

GERMANS OPPOSE YIELDING SARRE TO THE FRENCH

Will Not Discuss Subject at Peace Conference, Says Berlin Report.

Berlin, April 15.—The German government is firmly resolved to refuse to discuss at the Peace Conference the future of the Sarre territory, according to a Berlin news agency on what it terms a competent authority. The government will "resolutely reject any proposal to tear the Sarre territory

from the empire by means of a general plebiscite." The latest news received here is to the effect that the Communists in Munich have not yet been mastered, and that heavy fighting is raging in the streets of Munich between Red Guards and troops loyal to the government.

The central railway station, the post office and telegraph office and several other public buildings again are in the hands of the Communists, who used heavy mine throwers in their capture.

A number of persons have been killed or wounded. Earlier advices reported that the whole of Bavaria with the exception of Hof, had been regained by the Hoffman government, which provisionally remains at Bamberg.

On Sunday, according to dispatches to the Lokal Anzeiger, armed soldiers drove through the streets of Munich cheering for Soviet. They were dragged out of their cars and roughly handled. Railway stations and postal, telegraph and other government buildings fell into the hands of the government without resistance. Dr. Levetin is said to have fled to Switzerland with two million marks of state money.

Widower Congratulated

"Since my wife's death, five years ago, I have suffered greatly from stomach and liver trouble and gas attacks. I lost over 50 lbs., and at times was as yellow as saffron. My doctors could not help me. Six doses of Mayr's Wonderful Remedy have entirely cured me. I have regained my weight and every one is congratulating me. How well I look! It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. G. A. Gorsas, H. C. Kennedy and Clark's drug store.

Putting Roses in Shoes

The affliction of odorous sweaty feet needs no description to its victims. But it is strange that but few know that this condition is the easiest of all foot troubles to overcome. Your own druggist or foot doctor will tell you that the scientific, astringent and soothing action of the Calo-side foot-bath penetrates the pores and promptly corrects the cause. Furthermore, for tender, burning or calloused feet, it gives instant relief and an eventual permanent result. Calo-side costs only a quarter and each package contains little plastic specially made for rubbing the most stubborn corn. Start to-day, get your feet of your mind.—Adv.
