

NEW HUNGARIAN REGIME PROMISES FOREIGNERS AID

Will Protect Property and Encourage Their Industries, It Is Said

By Associated Press. Budapest, via Vienna, April 4.—Owing to action by the Hungarian government the prices of food have dropped considerably. Food Commissioner Erdelyi is warring on food

speculators and seizing hidden stocks. Denial is made of the statement that it is proposed to use churches as music halls. Nevertheless, there no longer will be a state-supported religion. It is declared again that foreign property will be protected and foreign industries encouraged. When Bela Kun, the foreign minister, insisted on entering into cordial relations with Lenin, the Russian Bolshevik premier, he was warned in an open cabinet session by Minister of Education Kunfi, that Kunfi still had enough power to hang him. It has been insisted that the communism in Hungary is aimed only at the aristocrats and capitalism and not at the middle classes, as in Russia. Hungary has put doctors, bank directors and skilled laborers in the first class of citizens who are entitled to the most consideration. The new cabinet includes Herr Kunfi and Alexander Gorbai who is now president, and also Herr Boehm, who is commissioner of socialization. These men are regarded as conservatives. They wish to fix the limit of individual fortunes at \$20,000 and would deal with the estates rather than with the Russian Lenin. They are undecided about the public debt. However, there is an inclination to repudiate it, according to Dr. Alexis Bolgar, who once lived in the United States and now is the Hungarian representative in Vienna.

To Relieve Catarrh, Catarrhal Deafness And Head Noises

Persons suffering from catarrhal deafness, or who are growing hard of hearing and have head noises will be glad to know that this distressing affliction can usually be successfully treated at home by an internal medicine that in many instances has effected complete relief after other treatments have failed. Sufferers who could scarcely hear have had their hearing restored to such an extent that the tick of a watch was plainly audible seven or eight inches away from either ear. Therefore, if you know of someone who is troubled with head noises or catarrhal deafness, cut out this formula and hand it to them and you may have been the means of saving some poor sufferer perhaps from total deafness. The prescription can be prepared at home and is made as follows:

FRECKLES

Now Is the Time to Get Rid of These Ugly Spots. There's no longer the slightest need of feeling ashamed of your freckles, as Othine—double strength—is guaranteed to remove these homely spots. Simply get an ounce of Othine—double strength—from any druggist and apply a little of it night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful, clear complexion. Be sure to ask for the double strength Othine as this is sold under guarantee of money back if it fails to remove freckles.

Secure from your druggist 1 oz. Famine (Double Strength). Take this home and add to it 1/2 pint of hot water and a little granulated sugar; stir until dissolved. Take one tablespoonful four times a day. Parmit is used in this way not only to reduce by tonic action the inflammation and swelling in the Eustachian Tubes, and thus to equalize the air pressure on the drum, but to correct any excess of secretions in the middle ear, and the results it gives are nearly always quick and effective. Every person who has catarrh in any form, or distressing rumbling, hissing sounds in their ears, should give this recipe a trial.

The CANDY Cathartic. The Whole Family says: "FINE". Cascarets FOR CONSTIPATION THEY WORK WHILE YOU SLEEP.

COAL MINES ARE ADVERTISED FOR GENERAL SALE

County Commissioners to Continue Hearings on Increased Assessments in Upper End

Because of the claims of attorneys for both the Susquehanna Collieries Company and the Philadelphia and Iron Company, that statements of the areas and locations of tracts and the ownership of some of the coal lands assessed against the county are incorrect, Dauphin County Commissioners late yesterday afternoon adjourned the appeal hearing until next week. The county, together with T. Ellsworth Davies and W. F. Sekel, the two engineers retained by the county, will meet with the commissioners and township assessors next Tuesday morning at 10 o'clock to go over the maps showing the tracts of coal company holdings.

On Wednesday afternoon at 2 o'clock the commissioners, engineers and representatives of the Philadelphia and Iron Company, will meet to adjust alleged differences in coal field areas. Briefly the contention of the Susquehanna company in appealing yesterday was that the assessments as given by Mr. Davies are absurd, that the firm will advertise for sale its entire coal land property in the county for \$1,400,000 free of all liens; that any appreciable increase in assessment and consequently tax will compel them to close the mines in Wisconsin and Williams townships and that even now, because of extraordinary conditions, mining operations are continued at no profit to the company. Charges that entire tracts to which the company holds title have not been assessed against them, while others against the corporation, were made at the hearing.

Charges were made that some of the tracts assessed at millions of dollars are absolutely barren and the attorneys in speaking to the commissioners declared the companies made extensive borings and should be obliged to establish the facts. They invited the commissioners to go over the books of the company and to send engineers to inspect and survey the property and then determine the holdings and value of the coal basins.

Appearing for the Susquehanna company were George M. Humphrey, general attorney for the M. A. Hanna Company, Cleveland; A. L. Williams, general counsel for the Susquehanna corporation, Wilkes-Barre; M. E. Stroup, local counsel, and Robert A. Quinn, general manager. Mr. Williams was the first speaker to address the County Commissioners, taking the floor when Mr. Stroup announced that he would make a statement of the position of the Susquehanna company. He called attention to the differences the company claims exist and asked that the engineer employed by the commissioners show where the tracts are located. Speaking in detail he said that tracts which the company in the past had been assessed do not appear in the new list, and that now the company is charged with 7,000 instead of 5,000 acres of coal land, including areas which have been worked and exhausted and now appear as tracts bearing mining coal. He told the county officials the differences in tracts should be settled first before the question of values is considered, at which time the company would present facts about the cost and difficulties of mining in that region.

The County Commissioners assured Mr. Williams they would be absolutely fair and would consider his offer to have the county's engineers go through the mines and over the entire tract of coal land holdings. Veins Are Deep. Mr. Quinn next told of the position of the coal veins and said that some of them are in such a position that it is doubtful if it can ever be mined as it is one of the deepest basins in the anthracite region, the coal lying 4,000 feet below the surface. At present the company is working 2,300 feet below the surface he said, or 1,150 feet below sea level and because of the great depth only about 50 per cent. of the coal in the ground can be mined, as much of it must be left in pillars to support the roof of the mines.

Last year the company mined about 600,000 tons of coal, spent \$2,230,000 in wages as compared with 730,000 tons shipped in 1913 and \$1,750,000 paid in wages. Mr. Humphrey also mentioned the differences in tract areas and other facts discussed by Mr. Williams and Mr. Quinn and then read the offer of the company to sell its coal land in Williams and Wisconsin townships for \$1,000,000 and the improvements for \$400,000. The county assessments as fixed by Mr. Davies place values on the properties at more than \$86,000,000. Mr. Humphrey announced that offer will be advertised and will be open for thirty days. In case a bonafide offer to purchase is made within that time and the prospective purchaser desires an additional thirty days will be given.

John T. Brady, local counsel for the Philadelphia and Reading company was the only person to speak to the commissioners to appeal from the assessments of coal fields of that corporation. He told the officials the areas charged against them were incorrect, in some cases duplicated assessments had been made and in others entire tracts which the firm did not own had been entered against it. Speaking of the value of the coal in the tracts of this company he said it was not worth anything in the market and that operation there stopped years ago.

Of Poor Grade. "More than 200 borings and examinations have been made in these lands," Mr. Brady said. "Millions of dollars have been spent but the coal in the veins is of such a poor grade that I doubt if it could even be furnished for sale in prepared sizes. In 1907 an attempt was made to raise the value of this land from \$15 to \$200 an acre and after hearings in the Common Pleas Court of this county it was ordered that the original assessment should be fixed again. This was only in Rush township, but the same conditions exist in the other two."

Mr. Sekel, an assistant to Mr. Davies, and an experienced mining engineer, who has been in the employ of other big coal companies for years, made little comment on the statements of the various coal representatives. He said that efforts to establish similar defenses in appealing from coal land assessments had been made by other companies when the assessments were raised. None of the assessments of tracts was considered in detail, the commissioners deciding to meet the coal company engineers and go over the maps first. Next Tuesday the tracts in Lykens, Wisconsin and Williams townships will be considered, and on Wednesday in Rush, Middle Paxton and

Provident Life and Trust Agents Dine Here Today

Agents of the Provident Life and Trust Company, of Philadelphia, from twenty-five Central Pennsylvania counties are meeting to-day at the office of the Harrisburg office of C. L. Landon, general agent, in the Kunkel Building.

The production of business last year was practically double the production of any previous year. The business of the first quarter of the year 1919 is much larger than that year. During the first three months of the year, the Agency has written more business than in the first six months of last year. Matthew Walker, Dr. C. H. Willis; Dr. Charles H. Willis, medical director and Franklin C. Landon, C. L. Landon, general agent, are present at the meeting to-day.

This evening at 7 o'clock Mr. and Mrs. S. G. Landon will entertain at a dinner to be given at the Penn-Harris. The following guests will be present: Matthew Walker; Charles H. Willis; Franklin C. Landon; Mr. and Mrs. George L. Buck; Mr. and Mrs. Harry E. King, Camp Hill; Mr. and Mrs. Roll E. Thompson, Clearfield; Miss Sarah L. Landon, Harrisburg; Miss Linda Buck, Camp Hill; W. S. Lambert, Johnstown; Harry Lambert, Johnstown; Ira G. Lambert, Johnstown; L. A. Pray, Williamsport; Ernest H. Morris, Williamsport; Wm. S. Lysinger, Bedford; Chas. Piske Geary, Ridgeway; Wm. Ogilby, Carlisle; H. C. Kearns, Stewartstown; H. H. Strickler, Hummelstown; R. L. Crowfield, Harrisburg; Chas. S. Porry, Spring Grove; I. W. Taylor, Gettysburg and L. T. Butler, Lewisburg.

Prohibition to End, Says Allentown Man

Allentown, Pa., April 4.—A prominent Democrat of this city who last fall was a candidate on the state ticket and who is close to administration leaders, upon his return from Washington yesterday, offered a wager of \$2,000 to \$500 that the war prohibition order would be revoked June 1. Constitutional prohibition is to go into effect January 16.

SHOW FOR COMMUNITY FUND

Marietta, Pa., April 4.—Everything is in readiness for the minstrel show in the Acri Theater on Thursday evening, for the benefit of the community house fund. The show has been sold out and standing room will be at a premium. In all probability the show will be repeated. The show will feature: Wm. S. Porry, Spring Grove; I. W. Taylor, Gettysburg and L. T. Butler, Lewisburg.

7 A DAY FOR 7 DAYS

If Your Nerves Are Shaky Because of Over-Indulgence in Tobacco or Alcohol or by Excess of Any Kind, Bio-Feren is What You Need Right Away. Don't grow old before your time, don't let nervousness wreck your happiness or chances in life. The man with strong, steady nerves is full of vigor, energy, ambition and confidence.

You can have nerves of steel, firm step, new courage and keen mind by putting your blood and nerves in first-class shape with mighty Bio-Feren, a new discovery, inexpensive and efficient. Men and women who get up so tired in the morning that they have to drag themselves to their daily labor will in just a few days arise with clear mind, definite purpose and loads of ambition. All you have to do is to take two Bio-Feren tablets after each meal and one at bedtime—7 a day for 7 days—then reduce to one after each meal until all are gone.

Then if your energy and endurance aren't doled, if your mind isn't keener and brighter, if you don't feel twice as ambitious as before, any druggist anywhere will return the purchase price—gladly and freely. Bio-Feren is without doubt the grandest remedy for nervous, rundown, weak, anaemic men and women ever offered and is not at all expensive. All druggists in this city and vicinity have a supply on hand—sell many packages.

FASCINATING TEETH

How Every Woman Can Quickly Charm Her Friends With Lovely Teeth, Clean, White and Brilliant. If you want the cleanest of white teeth and healthy gums free from disease, an easy and quick way to get hold is to use a tooth paste so effective and so perfect that astonishing results usually come in a week's time. And the cost is so little. Just go to any drug or department store, and get a large tube of SENRECO TOOTH PASTE for 35 cents.

Not only will it make your teeth clean and white, but it will also remove any filmy coating, help to check the ravages of Pyorrhea and banish acidity in the mouth. It is used by thousands of dentists and its sale has been remarkable. When you visit your dentist, which you should do at least twice a year, ask him about SENRECO. It's a most delightful and refreshing tooth paste.

Navy Will Buy Its Steel Regardless of the Industrial Board Figures

Washington, April 4.—Steel for the navy will continue to be bought on competitive bids, regardless of prices agreed upon by the industrial board with the industry and whatever may be the outcome of the conference now going on to determine the future policy of the board.

Acting Secretary Roosevelt said today this decision had been reached after the legal officers of the department had ruled that the department was required by law to secure this material by public advertisement of contracts.

Metal Market Bad and Miners' Pay Is Cut Down

Leadville, Col., April 4.—Announcement of a reduction of metal miners' wages of \$1 a day, effective May 1, was made to-day by the Iron-Silver Mining Company, operating several properties in this district, and by the Yak mines of the American Smelting and Refining Company. About 1,000 men will be affected. Demoralization of the metal market, especially for lead and zinc, was given as the reason for the reduction.

Margaret Carnegie Is to Wed Yank Naval Ensign

New York, April 4.—Miss Margaret Carnegie, daughter of Andrew Carnegie, and Ensign Roswell Miller, N. S. N. R., of this city, obtained a marriage license to-day. The wedding will take place on April 22.
