

**MOUNTAIN FIRE, IN NIGHT BLAZE, ATTRACTS MANY**

Fanned by Fresh Breeze First Mountain Makes Spectacular Sight

Fanned by the freshening winds of late yesterday and last night, the forest fire that started in the section of the Blue Mountain near Bella Vista on Sunday, broke out anew last night, but to-day is again reported as being well under control. It is burning in several sections, but a corps of fire fighters are at work and expect to extinguish the flames to-day. The flames could be seen

**EX-GERMAN PRINCE HAS BROKEN BONES**

Amsterdam, April 8.—Former German Crown Prince Frederick William is suffering from a broken hand and wrist as a result of a motorcycle accident. He was riding in company with an official of the Dutch Ministry of Communications and turned a corner too sharply, the machine crashing into a gate, according to a Wierringen dispatch to the Handelsblad.

It is believed that slightly more than four hundred acres of land has been burned over, but all of this has been swept by flames many times. On the south side of the mountain land of H. S. Miller and of the

George Allemen estate has been burned while on the north side the flames are on land of Albert Seidel, of Marysville. The fire is burning today only on the Allemen and Seidel lands. The acreage burned over includes ten miles from the burning today. The fire first broke out on Sunday afternoon and burned quite fiercely during the night, creating considerable interest in this city from which the flames were quite visible. The fire has been gotten fairly under control yesterday, but got away from the fire fighters when the wind freshened yesterday. Careless arbutus hunters are blamed for the original flame.

There is no forest fire burning in the neighborhood of Duncannon, as has been erroneously reported. The forest fire that has been seen from this city is near Bella Vista, in Cumberland county, approximately ten miles from the burning land and the Perry county town.

**WHAT'S IT WORTH TO YOU?**

What's it worth to you to have the great majority of Harrisburg soldiers home again safe and sound—home right now or coming home soon?

What's it worth to you to have them back alive and hearty?

The citizens of Harrisburg, during the Victory Loan campaign which begins April 28 will have an opportunity to answer this question to the boys themselves.

Chairman Andrew S. Patterson, of the Harrisburg Victory Loan committee, proposes to enlist the services of hundreds of returned soldiers in the campaign for the sale of the fifth and last Liberty Bonds.

**WOULD CHECK SALE OF HABIT FORMING DRUGS**

Bill Introduced in Senate Last Night by Allegheny Senator

One of the most drastic regulatory measures yet introduced to stop the sale of dangerous drugs was introduced in the Senate last night by Senator Leslie, Allegheny.

The bill would prohibit the sale of all habit-forming drugs, without a physician's prescription. The present act forbids the sale of opium and cocaine and their derivatives.

A prominent official in the Bureau of Drug Control, made the following statement concerning the measure this morning:

"For a long time the Bureau of Drug Control has been hampered in its efforts to regulate the drug evil, because the present bill exempts all habit-forming drugs, except opium and cocaine, from restriction as to unlimited purchase.

"One of the most deadly of habit-forming narcotics is chlorhydrate, against which sale, no law exists. The new bill, by prohibiting the sale of all habit-forming drugs, without

**For Stubborn Corns**

Many people are discouraged because they have tried in vain to get rid of a "stubborn," deep-rooted corn, which is making their life miserable. But they should take hope for the worst corn in the world can be cured. Here is an easy but scientific treatment which your own druggist will tell you actually does the work. Simply give the feet a good Calo-side footbath in hot water, then apply one of the little but powerful plasters supplied with each package of Calo-side. It may take a second treatment, but rest assured the corn will positively come out, root and all. This treatment also overcomes burning, itching and sweating. A package of Calo-side costs only a quarter but is surely worth dollars to most people.—Adv.

this morning, and if gods continue to come in the balance of to-day and all of tomorrow as on Monday and this morning, and if goods continue to record breaker. Actual sale begins Thursday morning.

Among the curiosities to be found at the Rummage Sale are the following:

One statuette of Hiawatha or Alfarretta or Kiwanis, or some other Indian. This statuette is one given to the late Senator Simon Cameron by admirers many years ago.

Photographs of William Howard Taft and General Hartranft. The glass on the picture of Mr. Taft is cracked.

One photograph of the Governors of Pennsylvania between 1809 and 1882. From the number of photographs included in this collection they had Governors very little while in those days.

One plug hat in very good condition, and worn in only three inaugural parades. A visitor this morning offered five dollars for the hat.

One statuette of "Pink Lady."

One sugar bowl with sugar in it.

Three cuckoo clocks, all of which "cuckoo."

These are only a few of the hundreds of odd articles to be found at the sale.

Frank Payne, the well known shoe manufacturer, this morning sent three crates of shoes to sale headquarters. These shoes are as good as can be bought anywhere. There are hundreds of pairs of other shoes, and bale after bale of clothing of all sorts, including serviceable suits which can be worn as work clothes.

Between eight o'clock this morning and ten, one hundred and eighty persons called the headquarters and asked that trucks be sent to their homes for articles to be donated to the sale.

The sale is for the benefit of the Harrisburg Hospital. Every cent received from the sale of goods goes to the Hospital. Expenses of putting on the sale, if there are any, will be made by charitable inclined men and women of this city.

**SOVIET ARMY IS LOOKED TO FOR AID**

[Continued from First Page.]

Germany, and the resumption of a "brotherly connection" with the Russian and Hungarian peoples is announced in the proclamation of the new Soviet government for Bavaria, formed here.

"Long live the world revolution!" the proclamation concludes.

The text of the document reads:

"The decision arrived at for Bavaria is the formation of a council of the republic of revolutionary workers and peasants of Bavaria, including all our brothers, now united, separated by no party laws. From now on no exploitation, no oppression will be tolerated. The dictatorship of the proletariat has now become a fact. The legalization of a genuine socialistic community now achieved, in which every working-man may participate in public life and in a just socialistic age.

"The kintag has been dissolved and the old military retted. Peoples commissaries, responsible to the people and chosen by a council of the working people, will receive extraordinary powers. Committees in certain labor fields. Their assistants will be intelligent men from all parts of the revolutionary and socialistic community. Committees of valuable forces of officialdom, especially from the lower middle official class, will be asked to co-operate in the new work. The bureaucratic system will be absolutely eliminated and the press will be socialized.

"As a protection for the Bavarian council of the republic against revolutionary attacks from without and within, a Red army will be created immediately and revolutionary court will pursue ruthlessly every attempt upon the council.

"The government of the Bavarian council republic follows the example of the Hungarian and Russian peoples. It will resume immediately a brotherly connection with these peoples but it declines any connection with the contemptuous Ebert-Scheidemann government because that government is continuing under the flag of a socialistic republic the imperialistic, capitalistic and military business of the disgraced, broken down German empire. It calls upon all German brothers to take the same view. It greets all proletarians wherever revolutionary socialism is fighting—in Wurtemberg, in the Ruhr district, in the whole world.

"Establishes Wide Holiday

"As a sign of joyous hope for a fortunate future for all humanity it establishes April 7 as a holiday for all humanity, as a sign of the beginning of the departure, the flight of the age of capitalism, all work is stopped. The bourgeoisie ceases on April 7, insofar as it is not necessary for the welfare of the working people, to do labor.

"Long live free Bavaria! Long live the council government! Long live the world revolution!"

**SPARTAN LEADERS IN CONTROL**

Copenhagen, April 8.—A political movement of great importance is imminent in the region of Hamburg, reports from Germany. Doctors Herz and Hauffenberg, Spartan leaders, it is added, have almost succeeded in making themselves masters of the situation and converting Hamburg and the region between Hamburg and Bremen into a Soviet republic.

Protests against the formation of the Soviet government, voiced at a political meeting in Bamberg, northern Bavaria, are reported in dispatches from that city. Deputies of all the Bourgeoisie parties, of the three Franconian governments upper, lower and middle Franconia, met in Bamberg and registered an unani-
