

Vrooman Vindicated of Charges Made in Hughes Aircraft Report

Washington, April 3.—Lieutenant S. B. Vrooman, charged in the Hughes

aircraft investigation report with violation of the statute prohibiting persons acting for the Government from transacting business with a corporation in which they are interested, was vindicated of the charge yesterday by Attorney General Palmer. Testimony taken since the publica-

tion of the report, said the attorney general's announcement, showed that all lumber for airplane propellers purchased by the Government from the S. B. Vrooman Company of Philadelphia, in which Lieutenant Vrooman was financially interested, was inspected by agents of the National Hardwood Lumber Association and

not by the officer or officers appointed by him. This information, the attorney general held, constituted a complete vindication of the officer.

Foil Plot To Force Anthracite Strike

Wilkes-Barre, Pa., April 3.—Arrests

by county and railroad detectives of eleven men at Mocaqua late Tuesday night is believed to have happened in the bid a plot to force a general strike in the anthracite mines and the resort to sabotage, if necessary, to enforce demands.

The arrests followed an attempt to derail a work train carrying 150 employees of the West End Coal Company at Mocaqua. At a hearing yesterday before Alderman Frank B. Brown in this city, all were committed in default of \$1,000 bail each.

All of the defendants have been in the country from eight to thirteen years but none are citizens. It developed at the hearing that a secret organization of nearly one hundred has been actively spreading its propaganda in the Wyoming and Lackawanna valleys. Secret meetings have been held in mines and house to house canvasses made in mining

towns for the purpose of enrolling new members. District Attorney Slattery is directing the work of running down the agitators and arrests will continue until they are out of Luzerne county. Use McNeil's Pain Exterminator—Ad
