effective any program which will hasten the return to normal conditions," said George N. Peck, chairman of the board. "It is as yet impossible to tell just how long it will take to formulate the new price schedule."

Members of the steel committee, headed by Judge E. H. Gary, chairman of the United States Steel Corporation, and Harry McKay, president of the Bethlehem Steel Company, were expected to arrive in Philadelphia to-day but no announcement beyond the statement that they would meet the government representatives to-day was made.

The steel men, it is understood, are determined to agree to the government proposals if they can be shown to be fair. The government officials, on the other hand, are determined to insist on the exact relations between the industry, the board and other government departments should be clearly defined before any permanent sort of arrangement is made.

The board has proposed that a steel price schedule be formulated which the board, as a representative of the government, will approve as "fair price" at which the government will buy. Government buying, it is believed, will immediately stimulate outside buying and hasten the return to normal conditions. The steel men want to be convinced that government departments, notably the railroad administration, will buy at the price determined upon as fair, and that the industry will not fall afoul of any legal obstacles to price agreements, such as the Sherman anti-trust act.

Although it was announced that satisfactory progress had been made, it was made clear at the same time that the price question had not been brushed out of mind. The government, it is understood, did not present a new schedule to the board, but it was intimated this subject was given preliminary consideration by the steel men's meeting late yesterday.

**Think Reductions Necessary**  
Since the signing of the armistice the price of steel has advanced from \$2 to \$6 a ton. Steel products have been made effective by the industry itself, but further reductions are considered necessary to induce freer buying. However, some of the steel industry's cost producers, who were able to drive a big business when the war prices and the war demand was on, will be opposed to any sharp reductions.

## Ishida Sane Feb. 13, Lunacy Board Reports

### Baltimore, March 20.—That Dr. Noboru Ishida, Japanese psychiatrist on trial for the murder of Dr. George B. Wolf, was sane on February 13 last, when the members of the State Lunacy Commission visited him, was the report of that body at the trial yesterday.

While the board held the Japanese sane the members refused to testify as expert alienists, and would not testify as to mental status of the Japanese before that period.

On the other hand, Dr. John R. Oliver, medical officer of the Supreme bench of Baltimore city, and Dr. Charles G. Hill, head of Mount Hope retreat, declared Ishida insane.

Those who declared Ishida sane at the time they examined contended that the Japanese expert on mental diseases, could easily feign insanity.

## ESCAPES POLICE AND REVOLVER FIRE

### [Continued from First Page.]

Olean policemen who made the arrest, allowed Snyder to step through the door ahead of him. He broke away, fled to the rear of the house, then into the next street and into railroad yards. Snyder fired six bullets at him, but none took effect.

Local police asked the Olean police department to check up Snyder yesterday. His rooming place was located and after an all-night watch, Policemen Gilmore and Thomas Fitzpatrick went to the house. While on the porch, Snyder fired six shots, the young man entered and was placed under arrest by Gilmore. The policeman neglected to use handcuffs and as they stepped onto the porch, Snyder stepped off the side and ran.

In addition to the name which he assumed at Olean, Snyder is known as Harry McKay and Harry Poulton. He is wanted here on the charge of having forged two checks in December. He escaped before he could be arrested and fled to Baltimore and then to Philadelphia, in both of which cities he is also wanted on forgery charges. He is described by city officials as being a drug addict, and in Philadelphia he passed one of the worthless checks. A treatment that he had received at one of the hospitals.

Snyder was located through telephone messages to relatives in this city for money, and information sent to the chief of police of Olean, N. Y., yesterday, asking that he be placed under arrest.

## THREE INDICTED FOR MURDER

### [Continued from First Page.]

rested Wilson, Lawrence and Martin charging them with the crime. Gales, it is alleged, shot and killed a companion February 20. It is not likely either of these murder cases will be called for trial before the June sessions. The Grand jury returned true bills in twenty-three other cases this morning, ignoring none. Yesterday afternoon charges of assault and battery against Elio Meto Nikolin, were not sustained and the bills were ignored.

Arthur Wynn, this city, charged with stealing a check for \$63 and cashing it, was on trial yesterday.

afternoon and this morning in courtroom 316. Before the trial Judge George Kunkel. It is alleged he took a friend to a room in a hotel and then stole the check and cashed it at 6 o'clock the following morning. Witnesses for the defense declared that at that hour of the morning Wynn was home in bed. A verdict may be returned this afternoon.

Elmer Fox and George Carille, held on serious charges preferred by a 14-year-old girl and her mother, were on trial when court adjourned at 12.30 o'clock.

Nik Dancheff, prosecutor in a larceny suit against Asen Ivanoff, claims he was swindled out of \$1,000 which he had saved, because of Asen's promises and the cleverness of two strangers whom he does not know. According to Nik's story, he had \$1,000 saved in the government postal savings system. Asen had \$500 to his credit and came to Nik, the latter claims, promising that with the aid of a "stranger man" they could buy a store with their money and start in business.

Both drew their funds out, went to a hotel for the night and the two strangers, Nik finally gave up his money and Asen and one of the strangers left the room for a few minutes, Nik declares. When they returned Asen told him everything was all right, and the two then started for their home, taking with them a black handbag. Upon arriving at home Nik says he asked about his money and Asen told him the stranger had it, but admitted that he had kept his own \$500 and had not given it to the other man. Nik then opened the bag and found a few rolls of paper in it with \$1 bills tied around them. The suit against Asen followed. He is being tried in courtroom No. 2 before Judge A. W. Johnson.

Robert Wilson, convicted of at-

tacking and robbing Alimnia Jones taking \$10, was given from two to four years in the penitentiary by Judge Kunkel. Other cases disposed of in the two courtrooms follow: Giovanni Sebastorelli, carrying concealed deadly weapons, four months from February 11; Frank Hoffman, assault and battery, acquitted, costs divided between defendant and his wife, the prosecutor; James Major, larceny, one to two years in penitentiary; Harry L. Bleyman, larceny, convicted.

## BEST WAY TO WASH THE HAIR

We find you can bring out the beauty of your hair to its very best advantage by washing it with Gorgas. It makes a very simple, inexpensive shampoo, which cleanses the hair and scalp thoroughly of all the dandruff, dirt and excess oil, leaving a wonderfully clean, wholesome feeling. After its use you will find that the hair dries quickly and evenly, is never streaked in appearance and is always bright, soft and fluffy; so fluffy, in fact, that it looks more abundant than it is, and so soft that arranging it becomes a pleasure. Just use a teaspoonful of Gorgas, which you can get from any good druggist, dissolve it in a cup of hot water; this makes a full cup of shampoo liquid, enough so it is easy to apply it to all the hair, instead of just the top of the head.

## HARRISBURG MAN A WILSON GUARD

### [Continued from First Page.]

Guard proved escorts befitting the dignity of a chief executive in a foreign land may be judged by the following incident written by Brigadier General William W. Harts, commanding general, of the District of Paris:

"The 250 enlisted men who were on duty as United States guards at the President's residence on the Place de Murat and at the Hotel Crillon from December 26 to February 14 performed this duty in a creditable and fully equipped manner. Their appearance, soldierly bearing and smart performance of duty has been the subject of a great deal of favorable comment. The commanding general of the District of Paris wishes to convey his congratulations and appreciation for the service."

Bingsman was in training for a commission when the armistice was declared. He is a graduate of the Army officers' school and is now a lieutenant for officers. His reward came in the orders to report to Paris to serve as personal bodyguard to the President.

During his stay in Paris he was with the President almost daily at the Hotel Murat, where the President lived, and at the Hotel Crillon, where the peace delegates from the United States were staying. He frequently saw Clemenceau, Georges Clemenceau and the other international figures at the Peace Conference.

Bingsman has the distinction of being one of the first body guards of our soldiers to act as a guard for the chief executive of the United States in a foreign land. He had ample opportunity to see Paris when not on duty. It was as pleasant an assignment as any enlisted man had overseas.

The Presidential Guards were quartered at 11 Boulevard Perier, in the large building assigned to the American War Department. Captain E. F. Hood commanded the unit. When the President sailed from Brest on February 15 his guards came with him on the George Washington. Ten days later the President landed at Boston, but the Presidential Guards first set foot on native soil at Hoboken on Tuesday. From there they went north in New Jersey to Camp Merritt, where they have been held nearly a month now. No other unit has remained at Camp Merritt more than a week after landing. There is a rumor that the Presidential Guards are to be used to stimulate sales in the impending Victory Loan.

**HEAR LINGLESTOWN APPEALS**  
Appeals from property owners in Lower Paxton, East and West Hanover townships, were heard by the county commissioners to-day at a session in Linglestown. The hearing was on Tuesday at Lykens. Because of the time required to consider the complaints of property owners, the county commissioners requested city officials to postpone conferences on further plans for a joint city-county building for a few days. City Council may discuss the project at a meeting after the regular business session.

## TO DRAG RIVER FOR BODIES OF MEN

### [Continued from First Page.]

it on Tuesday night, unless trace is found of them within a short time. No time has been set for the start of the search, but it is believed that men with nets and boats may work late to-day or early to-morrow. The boat was found on an island opposite New Market this afternoon, and that the industry will not fall afoul of any legal obstacles to price agreements, such as the Sherman anti-trust act.

Them's left their respective homes on Tuesday night to cross the river to their work at the Steelton plant of the Bethlehem Steel Company in a light duck boat. The boat was in a storm was blowing at that time and it is believed to be practically certain that the men were overturned and drowned. Several New Cumberland residents to-day remembered that they had heard screams from the direction of the river on Tuesday night, that an engine had crossed the river nearby and was driven then out, and after that nothing further was heard.

To-day it is believed that the heavy wind overturned the light boat and threw the men into the cold, swirling water. Conditions were quite adverse for swimming and are described by rivermen as being such as would tax the strength of expert swimmers. Trimble was considered a good swimmer, but Graham could not swim a stroke.

No alarm was felt by the relatives of the missing men yesterday morning when they failed to return home at the usual time, it being thought that they were merely working overtime. When Graham had appeared until noon, relatives telephoned to the Bethlehem Steel Company where it was learned that neither had appeared for work on the preceding evening. A later investigation showed that the men had not landed their boat at the accustomed place. Graham is about 38 years old and has a wife and seven children. At the time of his disappearance he wore dark trousers, brown coat, soiled army shoes and a heavy storm overcoat. Trimble is described as being about 35 years old, with a wife and five children. He was dressed similarly to Graham. Graham had a rose tattooed on his left arm below the elbow.

**BURNED WHILE AT WORK**  
Joseph Geith, 130 Hoyer street, an employe of the Central Iron and Steel Company, is in the Harrisburg Hospital with severe arm and leg burns. He was working at one of the open hearths when a hot plate fell and came in contact with his clothes, which were somewhat burned before fire-fighters came to his assistance.
