

STARVATION AND DEATH MOW DOWN GREEK PEOPLES

Women Walk Into Red Cross Station With Dead Babies in Arms

Washington, April 14.—Thousands of Greeks departed from Macedonia during the Bulgarian occupation have died from starvation and mistreatment, and survivors are in a desperate condition, due to lack of food and to disease, said a report just received here by the American Red Cross from Athens.

ALL REPUBLICANS URGED TO ENLIST IN SERVICE OF VICTORY LOAN DRIVE

"Nation's Next Great Duty," Says Chairman Hays, and All Partisanship Should Be Put Aside

Washington, April 14.—Chairman Will H. Hays, of the Republican National Committee, today issued a call to all Republicans to urge their united and effective support of the Victory Loan. While the call is publicly issued to all Republicans, it was also sent directly and personally to all Republican national committee members, state chairmen, all State organization workers, all county chairmen and all precinct committeemen and to all Republican newspapers, asking them to suspend all political activities until the success of the loan had been assured.

The text of the appeal reads: "To the Republicans of the Nation: Again the call for the charge has sounded. This is not for the fighting men at the fighting front. For them the fight is over. Their part is accomplished. It is for you, the citizen, or and the glory of the Nation, and no additional burden should be theirs."

"But to the rest the real test has come. To those whose privilege it has been to form the second line, and to whose credit it is recorded that they, too, attained every objective; to those from every class, creed and political faith, who acted in that unselfish co-operation to bring about the fighting men the support that made so much for the complete vindication of our institutions; to the men and women of America, who do not fail, and who will not fail."

"Let us show to these fighting men who have returned how commands of the Board of Religious Publication and Sabbath School Work address the audience present at the sixty-first anniversary of the Pine Street Presbyterian Sunday school in the Technical High school auditorium yesterday afternoon. His subject was 'The Message of the War to the Sunday School.'" Henry B. McCormick, superintendent, presided at the service. An orchestra accompanied the singing.

The primary department work was conducted by Mrs. H. W. Taylor and Miss Edna Sprengel directed the kindergarteners.

The annual report, read by the superintendent, narrated that the total offerings from the Pine Street Sunday schools under the jurisdiction of the Pine Street Presbyterian church, was \$3,141.04. The finances of the three schools are in a flourishing condition, it was reported.

A number of remarkable attendance records were cited. Six gold stars were awarded for service flag, surrounded by 215 blue stars.

Neighbors charged with the murder of the child because of politics. Lyons said he stabbed the judge in self defense, according to police.

THOUSANDS OF FINE YOUNG SPECIMENS "PLANTED" BY THE STATE

Harrisburg will be eating the delicious trout to-morrow night for supper it all tokens observed at the State Department of Fisheries.

Never has there been such excitement over this delightful sport, and the city-to-day was alive with buying of tackle, so brisk a patronage that all sporting stores were cleaned out by the time of the season opening to-morrow. Fishermen are blessing their good fortune in having a man like N. R. Butler, a commissioner of Fisheries, by their side.

"Our first duty as Republicans to-day is that duty which we have never failed and never will fail to anticipate and discharge—our duty as Americans. Just as during the recent campaign we have every act by how we could do most for effective action, so now we will make our every step by how we can contribute most to the Nation's welfare."

"To that end we will abandon all other activities to aid in the Victory Loan until its success has been accomplished."

"For this purpose let the Republican Press and every member of the Republican organization enlist in the Victory Loan drive. The national, State, county city and precinct organization of loyal working Republicans will enroll to a man in this service."

"This is the Nation's next great duty. We must not exhaust the possibilities in our same splendid support, with the knowledge that those who may oppose us in political strife are joining fully with us in this effort."

"WILL H. HAYS, Chairman, Republican National Committee."

The judge put up an awful squawk, but had to pay a \$75 fine. He wrote down the names of all who were in the office, but Captain Lumb replied in four lines thanking him for calling notice to the officer's efficiency.

Use for fish is without license now, and the State has been mighty generous in its stocking operations. The next day the fish were scattered in our streams abundantly in the basin, now being grown in the hatcheries at Union City and in Wayne county.

"Trot live on files and bugs and was the exception to the rule. The series official to-day, and they know how to care for themselves. In this particular neighborhood we stocked with the brown-speckled variety, but in colder sections of the State with the brook trout. They develop to weigh as much as a pound and there have been records of two-pound trout. Each year the State is running a full day, which certainly is a fair limit, for the only way to give the sportsmen a run for their money is to protect sharply."

The bill is to be introduced in the legislature at the next session. It is to be introduced before the coal strike is over, and if this passes our Department will have some badly needed funds wherewith to increase our stocking operations. All trout are being grown in the hatcheries now, but funds are needed to increase the output. The trout like cold water and so they stick to the banks and are not so healthy for them. It should be emphasized that every fisherman learn how to take out a hook carefully so that trout under size are not ruined. If the hook is released the trout will not suffer and is soon kicked with life.

SAVING THE WORLD FROM PEACE PACTS IN FINAL STAGE

The Germans then will be called in and the present peace conference will be merged into the peace congress.

Lloyd George to Forecast.—The Council of Four is understood to have fixed for the peace congress tentative dates between April 26 and May 5. This announcement has been made as an announcement by Lloyd George to the British parliament next Wednesday.

The summoning of the George Washington by President Wilson led to the belief that his departure was imminent. Friends now say that the progress which has been realized will permit Mr. Wilson to remain and take part in the congress at Versailles. German plenipotentiaries take part.

The assembling of the congress will require an entirely new organization, including a presiding officer and an official interpreter. It is intended to permit a long discussion by the enemy; but to confine the exchange of ideas to a brief period, probably ten days, and then reach a final conclusion.

Jap Amendment Excluded.—The official summary of the revised covenant of the League of Nations, shows that the Monroe Doctrine amendment is in the covenant and that the Japanese amendment is excluded. The official summary was prepared by Col. E. M. House, Lord Robert Cecil and others fully conversant with the situation.

Notwithstanding this there appears to be divergent views concerning the status of the amendments, Leon Bourgeois, the French member of the Council of Four, at the League of Nations meeting that the Monroe Doctrine amendment was not adopted. The semi-official Temps has stated that the American amendment incorporating the Monroe Doctrine into the covenant was further examined on Friday, but that no decision has yet been reached.

The Temps also gives a French version of the consideration of the Japanese amendment, saying that it revealed a feeling and a bias at the League of Nations meeting. The Japanese amendment was taken in view of the British-Japanese agreement, in which the Japanese consented.

There is no doubt that the final session which discussed the Monroe Doctrine and Japanese amendments aroused a feeling and a bias at the League of Nations meeting. The Japanese amendment was taken in view of the British-Japanese agreement, in which the Japanese consented.
