Strikers Pursue Small Steamer; Beat Crew in Effort to Stop Cruise

Buenos Aires, March 21.—The packing house of La Blanca, among the firms boycotted because it refused in January to grant the demands of striking longshoremen, yesterday attempted to load a trans-Atlantic steamer without employing union stevedores, and sent a small steamer with frozen beef to be loaded on the steamer in the roads. The steamer was pursued by two launches carrying strikers, who boarded the tug, beat the captain and crew, and forced them to abandon their posts and enter the launches. The captain and his men were carried to the shore, where Argentine marines rescued them and arrested the strikers.

Monetary affluence does not always come with early fame. Fortune may travel shortly behind the latter, but at Ethel Barrymore times fame has journeyed far before the greatest success. To-morrow lady has caught up. It is not common knowledge that Miss Barrymore's first ambition was to be a great musician. She began the rudiments of her study at her convent school in Philadelphia and later studied under two of the most famous masters in New York. Only the necessity for money, and her subsequent adoption of the stage as her career, following in the footsteps of her ancestors, interrupted her devotion to the piano. She was about to go to Europe when, at the age of 15, she made her first appearance on the stage in the company of her grandfathers, the dowager Mrs. John Drew, playing a small role in that splendid old artist's production of "The Rivals." In the latter classic Mrs. Drew is considered to have been the greatest of all Mrs. Malaprop's. And this remarkable product, "Arizona" were not in vain, those who heard her play in "Tante," a few seasons ago, and last winter in "The Lady of the Camellias," will enthusiastically bear witness, Miss Barrymore comes to the Orpheum Theater, for two per-

Douglas Fairbanks at Regent

Douglas Fairbanks, the ever popular Artcraft star, scored a big success yesterday at the Regent theater when his latest picture, "Arizona" was presented for the first time in Harrisburg. The picture will also be presented today and tomorrow. The picture is the film story of the famous play of the same name, written by the eminent actor and producer, Augustus Thomas. Of course there was never any doubt but that the play was an ideal vehicle for the screen but with Douglas Fairbanks in the leading role as Lieut. Denton there are no adjectives that fittingly describe the charm of the picture, its thrill, its tremendous suspense, heart interest, dramatic qualities and the crisp but whimsical touches of humor that make it a picture superb and wonderful. A delightful Sennet comedy, "Rip and Stitch, Tailors" is also being shown

performances, to-morrow, in R. C. Carton's new comedy, "The Off Chance."

Salem Tutt Whitney and J. Homer Tutt, together with the colored organization, "The Smarter Set," will be the attraction at the Orpheum, Monday and Tuesday. Each year this organization has made a splendid reputation all over the country, while the two principals are men of high intelligence, who have used their talents with their experience in the show business, to build up a reputation for themselves that are unequalled by entertainers in their particular lines in the colored race. This season they are presenting their latest musical comedy entitled "Darkest Americans," in two acts and eight scenes, and is one of the most interesting plays that has been seen on the American stage.

Announcement of the forthcoming engagement of James K. Hackett, in "The Better Ole," on Saturday, March 29, will be greeted by the thousands of this city with great expectancy. The fame of this unique play, following its New York presentation this fall, has permeated throughout the United States. It is described as "a gem from France in two explosive, seven splinters and a short gas attack," by Captain Bruce Bairnsfather and Captain Arthur Elliot, based upon Captain Bairnsfather's inimitable war cartoons. A dozen or more catchy musical numbers by Herman Darewski and Percival Knight add to the attractiveness and the charm of the production. The comedy will be presented by the "Office Boy," Mrs. Coburn, who are appearing in it at the Court Theater, New York, with enormous success.

Milo? What is it? That is what majestic audiences were asking each other yesterday until that remarkable personality appeared at the Orpheum. Milo? is a favorite of the Orpheum days, recently closed a successful engagement at the Palace Theater, New York. Milo? is a distinct hit on the bill the last half of this week. Another popular number is a farce comedy entitled "The Office Boy," presented by "Eddie" Carr and Company. The act is one laugh from the stage and is cleverly acted. The Puppets offer something unusual in the way of vaudeville entertainment. Hayward and Mayfield, two girls attractively costumed, in a lively singing and dancing act, and Harry Seranton and Ann Seranton, introducing some singing, dancing and wire-walking, complete the bill. Another episode of "The Lure of the Circus."

"Your Stomach Trouble, Mrs. Brown Is Due to Chronic Acidity!" "Your ailment is a very common one, indeed; but for all its commonness it is most distressing, persistent and dangerous if neglected, and yet it may very easily and readily be corrected by the use of a simple remedy procurable at any first-class drug store. "All the prescription I shall give you this morning—all you will ever need for this trouble—is to tell you to take a small dose of tasteless Bisurated Magnesia after each meal; but be sure that you get the Bisurated kind, as the ordinary commercial magnesia in any form will not do. Two or three ounces of powder for tablet form, as you may prefer, will cost but a trifle and likely will bring about a more astonishing and gratifying quick return to sound health and freedom from suffering than you ever hoped for. That is all the prescription you need. You will soon be taking three square meals a day and enjoying everyone of them. Good-bye—and Bisurated Magnesia." Hundreds of thousands of men, women—and even children—would do well to follow the doctor's advice to Mrs. Brown. For it is an admitted fact among medical authorities everywhere that practically all stomach troubles—a full 90% at least—are due entirely to hyper-acidity—excessive development and secretion of acids in the stomach. Sufferers from these distressing afflictions may diet and exercise and "doctor" with such so-called remedies and artificial digestants as pepsin, malt, cathartics, soda, charcoal, etc., etc., from season's end to season's end— Indigestion-Dyspepsia-Stomach Pains-Gas-Sourness, Heartburn, Bloating, Lumpy Heaviness, Nausea, Catarrhal Conditions, Gastritis, Ulcers! Legions of Painful, Disagreeable, Dangerous Stomach Ills Exist Because of Excessive Acid Secretion! We name here a few of the most common and most distressing forms of stomach trouble, caused by chronic acidity. If you, who read these lines, are suffering from acid stomach and its long trail of resultant woes, have tried about every remedy under the sun and without relief, let us suggest again that you follow the doctor's advice to Mrs. Brown and put Bisurated Magnesia to the test. Let us make this prediction—the relief which you will experience will be so great and so immediate that you will consider it your pleasant duty to give the same good advice to every sufferer you meet. It is so easy to know what this simple remedy can do for you—and on the other hand, it means continued suffering and the danger of more serious complications if you go on as you are now. Be done with pain, nausea, bloating, sourness and discomfort! Secure a small quantity of Bisurated Magnesia today in powder or tablet form from any well stocked drug store and forget the meaning of indigestion. But be sure to insist on Bisurated Magnesia—no other kind will do. You will find yourself able to eat almost anything and enjoy it without fear of pain or discomfort to follow.
