MALTA KNIGHTS ATTEND BANQUET

Four Hundred in Attendance at Annual Dinner of the Order

Four hundred persons were in attendance at the first annual banquet of the Knights of Malta in this territory last night in the Chestnut Street Auditorium. The ceremonies opened at 8 o'clock, when Wilmer Crow, of the Star of America Commandery No. 113, who acted as master of ceremonies and as toastmaster at the banquet later, called for order.

An interesting program was presented by a selected orchestra, and some of the latest musical songs were presented. Mrs. E. H. Hockmerry gave an interesting reading, entitled "The Perfect Tribute." At the conclusion of the entertainment, the members and their guests filed into the banquet room where Caterer S. S. Rutherford had presented a toothsome banquet. Toastmaster Crow introduced the speakers of the evening, as follows: Warren J. Raffensberger, of York, grand commander of Pennsylvania; S. Raymond Snyder, of Chambersburg, grand generalissimo of Pennsylvania; the Rev. Charles S. Miller, of Litzitz, grand prelate of Pennsylvania; John H. Hoffman, grand recorder of Pennsylvania; H. T. Hauser, of Lebanon, architect of Malta homes; Harry M. Askin, of Carlisle, past grand commander of Pennsylvania.

Grand Recorder Hoffman gave some interesting facts in his speech, concerning the Knights of Malta Order of Pennsylvania, which will be laid during the session of the Grand Commandery at Lewistown on May 14. The home is located at Granville, a few miles from Lewistown. Dancing followed the banquet.

Don't Let Soap Spoil Your Hair

When you wash your hair, be careful what you use. Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is just plain mulsified coconut oil, for this is pure and entirely greaseless. It's very cheap and beats the most expensive soaps or anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

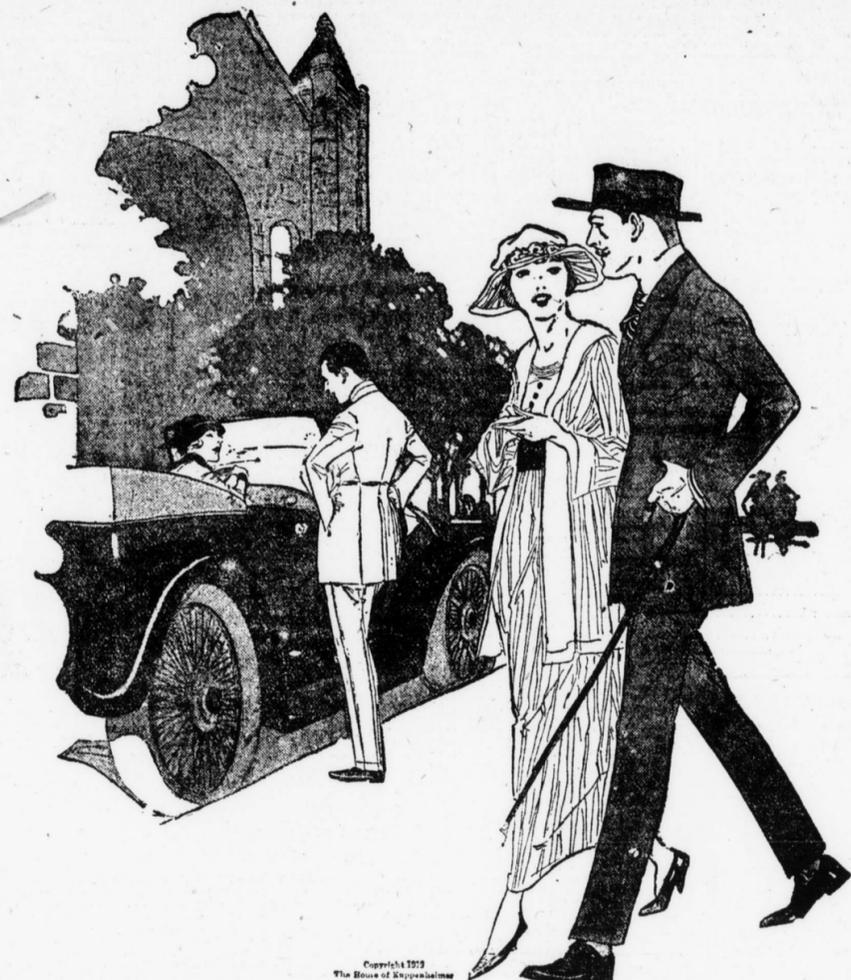

K. OF C. TO ENTERTAIN WOUNDED AMERICANS—Secretary A. G. McLaughlin, of the Knights of Columbus War Activities Camp, is planning to provide much entertainment for injured soldiers to be brought from Carlisle to this city on Saturday. Arriving here, the men will at once be taken to the headquarters in this city, Cathedral Hall, where a hot dinner will be served them. From that time until 5 o'clock an interesting program, including boxing, wrestling and other athletic events, together with musical, will be presented for their entertainment.

HIS TAX SIX CENTS—As an aftermath of the filing of income tax returns last week, the deputy collectors in charge of the work have issued the announcement that the smallest tax paid here was six cents. One man reported that he had earned \$1,001 during the year and he was ordered to pay this amount of tax.

CUT THIS OUT—OLD ENGLISH RECIPE FOR CATARRH, CATARRHAL DEAFNESS, AND HEAD NOISES. If you know of some one who is troubled with Catarrhal Deafness, head noises or ordinary catarrh cut out this formula and hand it to them and you may have been the means of saving some poor sufferer perhaps from total deafness. In England scientists for a long time past have recognized that catarrh is a constitutional disease and necessarily requires constitutional treatment. Sprays, inhalers and nose douches are liable to irritate the delicate air passages and force the disease into the middle ear which frequently means total deafness, or else the disease may be driven down the air passages toward the lungs which is equally as dangerous. The following formula which is used extensively in the damp English climate is a constitutional treatment and should prove especially efficacious to sufferers here who live under more favorable climate conditions. Secure from your druggist 1 ounce of Parmint (Double strength). Take this home and add to it 2 pint of hot water and a little granulated sugar; stir until dissolved. Take one tablespoonful four times a day. This will often bring quick relief from distressing head noises. Clogged nostrils should open, breathing become easy and hearing improve as the inflammation in the eustachian tubes is reduced. Parmint used in this way acts directly upon the blood and mucous surfaces of the system and has a tonic action that helps to obtain the desired results. The preparation is easy to make costs little and is pleasant to take. Every person who has catarrh or head noises or is hard of hearing should give this treatment a trial.
