Release Russian Red Cross Delegation Imprisoned For Spreading Soviet Doctrine

By Associated Press.

London, March 26.—Dispatches received here touching the progress of events in Hungary give the information that one of the first acts of the new Hungarian government was to release the Russian Red Cross delegation which had been imprisoned in Budapest because it had been circulating Bolshevik propaganda matter.

A dispatch from Berno says that Colonel Vix, head of the French mission in Budapest, has been wounded and taken prisoner by forces of the new Hungarian government. The report, the dispatch says, was received in Prague and transmitted to Berno. The dispatch adds that Major Freeman, of the British army, escaped from Budapest.

According to a dispatch from Budapest to the Vienna Deutsche Volkszeitung, former Premier Alexander Wekerle (who has been reported under arrest at Budapest) is charged with introducing measures for socialization of landed estates in a form enabling him to dispose on favorable terms of his own heavily mortgaged estates.

For Indigestion Take Bi-nesia

Costs Nothing if it Fails

Nearly everybody suffers at times after eating. Many can rarely eat without suffering the most excruciating agony. Some people call this indigestion, some dyspepsia, others gastritis; but no matter what you call it, no matter how many remedies or how many doctors you may have tried—nothing almost invariably relief may be obtained by taking in a little hot water a tablespoonful of a simple neutralizer, such as Bi-nesia. This instantly neutralizes the acid and stops food fermentation, the cause of nine-tenths of all stomach trouble, and thus enables the stomach to proceed with digestion in a painless, normal manner. Care should be taken to insist on getting the genuine Bi-nesia, which, owing to its marvelous properties, is now sold in both powder and tablet form by George A. Gorgas and leading druggists everywhere under a binding guarantee of satisfaction or money back.

THEATERGOERS AID WAR DRIVE

City Subscribers Liberally to Fund For Feeding Returning Soldiers

MRS. WALTER VINCENT

The drive being conducted in the various theaters this week to raise funds for the work of the Stage Women's War Relief, which is feeding thousands of soldiers just back from France, is progressing so splendidly that Mrs. C. Floyd Hopkins, who is in charge of the local campaign, has every hope of being able to announce that the city has once more gone over the top.

The goal which Mrs. Hopkins and her local committee set out to reach was \$12,000. With only two days of the drive completed, the committee last night reported something in excess of \$700.

The slogan of the campaign is: "A dime buys a soldier boy a breakfast, and yesterday afternoon while the collection was being taken at the Majestic, a stranger arose and announced that he had seen 3,000 soldier boys fed the Grand Central Palace in New York where Mrs. Water Vincent and her co-workers among the women of the stage are holding forth their welcome to returning fighters.

Those who were appointed by Mrs. Hopkins as her assistants in the local work are giving up their days and evenings to the collection of this fund, and they find theatergoers in the proper mood to help. This committee consists of Miss Nell M. Clayton, Jr., Misses Caroline and Frances Lindley, Miss Caroline Hahn, Miss Rosemary Boyer, Miss Elizabeth Watts, Mrs. John Hargest, Miss Helen Rinkenbach, Miss Ruby Fry. The young women employes of the various theaters are giving the noble assistance to this committee.

Mrs. Walter Vincent, national chairman of the campaign, and who is in charge of the Stage Women's War Work at the Grand Central Palace in New York, is the wife of Walter Vincent, president of the Wilmer & Vincent Theater Co., which operates extensively in this and other Pennsylvania cities. Mrs. Vincent has been a tireless worker in the interest of the soldiers boys since the war began. She has had charge of a number of hostess houses in New York where soldiers have been fed and entertained. The grandest of these undertakings has been the present one at the Grand Central Palace, where as many as 5,000 soldiers have been fed in one day.

"Copettes" Will Get the "Vampirette"

Newark, N. J., March 26.—Newark's "police" who have been on a still hunt for painted cheeks, on occasion forcibly washing the faces of offenders, yesterday were handed a detailed description of the genus "vampire" and instructed to go out and "get" every "vamp" in the city. The vampires will be photographed and their pictures hung for future reference in America's first "vampire gallery," provided the public safety director finds feasible a plan suggested by Police Judge Boettner. The judge's definition of vampire was as follows: "A woman who flirts on the streets with men. Bleaches her hair, camouflages her face, disguises herself with clothes and gives wrong names."

NAMING NEW CARGO CARRIER NOT EASY

Syllable Jugglers Have Hard Time in Finding Phonetic Appellation; Juniata Finds Favor For Beauty and Meaning

Residents in the Harrisburg district which went over the top in the Fourth Liberty Loan drive, and won the right to name a freighter, have proved themselves adept at juggling syllables from Harrisburg, Pennsylvania, Susquehanna, Juniata, Dauphin and a few other proper names of local interest.

During the last several days persons residing in the district have been urged to send to the Liberty Loan committee names which would be suitable for the freighter, and the collection already on hand is a surprising one. Hundreds of letters have been opened and in many of these the combinations of syllables from the names of counties, rivers and the State furnished opportunities for some unusual word combinations.

Alfretta, after the Indian maiden who inspired the poem about the blue Juniata, is suggested in a number of letters. The name of the name which has the approval of many because John Harris was the founder of this city and was said to have the first ferryboat in this vicinity.

Capitonia, Harrissonian, Wilsonian, Intrepid, Neverfail, U. S. Peace, Peace, Waterloo, Armistice, Victory, York, U. S. Pershing and Queen of the Valley are other names which have been submitted.

One writer suggests Grub-Sirrah. That how Harrisburg looks when you start at the backdoor. The person sending it in calls attention to the fact that if the name is seen from the stern of the boat it will spell Harrisburg. Also one suggests "grub" means food, and "Sirrah" means roach, and the boat will carry food to the Germans with liberty.

MARSHAL FOCH A SIMPLE MAN

Dr. Walsh Tells of Great Military Leader at Lecture to the K. of C.

"Simple, unassuming, human and companionable, a savant, an equable writer, the sort of a soldier the French Academy loves to honor by membership," is the way Dr. James J. Walsh, medical director of the Army Medical School of the University of Pennsylvania, and professor of physiological psychology at Catholic College, New York, described Marshal Foch, speaking before the Knights of Columbus in this city last night in Tech High Auditorium.

Marshal Foch is now recognized by all the world as one of the greatest military leaders of all history. When the unity of command was given him, he was placed over more soldiers in the actual fighting line than had ever been under a single general before," he said. "He will go down in history as probably the most wonderfully gifted general of armies that the world has ever known." Dr. Walsh said, adding, "I know all the theory of war as no one else in our time but his product of it put a climax to all the art of war that the world had ever known."

Marshal Foch's religious spirit was declared by Dr. Walsh to be one of the most surprising things to our generation. Not long ago, he said, Marshal Foch was reported to have said: "I approach the end of my life with the conscience of a faithful servant who reposes in the peace of the Lord. Faith is life eternal, in a God of goodness and compassion, has sustained me in the most trying hours of my life and has enlightened my way."

"It is easy to understand then that when the baton of marshalship was passed to him, Marshal Foch declared to friends that nothing had quite touched him so deeply as this token of honor," Dr. Walsh said. "Here were nearly half a million of lay Catholics like himself," he said, "recognizing the supreme task that he had accomplished for the allies. He knew the work of the soldiers and knew how much it had meant for the maintenance of morals and morale among the soldiers and more than another he appreciated how much the maintenance of morale meant for ultimate victory. The Knights of Columbus as a body has perhaps never had anything that reflected more honor on them than this recognition of the greatest of modern soldiers. He was a true knight in his thorough-going readiness to do and risk everything for the right. They were only sorry that they could not do ever so much more to express their admiration."

Boys Reap Harvest Hauling Baskets of Marketgoers

A score of youngsters who had answered the clarion call to work stood at the Third street entrance of the Broad street market with a score of small wagons this morning, ready to haul home the contents of provender of hundreds of women who were inside making purchases at prices but slightly below the wartime tariff. They formed a lively company as they stood discussing their prospects. "Hey, keep off that basket," said a red-haired, pug-nacious youth, who had been watching a newcomer who had standing in the order of "getting there."

Around the corner of the stone building half a dozen boys were matching eggs. A policeman stood near, watching the group, but he gave no sign of hostility and the game went on until good housewives appeared, picked out their wares and hustled them away on their tasks.

The committee on grounds was authorized to prepare the golf links and other activities are to be resumed just as soon as possible.

The American embassy at Mexico City recently was instructed to request the Mexican government to take all possible steps to rescue Wallace.

HUNGARIAN REDS BLAME REVOLT ON PEACE CONFAB

Declare Action Foreshadows Dismemberment of Old Hungary

By Associated Press

Paris, March 26.—The proclamation of the Hungarian revolutionists declares that the action of the Peace Conference is one of the chief causes of the unrest. Thus far the conference has taken no specific action regarding Hungary, but the recommendations of the commission clearly foreshadow the dismemberment of old Hungary, with a circle of small new states surrounding what remains of the old territory.

This, while not yet approved by the conference, doubtless reached the Hungarian leaders and gave impetus to the overthrow of the Karlyly government. The officials will be taking a chief part in the readjustment of territory in that quarter of Europe, has explained the situation as follows:

Bohemia Has Been Detached From the Northwest of Old Hungary.

The Bohemia has been detached from the northwest of old Hungary. The adjoining country of the Slovaks has also been detached. The Bohemians are Czechs, and with the Slovaks, form the new Czechoslovak nation, both parts being detached from Hungary. The Hungarians form the wedge next to the Slovaks, and this territory has also been taken from Hungary.

Further west the New Jug-Slav state receives that part of old Hungary up to the river Drave. These changes form an almost complete circle of small new states surrounding what remains of the old territory.

Well-Known Musicians Entertain in Hospital

The Harrisburg branch of the Jewish Welfare Board co-operated with the Y. M. C. A., the U. S. General Hospital, at Carlisle, in giving an entertainment last night for the patients at that place. A clear vaudeville sketch by the Ackley-Ley trio, which met with enthusiastic applause. The trio, which consists of Mrs. Florence Ackley, formerly of the Joseph Howard company; Miss Naomi Ackley, of the Eileen Operatic Co., and Elmer Hebbel-Ley, a former member of the cast of "The Girl of the Golden West," is of unusual merit and added greatly to the success of the event.

Mrs. Ley gave the vocal solo, "On the Road to Mandalay," based on Kipling's poem of the same title. Mrs. James G. Sanders, chairman of the community singing movement in this city, led the soldiers in some of their favorite songs.

The Quincy in Port From Genoa, Italy

Philadelphia, March 26.—The steamship Quincy, from Genoa, Italy, docked here yesterday with sixteen soldiers, twenty naval men and two sick officers. Some of the men are members of casual company No. 31, from Alabama, which left Bordeaux, February 3, with forty-five men on the Horwick Hall bound for Newport News. The Horwick Hall put in at Bermuda, February 16 when the returning troops developed mumps. The Quincy, and the Transportation, an army boat from St. Nazaire, France, in distress with engine trouble put in at Bermuda later and took aboard the forty-five men left by the Horwick Hall. The Quincy towed the Transportation to Delaware bay where they arrived early yesterday. There she dropped the ship which is awaiting tugs to tow her to this port.
