HEROES OF 28TH DIVISION TO PASS IN GREAT REVIEW

All Pennsylvania to Pay Honor to Veterans of Mighty and Victorious Battles TO LAND LATE IN MAY Former Guardsmen to Be Mustered Out of Service From Camp Dix

The famous, fighting Twenty-eighth, sons of proud Pennsylvanians who won for their organization the name of Iron Division, will parade in Philadelphia probably late in May. It will be Pennsylvania's proudest day and arrangements are being made to accommodate a million people to view the great pageant.

Included in this division are hundreds of boys from Harrisburg and vicinity, many of them members of the 112th Regiment, who will be in line, and it is certain that many relatives and friends of the boys will make the trip to Philadelphia to see the Keystone unit march.

The occasion will be the first and only chance the State will have to honor the magnificent old N. G. P. and plans are being made to take care of hundreds of thousands of visitors in Philadelphia. Mothers, wives, fathers and children of the famous fighters together with the plain home folk whose names were with the division in the grueling battles of the war will have the opportunity to cheer the men who made the name of Pennsylvania ring throughout France.

Three regiments of the division will be brought to the Philadelphia docks, permission being given by other units will disembark in New York.

Go to Camp Dix The soldiers will be taken to Camp Dix at once from both ports as fast as they leave ship and after passing through sanitary measures will return to Philadelphia for the big parade and reception which will be accorded them.

When the parade is held in Broad street, Philadelphia, the men who will march will be the original members of the Keystone Division except those who are being transferred to other units who are being transferred to other units who are being transferred to other units.

Search for Casuals Efforts will be made by State officials to locate every original member of the Keystone Division, including those brought back to be demobilized so that no one will be omitted in the parade. Replacements of men from other States will be given the option of marching in the parade or going home directly from Camp Dix just before the event. No man who ever fought with the Iron Division will miss an opportunity to march.

Meetings of relief organizations of the State will be held next Wednesday when additional plans for the reception will be discussed. Already many residents of the city are arranging to visit Philadelphia on the day of the parade to join in the history making welcome which will be given the returning heroes.

Military Men Meet Big Four in Peace Conference

Paris, March 28.—The council of four yesterday afternoon called in Marshal Foch and General Wilson, Pershing and Diaz. It is presumed that the military leaders were desired for a consideration of the situation in the near east.

HERE'S A GOOD ONE IF THE REPORTER GOT THE FACTS

Secret of Near-Perpetual Motion Is Found by Hotel Steward Whose Memory Fails Him at the Wrong Time

L. H. Vanderslice, steward of the Penn-Harris Hotel, to-day believes he has discovered the principle near-perpetual motion. His rule is simple. "Buy a new automobile, get in and start off," he says. Here's why as explained to a reporter who admits he knows nothing of the mechanics of automobile engines: The steward purchased a new car recently. Yesterday afternoon he started on his first trip, bowling up Front street and on to Exroide Drive. When he reached a spot near Front and Lewis streets he decided he'd turn around, but couldn't remember how to stop. Naturally he was compelled to go on and finally

INSANE MAN DIES OF EXPOSURE IN MIDDLE OF STORM

Body of Negro Who Escaped From Asylum Is Found Near Wildwood

The body of Edward Glover, aged 30 years, was found in a creek near Wildwood Park this afternoon. Glover was an inmate of the Pennsylvania State Lunatic Hospital and had escaped last night. It is believed death was due to exposure.

Glover, who was colored, is said to come from Virginia. He was admitted March 11. He escaped from the hospital last night and in some way tramped through the storm to Wildwood Park where he was found. He was fully clad.

Authorities do not believe the death was due to drowning and attribute it to exposure and exhaustion. Coroner Eckinger was investigating the case this afternoon.

Fruit Trees Not Injured by Freezing Temperature

Fruit trees and crops are not believed to have been harmed by last night's cold weather. Farm Agent H. G. Niesley said to-day. The freezing temperature was not of sufficient duration he says, adding that if the weather again warms up, no harm will have been occasioned.

MAY ORGANIZE UNION Delegates of the Amalgamated Association of Iron, Steel and Tin Workers have called a meeting to be held in the Board of Trade building on Saturday evening at 7 o'clock at which time a branch of the organization may be formed to include employees of the big local plants.

MARCH MADNESS

New York, March 28.—New York experienced a somewhat topsy-turvy early morning to-day, due to a heavy wind, blinding snow and frozen sidewalks and streets. Cars collided with each other or with automobiles, signs and fences were blown down and trees uprooted, pedestrians were knocked over by trolley or motor cars or by mail trucks, one woman was blown into the East river, but was rescued, a frozen rail caused a short circuit which set fire to an elevated train and the rush hour traffic generally was hampered. A dozen persons were injured, several being removed to hospitals.

RAIL STRIKE IN VIENNA AFFECTS FOOD DELIVERY

Uprising Due to Demand For Higher Pay and Sympathy With Reds

Vienna, March 28.—A railroad strike has been called and threatens to spread to all the roads in this country. The strike was called partly for higher wages and partly because of sympathy with the Hungarian revolution. It is feared it may lead to the establishment of a Soviet republic in German Austria.

The trouble began on Wednesday night when men employed by the Southern Railroad walked out. All traffic over this road is at a complete standstill, even allied food trains from Trieste being stopped. As a result of this interruption of transportation of supplies, Vienna is threatened with famine. The situation is considered extremely grave.

THE WEATHER

For Harrisburg and vicinity: Fair, continued cold to-night, with lowest temperature about 28 degrees; Saturday fair and warmer. For Eastern Pennsylvania: Fair to-night and Saturday, freezing temperature to-night, rising temperature Saturday; north-west gales diminishing to-night. River The Juniata and the upper portions of the North and West branches will fall to-night and Saturday; the lower portions of the North and West branches will rise to-night and begin to fall Saturday or Saturday night. The main river will rise slowly. A stage of about 6.1 feet is indicated for Harrisburg Saturday morning.

MAYOR CALLS ON CITY TO TURN ITS CLOCKS FORWARD

Bells and Whistles to Sound Signal at Ten O'clock Tomorrow Night

Mayor Daniel L. Keister in a proclamation issued this morning called upon people of the city to turn their clocks ahead an hour when the clock strikes ten to-morrow night, and thus to put the daylight savings law into effect. He also called upon the owners of industrial plants of the city to have the whistles sounded at 10 o'clock to-morrow night as a reminder to the citizens.

The text of the proclamation signed by the mayor follows: "Whereas, the new daylight savings plan inaugurated and so successfully put into operation last summer is to be continued and the change of time is to be put into effect Saturday, March 29, 1919; and whereas, some confusion may be caused on the part of the public unless all co-operate to make the system a success, I suggest that at 10 o'clock Saturday evening everyone turn their clocks and watches to 11 o'clock.

"Therefore, I, as mayor of the City of Harrisburg call upon all owners of industrial plants in the city to sound the whistles on their plants at 10 o'clock Saturday night so that the public may be reminded of the change in time."

EATS AT PENN-HARRIS

For refusing to pay for a hearty meal which he ordered at the Penn-Harris last evening, a man giving his name as Adam U. Devaney is in the hands of Harrisburg police. He will be given a hearing in police court during the afternoon.

MARCH WINDING UP WITH A RIP-SNORTING FINALE

Howling Spring Winds Play Havoc With Loose Real Estate and Milady's Unfastened Finery

Just when everybody who is anybody at all was felicitating March for good behavior and exceeding gentleness she rips over the weather traces for a good, old-fashioned proverbial finish, tears about during the hours of night, plays havoc with loose real estate and milady's unfastened finery and settles down for a rip-snorting finale. People who came down to work yesterday did so with perfect confidence in March's resolves to keep up giving spring a jubilant start. Therefore, many of them didn't think to carry wraps and not a few there were who left their umbrellas at home. As the day wore on a few mild-tempered souls looked about them, sniffer the air and began filling themselves with misgivings as to March's loyalty to her 1919 promises.

STEEL PLANT NOT TO CLOSE DOWN, AS RUMOR SAYS

Local Bethlehem Officials Say Persistent Reports Are But Gossip

MANY MEN ARE LAID OFF Big War Organization Rapidly Being Put Back to Peace Basis

The rumors that the Steelton plant of the Bethlehem Steel Company will be closed indefinitely on April 1, and the one that said it, together with other branches of the steel corporation, would close down for two weeks, which have persisted in and about Harrisburg and Steelton within the past several weeks, were today declared by officials at the Steelton establishment to be nothing but idle gossip.

The plant is now operating at considerably less speed than it had been as a consequence of the lull in the iron and steel business. Fully 1,000 less employees are in the active service at the Steelton plant than there were during the war.

6,200 In Plant The number of employees now engaged in active work at this time is said by officials to be approximately 6,200. Most of these are working shorter hours than had prevailed during the war when practically every wheel in the establishment was running night and day. The plan of shortening the hours was selected as the most desirable that employment might be given to a greater number of men. Practically every man and woman in the establishment now has an eight-hour work day.

The retrenchment is especially noticed among the blast furnaces. There but two of the seven furnaces are in operation at this time. One of the fires was banked last week. It is believed that these two will be kept in operation during the entire dull period.

It was said to-day that all the assistant plant superintendents and several of the superintendents have been laid off along with quite a number of office men.

International Labor Meet Planned For Washington

London, March 28.—The first international labor conference to take place in Washington in October will be attended by about two hundred representatives of labor and employers, along with experts, according to the Paris correspondent of the Daily News.

George Nicol Barnes, of the British cabinet and one of the most prominent labor leaders, says that the British draft has been accepted with modifications. The report had been drawn up without the enforcement of the Supreme War Council, but Mr. Barnes expressed himself as sanguine that this would be obtained.

CITY WILLING TO TAKE ADVICE OF STATE OFFICIALS

Vote to Transfer Bridge Fund May Wait Until November

Unless City Council receives a communication from State officials urging a special election to have the voters approve issuing \$500,000 worth of bonds as the city's share of the cost of the new bridge at State street, instead of a city bridge at Walnut street, for which the bond issue was originally voted, it is not believed that the question will be submitted until the general election in November.

Yesterday Governor Sprout signed the bill which will permit Harrisburg and other third class cities, to call

LENINE URGES HUNGARIANS TO HURL RED ARMY ON AUSTRIA'S CAPITAL, PROMISING THE CASH

Yanks Halt Red Uprising Former Premier Is Free With Other Ousted Chiefs CALL FOR ARMY GETS RESPONSE

London, Mar. 28.—Action by American troops looking after Russian prisoners in Germany is believed to have nipped in the bud an important Bolshevik plot, according to an Exchange Telegraph dispatch from Berlin, dated Thursday. The Spartacists in Spandau, the message states, had planned a big rising for Thursday, intending to arm several thousand Russians from the Ruhleben camp. The Americans, however, rushed the Russians on board trains Wednesday night and scattered them under the Americans throughout Germany. The Spartacists, the dispatch adds, had intended to spring their revolt as a means of backing up the Hungarians in their Bolshevik move.

WORLD'S MAKERS OF PEACE MOVE SWIFTLY

Signing of Preliminary Pact by April 20 Is Hope Expressed in Conference Circles in Paris; Leaders Summoned to Council; Draft of League Covenant Is Ready

Paris, Mar. 28.—Peace is making progress with a stride that a fortnight ago was regarded as impracticable in view of the numerous problems that necessarily had to be solved by the various commissions working separately for the promulgation of a world treaty to meet the situation. It was the hope in Peace Conference circles last night that the preliminary treaty might be signed by April 20.

Labor to Have Voice The membership of the states in the executive council of the League of Nations, Reuter's Limited says it understands, will be increased from two to three, the third member probably being a labor representative. Council of Leaders Called A council of the foreign ministers and foreign secretaries of Great Britain, the United States, France and Italy has been created to work simultaneously with the premiers and President Wilson, but no different branches of the great technical questions involved in the peace settlement.

Council of Four Meets To-day's Paris newspapers in discussing yesterday's session of the council of four declare that extremely important problems directly connected with Germany's future boundaries were discussed by the council in an excellent spirit of understanding. The Petit Parisien says it understands important results were achieved. According to the Matin the territorial questions involved and the problem of protecting France adequately have been satisfactorily solved, although by means not foreseen in discussions of the problem outside the conference.

Huns to Pay Yearly As to the financial problems, the adopted provides for the payment by Germany of yearly instalments on the indemnity, of which France would receive a portion sufficient to lighten the burden of her budget. Amendment Rejected It was reported last night that the amendment to the League of Nations covenant urged by Leon Bourgeois, providing for a permanent military

COMMERCE BODY OPENS DRIVE FOR BIG MEMBERSHIP

Four Hundred Desirable Prospects to Be Interviewed by Committee

An aggressive campaign for new members for the Harrisburg Chamber of Commerce began this morning, and will continue until Thursday noon of next week, when the members of the membership committee, who are conducting the campaign, will announce results at a luncheon meeting. The committee has been working on plans for the membership drive since its appointment at the beginning of the year, and has compiled a list of more than 400 desirable prospects, whom the workers are now attempting to secure as members of the Chamber of Commerce.

Each worker was given a quota of the eligible prospects at a meeting of the committee in the Harrisburg Club last evening, and they will be called upon between now and Thursday. The committee has secured seventy-five new members since the beginning of the year, and hopes to boost the membership to one thousand or more by the end of the year. Besides Favel L.
