Income Tax Methods May Be Applied to Reports From Residents

The committee presented the standpoint of the counties, especially the possible effect of improvements, which the Governor admitted afterwards, "came close to me" because of the plans of various counties to issue bonds for road construction. The Governor invited the men present to draft a bill which would enable closer collections of the personal property tax to be made.

The idea of the Dawson bill is to have the State and counties share alike in the income raised and the Governor is not inclined toward the present system which makes it acounty proposition solely. He referred to the efforts being made by the State to get a faæ return of personal property when the law was changed and intimated that if anything is done steps must be taken to insure equitable and complete returns on which to base the collection. This he said would enable the counties to obtain more and the State likewise.

Philadelphia, was also brought out, would be affected materially in its borrowing capacity. The delegation included besides Mr. Gumbert, County Commissioner D. F. Magee, Lancaster; R. A. ALL LOUD IN THEIR PRAISE OF "NEUTRONE PRESCRIPTION 99"

A working man buying a bottle of "Neutrone Prescription 99" was asked how it was helping him.
"Helping me", he replied. "Why, there is nothing on earth like it. You don't know how my poor swollen, stiff joints and muscles pained and burned. I was nearly crazy with suffering and the worry of losing so much time and pay. "Before I knew about. Neutrone Prescription 99' I tried all kinds of tablets and liniments, but one bottle of Neutrone Prescription 99' helped me so much that I am never without it now, all pain and swelling is gone and I feel like doing things".
"Neutrone Prescription 99' certainly must be a wonder", the druggist replied. "We have never handled anything we it, they all say the same", 50c ar \$1.00 the bottle.

After the county officials left the Governor they discussed a bill that would apply income tax report methods to the returns of personl property as a means of getting for counties what they would lose through all of the personal property as a means of getting for counties what they would lose through all of the personal property at a going to the State. They argued that if Uncle Sam can make every person render an exact account of income the same can be done by the Commonwealth and that if the federal government can force a man or woman to make a return of Liberty bonds owned and the issues and years set forth there is nothing to prevent the State from doing the same thing with its fesidents in regard to all the bonds and stocks and mortgages and other items of personalty that they possess. A delegation of half a hundred men from Chambersburg and Franklin county townships north of Chambersburg discussed the situation regarding roads in that county. The visit was arranged by Chambersburg Chamber of Commerce and Motor Club. The delegation declared that it would endeavor to impress upon the Board of County Commissioners the necessity for immediate road construction.
