

TECH WINS BASKETBALL PENNANT FROM READING; ZYBSZKO TAKES WORLD TITLE

Zybszko Finishes Lewis; Now World Champion

What do you know about that? Our husky Polish friend who gave such a rare exhibition of same wrestling at Chestnut Street last week slammed the stuffings out of "Strangler" Lewis last night at Madison Square Garden, winning the world's championship for heavyweights. It required one hour, 24 minutes, 36 seconds, and the big crowd who saw Wladek Zybszko pummel the Greek, Madras, at Chestnut Street for 41 minutes and then with a short rest, down him again in seven minutes, can realize what energy must have been used last night.

"Strangler" Lewis was as sure of holding the title as any man champion who ever boasted. He thought his head-lock would slowly strangle the agile Pole, but he has another snuff. Zybszko wriggled out of his clutch after Lewis had tried to smother him for one whole minute and then he got the same body hold on Lewis which he put on the Greek here.

As he slowly exerted his tremen-

Says Drinking Companions Held Him Up in Street

Claiming that he had been held up by two white men at Verbeke and Fulton streets about 9 o'clock last night, Eugene Sanders reported to Harrisburg police that he had been robbed of his gold watch, and several trifling articles.

Sanders claims that he was drinking with the men in an uptown saloon for the greater part of the evening and that later they went out for a walk, and when they reached the Verbeke and Fulton corner, one of them struck him over the head with a club. His clothes were badly torn, but he was only slightly bruised. The alleged thug failed to get his pocketbook containing \$15 which was in an inside pocket.

"Babe" Ruth Signs For \$27,000 Salary in Three Years

"Babe" Ruth, pitcher and hard hitting outfielder of the Boston Americans, to-day came to terms here with Harry Frazee, president of the Boston club, and signed a contract for three years. The amount of his salary was not mentioned, but Mr. Frazee announced that both he and Ruth were entirely satisfied. Ruth leaves here to-night to join the other players of the club at their spring training camp at Tampa, Fla. Pitcher Ruth asserted later that he would receive \$27,000 for the three years.

Last night at Chestnut street hall the Technical High school basketball quintet clinched the Central Pennsylvania basketball championship by defeating Reading, runner-up, by a 49 to 32 score. It was a crowd that taxed the capacity of the auditorium, and according to Faculty Director Grubb, 1,500 paid admissions witnessed the struggle. It reminded one of the days when Tech had Central for an opponent.

Tech's victory last night repeats what Tech accomplished last season. After having had poor teams for years the Tech lads suddenly forged to the front and won the 1918 pennant, only to repeat it last night. But one more game remains on the schedule, Steelton at Tech, next Friday night, and even though Steelton should do the almost impossible, and trim Tech, the local aggregation will still lead the league.

To come to last night's game, it was a case of two good teams meeting each other. Reading took desperate chances. They shot from the middle of the floor on more than one occasion, and several times the ball slipped through the basket. The Berks lads knew that it would be hard to penetrate the Tech defense, so they took all kinds of chances and when five minutes was left to play, Tech had a lead of but two points.

At this stage Captain Lingie, Frank and Bihl slipped two-pointers through the net, clinching the game for Tech. The style of play of the two teams was entirely different. Reading's team play was built around Nyquist, who is generally conceded to be one of the best players in the league. With Tech it was a case of having a well-rounded five that worked automatically. Frank, Ebner, Lingie, Bihl, Wilsbach—all had a hand in the scoring.

To pick out one man on the team would not be a fair comparison to the work of the others. Coach Miller sent "Tony" Wilsbach in to center at the start of the game to give the big boy a chance to play in the biggest game of the season. "Wils"

once and tells the ring fans in his own words what to expect. Says Sam: "Everybody is talking about this and it is surely going to appeal to all local fans. Never has the Motive Power gone to so much expense in effort to arrange an all-star, classy show. Many persons here seem to have the impression that the exhibitions are only for those employed by the railroad, but E. William Runk, who is helping to make a success of it, wishes to announce that they are winning this boxing carnival not only for the railroaders but for the Harrisburg public in general."

Sammy Schiff who meets the hard hitting Otto O'Keefe in the windup, is working like a fiend, for he figures he will have to be in excellent condition. Sam always likes to give the best he has and never thinks of stalling when in the ring.

Here's a few words from his training camp to the Sports Editor of the Harrisburg Telegraph: "Just a word to let you know that I am taking the best care of myself and am working hard to get into condition for my fights with Dave Medar and Otto O'Keefe. I am up every morning at 6 o'clock and start for a long jaunt on the road. I am working out every afternoon with good boxers at the Peerless Gymnasium. You can tell the Harrisburg fans that they will see some bout when I clash with Otto O'Keefe. I don't want to take any credit away from Otto, for he is a good shifty boxer. I figure him to be anything but a set up."

DOLPHINS GET TRAINER
The Dolphin Athletic Club announce the election of Corporal W. H. Pearson, to take charge of the training of their athletes. The Dolphins are promoters of the cleanest kind of sports and in Corporal Pearson they should make rapid strides in making their club the strongest in this section.

Corporal Pearson should make an able leader and trainer. He is an all-around athlete. At Hampton College he was a half back on the football team, pitcher on the baseball team and played on the basketball five. He promises the Dolphins the very best that is in him.

At present the club consists of thirty boys and fifteen girls as members. The president is James Brown.

MOTOR NASH TRUCKS

THE unusual interest in the Nash truck line evidenced at this time is perhaps heightened by the knowledge that more trucks, we believe, were built by the Nash Motors Company during the war for military purposes than were produced by any other maker.

The Nash Motors Company built nearly thirteen thousand Nash trucks for military service.

This preference of the Government for Nash products is readily understood upon close inspection of the many superior mechanical features of Nash truck construction.

For example, owners are quick to appreciate the automatic locking differential with which all Nash trucks are equipped. This feature, besides saving fuel and tires, enables Nash trucks to make surer and safer deliveries with no time out because of weather or road conditions.

Reasonably prompt deliveries can be made to immediate buyers.
