Some Improvement

By Associated Press

Pittsburgh, March 27.—Despite the financial predicament of railroads, the railroad administration plans to carry out as much of its improvement program as possible to keep labor employed and roads in repair, Walker D. Himes, director general of railroads, declared in an address last night before the Pittsburgh Traffic Club. He asked, for a more adequate understanding on the part of the public of problems facing the railroads during the war and in the immediate future, and presented suggestions for operating roads privately under the public regulation as a permanent solution of the problem.

Referring to the improvement program, Mr. Hines said:

"Unfortunately the impression has gone out that the railroad administration has decided to cut off all improvement work, including additions and betterments and maintenance. This is not a fact. What has happened, is that we are taking steps to give the railroad corporations full opportunity to determine whether they should assent to the work which

Upon Trustees of

Boston, March 27.—Litigation has been started in the Massachusetts Supreme Court in an effort to determine which of two sets of trustees appointed by the late Mrs. Mary Baker G. Eddy, has authority over the Christian Science Publishing Society. On petition of the trustees of the society the court has issued a temporary injunction restraining the directors of the First Church of Christ Scientist, from taking any action intended to interfere with the trustees in the discharge of their duties and from attempting to compel any of the trustees to resign.

The trustees of the Society, appointed by Mrs. Eddy in 1898, are Herbert W. Eustace, of Boston: David B. Ogden, of Brookline, and Lamont Rowlands, of Picayune, Mass. The directors of the church, who also are trustees under deeds executed by Mrs. Eddy in 1892 and 1903, are Adam H. Dickey, James A. Neal and Edward A. Merritt, all of Brookline, and William R. Rathvon, of Boston. Joined with them as defendants are John V. Dittemore and Annie M. Knott, both of Boston, each claiming to hold office as trustee and directors with the other defendants.

WANT DEFINITE ADDRESSES

Because of the complications arising from soldiers homecoming, it is suggested by the Post Office Department in a statement just issued that in the case of soldiers who have been ordered to remain in France while the rest of the unit returns to America, in addressing mail to them the envelopes of letters and wrappers of packages be marked: "Please forward. Addressee still in France." It is explained that in many cases returning units, leave certain members in France to care for property and adjust accounts. The mail for these soldiers should be addressed as
