The Price You Pay

Price is always an important consideration in every transaction. Especially is this true in household management. Every person who buys wearing apparel or furnishings for the home wants the dollar to go as far as possible in purchasing.

Inferior goods are never cheap! No matter what they cost, they prove expensive in the long run. On the other hand, good merchandise is never expensive, if it is sold at a reasonable price.

The merchandise sold at this store is of dependable quality. We do not handle "cheap" goods, and our prices on good merchandise are always as low as you can find anywhere.

Your dollar will cover as much merchandise and as good merchandise at this store as any place you try to make your dollar serve you best.
