

Withdraws Request For Anti-Jap Bill in California Senate

By Associated Press. Sacramento, Calif., April 11.—State Senator Inman withdrew yesterday his request to introduce an anti-Japanese land bill in the Senate, after the Senate had received from Secretary Lansing at Paris a cablegram to the effect that the introduction of such legislation would be "extremely unfavorable at this time."

Catarrhal Deafness and Head Noises

Tells Safe and Simple Way to Treat and Relieve at Home

If you have catarrh, catarrhal deafness or head noises caused by catarrh, or if phlegm drops in your throat and has caused catarrh of the stomach or bowels you will be glad to know that these distressing symptoms may be entirely overcome in many instances by the following treatment which you can easily prepare in your own home at little cost. Secure from your druggist 1 ounce of Parnint (Double Strength). Take this home and add to it 1/4 pint of hot water and a little granulated sugar; stir until dissolved. Take one tablespoonful four times a day. An improvement is sometimes noted after the first day's treatment. Breathing should become easy, while the distressing head noises, headaches, dizziness, etc., should gradually disappear under the tonic action of the treatment. Loss of smell, taste, defective hearing and mucus dripping in the back of the throat are other symptoms which suggest the presence of catarrh and which may often be overcome by this efficacious treatment. It is said that nearly ninety per cent. of all ear troubles are caused by catarrh and there must, therefore, be many people whose hearing may be restored by this simple, harmless, home treatment.

WHOLE ALPHABET OF NAMES ON THE OVERSEAS LIST

Private Aaaa Heads the Official Records With Corporal Zzeppenfelt Bringing Up the Rear

Paris, April 11.—The first name on the alphabetical list of the American Expeditionary Force is Private Aaaa and the last is Corporal Zzeppenfelt. Between the two names are more than 2,000,000 others. George Washington, Abraham Lincoln, General Ulysses S. Grant, Robert E. Lee, Woodrow Wilson, several Caesars and a few Bismarcks adorn the ranks with intermittent frequency.

Excluding the commander-in-chief of the army and navy, there is but one Woodrow Wilson. He is a private, and according to Stars and Stripes, has just been placed in the working personnel of Base Hospital No. 27, which was organized in Pittsburgh.

There is an abundance of the names of great men, including 74 George Washingtons. The name of the first President is surpassed by 79 Robert E. Lees, who holds the record for bearers of the names of great men. There are but two Abraham Lincolns and seven Grants; twelve Caesars and four Bismarcks. Among the "common people," there are about 51,000 Smiths. True to their traditional predominance of the directories of most cities, they dominate the American Expeditionary Force in numbers. There are 29,000 Johnsons, 22,500 Joneses and a like number of Greens, Sullivans (aggregate 10,500), Browns 9,000 and Cohens 4,500.

American Murdered in Mexico; Activity of Bandits Unknown

Washington, April 11.—Edward E. Morgan, an American citizen, was murdered at Chivola, forty-seven miles from Salina Cruz, Mexico, on the night of April 8, according to advices to the State Department.

The State Department has ordered an investigation of the crime, as dispatches thus far received, it was said, failed to reveal whether a rebel band was responsible. Morgan was manager of the Chivola estate of 125,000 acres on the Tehuantepec Railroad, owned by George G. Wright, of Kansas City, Mo.

Morgan, the dispatches received by the department stated, was accompanied by Manuel Ruiz, a Spaniard,

who also was murdered. The two men were said by the dispatches to have been captured, searched and robbed before being shot to death. Both bodies were said to have shown marks of other violence.

Labor Surplus in 38 Cities Shows Increase

Washington, April 11.—Increasing unemployment during the week ending April 5 was shown in reports from sixty-six cities to the Federal employment service, a summary of which is made public. Thirty-eight cities showed a total labor surplus of 133,500, an increase of 5,855 over the preceding week, while nineteen reported a labor shortage totalling 4,650 and nine showed an equality of supply and demand.

DESTROYER HAS STARTED HOME

Observes Landing Places Along Atlantic Coast For Seaplanes

Washington, April 11.—Having completed its cruise along the North Atlantic coast to Newfoundland to observe possible landing places for the naval seaplanes during the first leg of their trans-Atlantic flight next month, the destroyer Barney has started for home. Lieutenant Commander Bellinger, of the naval air school, and Lieutenant Stone, of the Coast Guard service, are observers, and the Barney as observers, are expected to reach Washington within a few days of this morning.

The name of the port in Newfoundland visited by the Barney was not made known by the navy department. Acting Secretary Roosevelt saying that it was one heard of only rarely. While the destroyer visited only one place in Newfoundland, it is understood that Commander Bellinger and Lieutenant Stone went by land to several other points to determine which would be the best "jumping off" place for the seaplanes when they start overseas.

Change of commandants at the aviation station at Rockaway Beach, Long Island, where some of the planes to be used in the flight are being tested, was announced in naval orders. Captain Robert W. Cabana, who has been attached to the office of operations here, being detailed to the navy department. V. Parker, it was said that the change was made in the regular course.

It also became known that Lieutenant P. A. Moun, a pilot, who was detached from duty with the office of operations here and ordered to Rockaway for service.

Urges Removal to Russia of Russian Prisoners in Germany

London, April 11.—The German armistice commission at Spa, a dispatch from Berlin says, has addressed a note to the allies urgently requesting the removal to Russia of Russian prisoners of war still in Germany.

The German standpoint is that the Russians are increasing the spread of disturbances in Germany.

The note says that there is much discontent among the Russian prisoners at their continued detention while allied prisoners were returned home. The German government, it is added, is apprehensive that the Russians will break from the camps, thus increasing the Bolshevik danger in Germany.

Health Insurance Bill Passes New York State Senate

Albany, N. Y., April 11.—The Davenport bill to provide for compulsory health insurance in New York passed the Senate last night by a vote of 20 to 20. It now goes to the assembly rules committee. Officials of the American Association for Labor Legislation, who have been advocating health insurance throughout the United States for years, declared that it was the first time such a bill had passed a house of any legislative body in the country. Commissioners are studying the subject in New Jersey, Pennsylvania, Connecticut and Massachusetts.

American Goods Offered in England Below Prices Here

London, April 11.—Suggestion was made in the House of Commons and American manufactured cotton goods were being offered in England at prices below which they were sold in the United States. W. C. Bridgeman, under secretary of the board of trade, said that an anti-dumping bill was already in print and the board of trade would like to have any information in the possession of the member regarding the suggestion made.

It Was a Disappointment but They Had the Hike

It takes a real scout to have his mind changed at a moment's notice and still bob up smiling. This is what happened to the scouts of Troop Thirteen when they set for a hike to Lamb's Gap and in fact, some even appeared with packs on their backs, when the scoutmaster said: "Too wet boys; the hike will be postponed."

That a disappointed bunch of fellows, you never saw. But the scoutmaster hands it to the troop that they took the biggest disappointment the troop has ever had in a real scout way. And instead of a hike, they turned out for one of the best scout meetings the troop has had for some time.

The hiking committee under the leadership of Scout Maglaughlin ordered a hike, the weatherman permitting, to Wildwood Park for Saturday. And say fellows, even though it did rain Friday night, the scouts almost went out the scoutmaster's telephone on Saturday morning receiving the joyous news that the hike was on. Now Troop Thirteen scouts live all over town; so when a hike is called for, the contingent is established for the real start of the hike and from there on, the first party lay scout strategy mark till they came to the agreed camp site where the first party start of the going and make camp. This is the program that was followed out on Saturday morning and even if the woods was wet, "no tenderfeet" got out of their fire building test with matches. While they were doing this, an officer of the park commission happened along and notified the scouts that there were no fires to be built in the park but seeing they were scouts, he closed his eye and went away, knowing that scouts will never leave a burning fire. While this test was going on, the shrill blasts from a scout whistle was heard from down the road, notifying the scouts that another batch of fellows were on the trail and would soon be in camp. After taking off at the outside tests possible and when the scouts were making sure that their fires were out, an old gentleman, "a lover of nature," happened along and in a very sad tone told the scoutmaster that the little glen had once been the prettiest point in the park but that in recent years, careless parties had got so many rocks brought to build fire places that the beauty of the glen was lost forever. This was too much for the scouts of Troop Thirteen and before they left the glen, every rock was removed from the grass leaving the glen in condition and hoping that when this old gentleman again visits the glen his heart will be filled with gladness. After a good and full fine scout games, the Troop returned to town, as many of Thirteen's scouts have other duties to perform at four o'clock.

Most Delegates to Legion Convention Must Be Enlisted Men

New York, April 11.—State branches of the American Legion, recently formed organization of American veterans of the world war, were notified from temporary national headquarters here that, to preserve the democratic nature of the association, 60 per cent. of the delegates to be elected to the national caucus to be held in St. Louis on May 8 must be enlisted men.

Everyone concerned with the temporary organization wishes it distinctly understood throughout the entire country and among the men in France, that the legion is a civilian organization and upon enrollment in it a member leaves all rank behind him," said Major Granville Fortescue, of the 80th Division, one of the organizers.

All Old Officers of Civic Reform League Renominated

Philadelphia, April 11.—All of the principal officers of the National Civic Service Reform League, including Richard Henry Dana, of Boston,

Cocoon Oil Makes A Splendid Shampoo

If you want to keep your hair in good condition, be careful what you wash it with.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain mulisified cocoon oil (which is pure and entirely greaseless), is much better than the most expensive soap or anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get mulisified cocoon oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.

the president were selected by the nomination committee yesterday for re-election at the meeting of the council here to-day. Other officers re-nominated include Arthur R. Kinball, Waterbury, Conn., chairman of the council; George T. Keyes, New York, secretary, and A. S. Frissell, New York, treasurer.

One of the new vice-presidents named is William A. Aiken, Norwich, Conn. New members of the council include Lewis Emery, Jr., Bradford, Pa.; Frederick J. Kingsbury, Bridgeport, Conn.; Charles G. Morris, New Haven; Eugene W. Lewis, Detroit; Russell L. Loines and Nicholas Kelley, New York.

NOT WORTH TALKING ABOUT "Tried to get Yorick Hamm to give me some observations on the subject of the stage in Shakespeare's time, but he didn't seem to be interested." "No, he wasn't playing then."—Kansas City Journal.

Easter's Prettiest Styles
