

GENERAL MILES SAYS CONGRESS MUST CURB RED

Believes Soldier Will Efface Long-Haired Men and Short-Haired Women

Washington, April 3.—Drastic action by Congress to check the alarming spread of Bolshevism in this country was urged by Lieutenant General Nelson A. Miles, retired, in an address here last night before the League of Women Voters.

The speaker declared the safety of the nation depended upon quick and effective action and unless steps were taken to prevent the spread of "red peril" the country soon would be in the throes of revolution and anarchy. Congress, he said, should prohibit the kind of "free speech" that broaches treason and that kind of personal liberty which means the destruction of law and order.

General Miles expressed the opinion, however, that the vast army of American soldiers who went overseas would help check to a large extent the attempt to spread Bolshevism in this country and thus bring about fifteen million being overthrown by "long-haired men and short-haired women."

ARM BROKEN AT MINE

James Hoffman, of Lykens, an Employee of the Susquehanna Coal Company, With a Fractured Right Arm, Suffered When He Fell from a Timber Car. He Was Admitted Last Evening

James Hoffman, of Lykens, an employee of the Susquehanna Coal Company, with a fractured right arm, suffered when he fell from a timber car. He was admitted last evening.

Don't Worry About Your Kidneys and Rheumatism.

Nu Vim Will Take Care of Them

How often people complain of pains in the regions of the kidneys, or shooting pains up and down their legs and arms; system full of uratic poison, urine full of albumin. No wonder System full of poison. Get rid of it. Nu Vim, the greatest kidney medicine ever used, cleans out all impure matter. As sure to clean the system as a heavy rain cleans the sewers.

SEBORRHEA IS KILLING HAIR

Everyone knows that the men and women of America are losing their hair. The prevalence of seborrhea (the dandruff disease) is appalling. But just as science proved that dandruff was due to bacilli, science now offers the remedy.

It is F.A.M.O.

F.A.M.O. destroys the dandruff bacilli and stops the seborrhean excretion. It stops all itching of the scalp.

It penetrates the scalp and unless the hair roots are entirely dead, it encourages and stimulates the growth of new hair.

The ingredients of F.A.M.O. have never before been used in the treatment of the scalp. But they are well known to medical science.

Three years were spent in perfecting F.A.M.O. in one of the great pharmaceutical laboratories of Detroit.

F.A.M.O. makes the hair and scalp healthy. It nourishes the hair in a wonderful way and makes it lustrous and fluffy.

F.A.M.O. comes in two sizes—35 cents and a big bottle at \$1. Your money back if you are not satisfied.

Seborrhea is the medical name for a condition which causes the scalp to excrete a sticky substance known as dandruff.

Recruiting Officers Open Several Branch Offices

Three stations of the Harrisburg recruiting district have been opened within the past several days and the recruiting officers are ready to work there. Other stations will be opened as soon as the necessary authority is received from the War Department.

The York, Lancaster and Allentown stations are the ones that have been opened thus far. Sergeant John W. Washaw is in charge at York; Sergeant Ernest A. Perry, at Lancaster, and Sergeant Ernest A. Perry, at Allentown. Additional men are being added daily and these will be distributed in the other stations as they are opened.

Lieutenant Charles M. Hutchins, Coast Artillery Corps, now located at Fort Monroe, Va., has been ordered by the War Department to report for work with the recruiting party of this city. He will have charge of the recruiting party at York.

Charges of soldiers who desire to send to Washington for the sixty-dollar bonus and of the publicity given in an advertisement will act as a general assistant.

Your Patronage Will Be Appreciated

Brotherhood's Relief & Compensation Fund, Inc.

ALLIED FORCES IN RUSSIA HOLD LINE AGAINST THE REDS

Prisoners Taken From Bolshevnik Ranks Says Soviet Fighters Are Demoralized; Entente Troops Fight Bravely

By Associated Press.

Archangel, April 3.—Repeated Bolshevnik attacks along the front line and both the right and left flank positions controlling Odozerskaia, were repulsed yesterday by Allied forces.

The Americans, French, British and Russians who, either separately or together, are holding positions throughout this territory, which is a little over one hundred miles south of Archangel, have everywhere held their lines intact.

The Bolshevniks, in spite of their heavy losses yesterday, attacked the railroad front south of Odozerskaia at 10 o'clock yesterday morning but they failed. Allied forces east of Bolshoa Ozer, where Americans, Russians and British are fighting, were under attack all day yesterday at a point about fifteen miles west of Odozerskaia. Four separate assaults were made there again early yesterday morning.

All broke down under Allied fire. According to Bolshevnik reports, the enemy is somewhat demoralized because of his heavy losses during the past two days.

In the Seletzko sector, forty miles east of Odozerskaia, the Allied advance posts were attacked by a strong enemy patrol, but the Bolshevniks were driven back by machine gun fire, losing two killed and a number of wounded. Seletzko protects the Allied flank along the Odozerskaia front and the right flank of the Allied river front positions.

On the Onega river, west of Bolshoa Ozer, the enemy shelled the village of Kleshevo, which is held by the Allied troops. In this territory enemy outposts were driven back at Piluk, and the Allies captured two prisoners.

The Allied troops are tired and outnumbered, but are fighting a stubborn defensive battle in the snow, which is rapidly showing signs of melting and the weather is improving. The days now are longer than the nights in this region.

CHAIRMAN PEEK IS REBUKED BY TREASURY HEAD

Secretary Glass Says Entire Price Policy of Government Has Been Reopened

By Associated Press.

Washington, April 3.—The entire policy of the government in undertaking to revise and stabilize prices through the industrial board of the Department of Commerce has been reopened as the result of the conference yesterday over the refusal of the railroad administration to accept a new scale of steel prices arranged by the board.

Secretary Glass, who presided over the conference of cabinet members and heads of government purchasing agencies at the industrial board, held in his office, said today Chairman Peek of the board had acted without authority in amending the agreement which was instrumental in making it appear that only the dispute with the railroad administration had been recommitted.

Conference's Intention

It was the intention of the conference, Mr. Glass said, to recommend the entire matter of price agreements for further consideration.

Officials who were instrumental in organizing the industrial board said there never had been any intention of forcing government agencies to buy at agreed prices, and that it would be necessary for the board to change its course.

156 SOLDIERS OF ARMY HOSPITAL ARE ENTERTAINED

Kiwanis Club Brings Wounded Men Here For Luncheon and Outing

Forty automobiles and twice as many Kiwanians transported 156 soldiers from the Carlisle Military Hospital to Harrisburg today where they were the guests of the Kiwanis Club of Harrisburg at a luncheon in the Penn-Harris Hotel and a theater party at the Majestic theater. The soldiers were in charge of Captain Nicholas Schilleto, of the 10th Cavalry, and Market Square at 10 o'clock this morning. Arriving in Carlisle at 11 o'clock, the soldiers were brought back to Harrisburg and entertained at the luncheon by Charles H. Schmidt, chairman of the entertainment committee, who was in charge of the program. Following the luncheon they were taken to the Majestic where they enjoyed a good vaudeville show. Late this afternoon they will be returned to the hospital.

Recruiting Officers Open Several Branch Offices

Three stations of the Harrisburg recruiting district have been opened within the past several days and the recruiting officers are ready to work there. Other stations will be opened as soon as the necessary authority is received from the War Department.

The York, Lancaster and Allentown stations are the ones that have been opened thus far. Sergeant John W. Washaw is in charge at York; Sergeant Ernest A. Perry, at Lancaster, and Sergeant Ernest A. Perry, at Allentown. Additional men are being added daily and these will be distributed in the other stations as they are opened.

Charges of soldiers who desire to send to Washington for the sixty-dollar bonus and of the publicity given in an advertisement will act as a general assistant.

Sixty Americans Hurt in Gasoline Blast in Belgium

Brussels, April 3.—Two hundred persons were injured, including sixty Americans, in a gas explosion in Belgium yesterday. The explosion occurred in a gas station at Echtermach Tuesday. Fifteen of the injured are in a serious condition.

An American automobile stopped in the open to take on gas. The engine caught fire and spread to the gas tank, which exploded, scattering gas and flames. Most of those burned were spectators who had gathered to watch the fire.

BUTCHERS, DRILLERS AND TURNERS ARE DENTISTS

Even Some Munition Workers Have Turned to Profession Throughout England

London, April 3.—Butchers, drillers and turners are practicing dentistry in England. The only restriction, aside from possible damage suits, is that the "operator" does not call himself a "dentist" or "dental practitioner." It is unnecessary to register and anyone may start in the business.

In connection with its resultant health injuries has long been discussed in medical organizations without remedy but at last it has been investigated by a governmental commission. The dental system is criticized and the many American dentists in London are hopeful that Parliament will standardize the practice and increase the use of medicine and dentistry as a profession. There is no such recognition now.

Some of the American dentists in London enjoy an exclusive clientele but the reputation of the United States for good dentistry has been seized upon by unqualified persons in their flamboyant advertisements. They may do advertise "American dentistry" and escape the technicalities of the law by not using the word "dentist."

The dental department committee of the dentists act shows how the "operators" work. One had twenty canvassers, some of whom carried out the work. The other had one "operator" at the home of the victim. Another made a specialty of correcting the front teeth of young women—usually munition workers with newly-found wealth. The system was to extract or saw off the objectionable teeth and fit new ones.

Large profits were had there and a constant flow of recruits to the number of licensed dentists has not increased in years.

Prohibition of the practice of dentistry by persons not qualified to establish of a public dental service.

Increased grants to dental schools. Provision for dental treatment for expectant mothers and children under five.

Adequate system of school dental treatment.

PERSHING TOLD TO SEND YANKS HOME SPEEDILY

American Commander Sent Word Concerning Organization of 50,000 Volunteers

By Associated Press.

Washington, April 3.—In formally advising General Pershing that 50,000 volunteers are being enlisted here to replace an equal number of men in his army who want to come home, the War Department has directed the commander-in-chief to return promptly for discharge selected meritorious cases as he receives these volunteer replacements.

The War Department's cablegram, made public today follows:

"We are now enlisting for three years 50,000 volunteers as follows: 25,000 infantry, 15,000 field artillery, 5,000 engineers, 3,000 medical department, 2,000 cavalry. These will be sent you in detachments of 1,000 for assignments to the army of occupation."

Upon arrival of each detachment, return to the United States for discharge an equal number of men enlisted or drafted for military service, selecting meritorious cases, preferably those who fall under circular 77, war department 1918, and those with Class A and Class B allowances.

Circular 77, provides for the discharge of a man upon his application where there is sickness or other disability. The man must be in the occupation from which he went in civil life into the army. The allotment of men to military units in the cablegram cover the men who are making the largest provision for their salaries for the support of dependents at home.

The 50,000 volunteers are to be assembled in provisional companies at Camp Meade, Maryland, in preparation for going overseas.

Many to Hear Noted Explorer to Speak Before Commerce Chamber Lunch

Members of the Harrisburg Chamber of Commerce are losing no time making their reservations for the luncheon meeting to be held in the ballroom of the Penn-Harris Hotel at noon to-morrow, when L. O. Armstrong, Canadian lecturer and explorer, will deliver his address on "Democracy, Autocracy and Bolshevism."

Mr. Armstrong is well-known as an able speaker who has a forceful message to deliver. He has been in great demand during the war when he traveled over the south and east of the United States, lecturing in the interest of the American Red Cross.

His experience with large bodies of men, as a planner and builder of numerous Canadian towns, has given him an insight into their problems and contentions. He has an intimate knowledge of Bolshevism as it has appeared in this part of the world. Through his close study of the new doctrine in Russia and other countries where the insidious doctrines of Lenin and Trotsky hold sway, he is qualified to describe the effects of this new doctrine.

Through his insight into the subject, his services were called into use by the Bureau of Public Instruction at Washington, where he formed the services of an attendant upon the cessation of hostilities, demonstrated the need of enlightened educational means to combat it.

Chamber of Commerce cooperated with the Bureau of Public Instruction in its campaign for education as a preventative of Bolshevism in this country. The noted speaker was secured to deliver his address here.

Reservations must be made before 9 o'clock to-morrow morning. They are being taken at the Chamber of Commerce offices this morning. Reservations will not be held after 12:15 o'clock.

Governor Going Away For Two Weeks

Governor William C. Sprull will leave Harrisburg to-morrow night for a two week tour of the Potomac region, Va., although it has not been finally determined.

The governor is still confined to his room at the executive mansion and all engagements for the next three weeks have been cancelled.

Chief Justice Wilhelm, of the State department, who has been engaged in the military intelligence division of the army in the Potomac region, was today returned to State service and resumed command of the Pottsville troops.

Major Lees, Plymouth, was today appointed first lieutenant in the Reserve Militia and assigned to company G, Second Infantry.

Complaint that a meter of the Manufacturers Light and Heat company, of Pittsburgh, was not being used in the "public Service Commission" today by Fred H. Brigham, who acts as his own attorney in the case.

The Public Service Commission today issued an order for the State Highway department to be requested to the open to the on the heavy blaze in the woods east of Pine street. Some time was required to extinguish the flames.

Kentucky Judge Holds War Legally at an End

Louisville, Ky., April 3.—In line with an opinion rendered from the bench on March 24, Federal Judge Walter Evans today handed down a decision finding that the war in Europe legally is at an end and that a plea of military necessity in violation of war-time military regulations after the armistice was fired has standing in court.

The Citizens and West Side Fire Companies yesterday afternoon were in the open to take on gas. The engine caught fire and spread to the gas tank, which exploded, scattering gas and flames. Most of those burned were spectators who had gathered to watch the fire.

WINTER OVER? NOT UNTIL WE WADE IN THE HOPSNOW

Rummage Sale to Benefit by Strange Bet When "Tang in the Air" Starts Something in the Line of Arguments

As the result of a strange bet made this morning the Rummage Sale next week will not be held until the "hop snow" has melted.

Harry Genster, the tonsorialist, says there will be no snow.

But Ross Seaman, the city clerk, says that a "hop snow" is bound to come—just as bound to come as the Fourth of July.

Seaman and Genster met this morning and passed the time of day.

"Looks like winter's over," said Genster.

"No, no," said Seaman. "There's a tang in the air that tells me the 'hop snow' is still to come."

Genster, who is a "hop snow" man, says that the "hop snow" will melt.

Seaman went on to explain.

It seems that after the "hop snow" has come and gone, and the "hop snow" has melted, and the other snows that are supposed to come, there's one real, last, hope-to-be farewell snow—and that is the "hop snow" that will melt.

Seaman is so high on the ground (bust) of measuring space of about four inches with the fingers. Then when the hops are that high it snows the "hop snow."

"How utterly ridiculous!" scoffed Genster when he heard all this. "I don't believe in that—not for a minute."

"I believe in it so profoundly that I believe in a hop snow I'll agree to give you \$12 worth of rummage to the Rummage Sale that's to be held next week."

"How can you do that?" asked Genster.

"Well," said Seaman, "we'll both have to give the same amount of goods—and when the 'hop snow' snows you'll have to recompense me for my \$12 worth."

"And when it doesn't come you pay me?"

"Right," replied Seaman.

So, Harrisburg Hospital's Rummage Sale, to be held next week in the Gilbert street room next to the Victoria theater, will be the gainer no matter what happens.

BIG CONFERENCE TO BE HELD HERE

Moore, Congressman from Philadelphia and head of the Inland Deep Waterways Association, and met with the members of the Harrisburg Chamber of Commerce and Manufacturers' Association of Columbia and was attended by twenty-eight members of the Harrisburg Chamber of Commerce, including Eli N. Hershey, the president, who is also chairman of the Susquehanna Deep Waterways Committee and who was one of the speakers.

Business addressed the vice president, Congressman E. S. Brooks, of York; Major William B. Gray, of the United States Army, and Congressman Moore, J. H. Osterberg, of Columbia, who presided.

Congressman Brooks said he came to the meeting seeking information on the subject, which had been brought to his attention.

Nevertheless, he said, he was convinced that the thing was a practical and desirable from a business standpoint. His address showed that he had given the subject considerable study and he would be glad to discuss it.

Gray acknowledged the railroads can no longer bear the burden of commercial requirements during rush periods and that some new method of building goods to market must be devised. It could be just as cheap to develop waterways as to build new railroads or extensions of old ones at present prices of labor and materials and much more desirable from a business standpoint of upkeep and lower freight rates. He promised to do whatever he could to assist Congressman Kreider and Grist in their efforts.

Major Gray speaks in Columbia for two years during the time when he was engineer in charge of the building of the new low grade Pennsylvania freight line, received an ovation at the hands of his old neighbors. Major Gray said that he would be glad to discuss it.

Major Gray said that he would be glad to discuss it.

BLANQUET AT 70 GOES TO MEXICO

Cruz and were met by the forces of General Diaz and escorted to his headquarters in the Vera Cruz.

General Blanquet, who has been living in New York with his family for the last five years, returned to Havana, Cuba, from this port January 8.

Blanquet said that he understands that the motor stop, which is reported to be in the hands of the revolution, is in the hands of the revolution.

Blanquet said that he understands that the motor stop, which is reported to be in the hands of the revolution, is in the hands of the revolution.

Municipal Band in War Garden Parade

The Municipal Band under the leadership of Frank Blumenthal, will take an important part in the big war garden parade which will start at 4:30 o'clock Tuesday afternoon and will continue until 6 o'clock, weather permitting. School children and other residents of Allentown will participate in the parade.

Shirley Watts who is preparing the ground for the war gardens, has volunteered to place in the line the caterpillar tractor with which the ground was ploughed. Walter S. Schell will place a second one in the procession. It will be driven by a girl.

Boy Scouts will act as marshals and veterans of the world war will be in line. Mayor Daniel L. Keister will ride in an automobile. The State Department of Agriculture, the Luzhburg County Agricultural Bureau of Vocational Education are co-operating in making the parade a success.

MOTHERS ASKING YANKS TO WAIT FOR BIG REVIEW

Immediate Discharge Would Wreck Plans to Honor 28th Division

In efforts to keep the Twenty-eighth division intact until it marches in the great review in Philadelphia in June, the Council of National Defense is sending broadcast to mothers of lads in the unit, asking that they write to their sons in France, urging them not to avail themselves of an opportunity of discharge from the army until they shall have marched in this pageant.

Great Pennsylvania wishes to honor the brave youths of the Keystone Division, who so well earned the reputation of iron men on the bloody fields of France. And, since the war department has announced that the men may be demobilized within forty-eight hours after reaching camp if they so desire, the requests have been issued to offset what may be the desire of many to leave army life at the first opportunity.

The Council asks that relatives get into communication with the youths, inform them of the preparations being made to welcome them when they may be satisfied to stay in the army a week or two longer to participate in the great fete in their honor. The wish is to crystallize in the division a desire to make the great march in Philadelphia.

The State is making a great effort to have the One Hundred and Eighty Field Artillery, the One Hundred and Ninth, One Hundred and Tenth, One Hundred and Eleventh Regiments of Infantry land in Philadelphia. Adjutant General Henry Keister was informed this morning by the Council of National Defense, are going to Washington next week in efforts to bring this about and it is hoped that the plan will be carried out. There will be any hitch in the plan to hold the men at a demobilization camp until after the review.

Don't Spoil a Good Meal With a Bad Stomach

If a physician, a specialist in stomach diseases, came to you and said: "I will make you as good as new so you will not suffer from indigestion, and can eat what you want without fear of suffering, would you turn down his offer?"

And when you are offered Mi-na-stomach tablets, with a prescription better than any other stomach specialists know how to write for you, and a narrow-minded and continue to suffer from indigestion, or are you going to be fair to yourself and try Mi-na on the money back agreement.

Mi-na stomach tablets are offered to you on a money back agreement. Do not put your stomach into such good shape that there is no dizziness, sour stomach, biliousness, sick headache, and stomach distress, your money will be returned. For sale by H. C. Kennedy and all leading druggists.

GOODBY, WOMEN'S TROUBLES

The tortures and discomforts of weak, lame and aching back, swollen feet and limbs, weakness, dizziness, nausea, indigestion, and all the other troubles of the city with their street addresses, together with the names and addresses of mothers of the city, are being compiled by the Philadelphia Council of National Defense.

Mayor Keister has been requested by the Council to furnish to it the names of all discharged Keystone division soldiers of the city with their street addresses, together with the names and addresses of mothers of the city, who are in the city or in camps in the United States.

Mayor Keister plans to start work on securing the names at once. He has announced that he will receive all such information at his offices at the police station.

SO EASY TO HEAL YOUR SKIN WITH POSLAM

Don't let those eruptions remain to blemish and annoy any longer than it takes Poslam to heal them. And Poslam is best equipped to do the work because its healing powers are concentrated. Relieves itching at once.

Apply Poslam at night—and leave it on the daytime to when convenient. It acts quickly. You can soon see benefits. Poslam is harmless.

So effective is Poslam that a little of it will cover a large surface. It is its QUALITY, not the quantity of it that makes it so effective.

Sold everywhere. For free sample write to Emergency Laboratories, 243 West 47th St., New York City.

Poslam Soap, medicated with Poslam, brightens, beautifies complexion.

"What Will Save His Hair?" Quick Action Needed

But It Can Be Done Says Man of Much Hair Knowledge A Simple Inexpensive Home Treatment.

Few of us get bald in a day and we all have ample warning when our hair is thinning out.

Parisian sage is a most efficient hair invigorator, but to immediately stop any further loss of hair and quickly start a new growth it must be rubbed into the scalp so the starved hair roots can really absorb it and get the vital stimulation so badly needed. You will surely be delighted with the first application, for your hair will look and feel 100 per cent better.

Parisian sage is not expensive. It's a scientific preparation that supplies all hair needs—a clean, non-sticky, antiseptic liquid that is sold at Kennedy's and drug and toilet counters everywhere with a guarantee to give you perfect satisfaction or money refunded.

Looking for hair is half the battle in any man's or woman's personal appearance. Neglect means dull, thin, lifeless hair and finally baldness, while little attention now insures thick and lustrous hair for years to come. No matter what your trouble is, try Parisian sage massage tonight—you will not be disappointed.

A Secret Home Treatment for the Drink Disease!

ORRINE, for twenty years, has successfully fought the drink habit. Thousands of men and women owe their happiness and health to this effective drink remedy.

It can be given secretly at home in food or beverages, or can be taken voluntarily. Form No. 1 is a powerful emetic; Form No. 2, Pills, for voluntary treatment.

Hard drinkers are being given or are taking ORRINE right now in the United States. Prohibition can be easily met long before the drink disease—for drink is a disease requiring treatment—may lead to health-destroying substitutes!

For sale by Geo. A. Gorgas and leading Druggists.

Free booklet mailed in plain, sealed envelope. THE ORRINE COMPANY, 1146 15th Street, N. W., Washington, D. C.

Elizabethville Will Hear Officers Who Are Just Home From Russia

Elizabethville, April 3.—Lieutenant Frank Connes, just home from Russia and Southeastern Europe, will tell the people of Elizabethville this evening of conditions in those countries and in Armenia where thousands of men, women and children are being murdered or are starving.

Mrs. Ellen F. Vanderbilt Marries Naval Lieutenant

Newport, R. I., April 3.—Mrs. Ellen French Vanderbilt was married today at Harbour View, her residence here, to Lieutenant Paul Fitzsimons, U. S. N. son of the late Medley French Fitzsimons, who was graduated from Annapolis in 1914, 1914.

Mrs. Vanderbilt obtained a divorce some years ago from Alfred G. Vanderbilt, who later lost his life in the sinking of the Lusitania.
