

WHAT PEACE CONFERENCE NEEDS

The International Sunday School Lesson For April 20 is an Easter Lesson, "Our Risen Lord"—Matt. 28:1-10.

By WILLIAM T. ELLIS.

After weeks with the Peace Conference in Paris, and intense days in old Rome, I am waiting by the Mediterranean, down by the heel of Italy's boot, for a ship to Greece and writing about the Resurrection. This lesson has been more in my mind, for weeks past, than any I have mastered for years. For it holds the master word for the Peace Conference and for the League of Nations.

Delicate Children Vinol is What They Need

More than eight thousand druggists recommend Vinol because it contains in deliciously palatable form the oldest and most famous reconstructive tonics known to medicine. During the last sixteen years it has brought health and happiness to thousands of puny, ailing, anemic children.

HERE IS PROOF

Middletown, Conn. "I used Vinol for my little girl five years old for a rundown, nervous condition. She was thin, irritable all the time and had no appetite. In a week I noticed an improvement and now she has a good appetite, has gained in flesh and strength and is much pleasanter."—Mrs. C. E. Wilkinson.

Menville, R.I. "The whooping cough, and later the measles left my little boy of eight years with no appetite, thin, frail, delicate and tired all the time. After everything else had failed Vinol gave him a hearty appetite, restored his strength and he is now as well as ever."—Mrs. James H. Hall.

For all run-down, nervous, anemic conditions, weak women, overworked men, feeble old people and delicate children, there is no remedy like Vinol.

debris of battle has not been gathered up (I have seen) before the nations are preparing for and talking of the future. After all, militarism does not kill militarism. For the moment, it is true, America and Great Britain are imposing upon the Conference the principles enunciated by President Wilson; but all who know of the inner life of the Peace Conference understand full well that the League of Nations idea, and all that it connotes, is winning only by virtue of the fact that the English-speaking delegates, supported by some of the little nations, wield the most power.

Archaeology's Oldest Man All of which means something religious that is tremendous. It has been for four and a half years testing society to its foundations. Everything has been in the crucible. Now we take the results of our investigations and philosophy to Paris, and we find that there is no solution of our old riddles. The sword has not pointed a way out of the wilderness, but we have broken the power of Germany for the present, but we have not conquered the state of mind which made Germany what she was.

War Plants Soon to Make Typewriters London.—The shortage of typewriters in England, especially London, is becoming rather serious and has resulted in exorbitant prices being placed upon old, battered, second-hand machines. The few British firms who manufactured typewriters before the war now are making big efforts to produce sufficient machines for the home demand, but they are not making rapid progress. The output of the few firms which were put out of business during the war turned their attention to manufacturing machine guns and parts, and have not yet begun to manufacture typewriters. They have transformed their plants, and all during the period of reconstruction they could go back to manufacturing in the perfect state. We have to wait with all their preparations it will require months before they are in a position to turn out typewriters on a large scale. Meantime, the second-hand dealers are doing a thriving business.

As the President Said in Rome More than five thousand books were taken to Paris by the American commissioners. Only one, though, is needed to speak the word of words, which is that power for the new life for man individually and in the mass, comes from without and is divinely imparted. It is the truth of the resurrection: the old power of death defeated by the risen Christ, who gives to all who will share it his own resurrection power to conquer evil nature and to win to a resurrection life of strength and love and ministry.

Daily Health Talks URIC ACID IN THE SYSTEM By Lee H. Smith, M. D. Uric acid is now generally recognized as the cause of more diseases than was heretofore believed. When the kidneys are out of order uric acid accumulates within the body in super abundance. The disordered kidneys do not filter the poisons out of the blood, as they ought to do, and so the poisons remain in the blood and float around until they find a place to lodge, in form of urate salts. The thing to remember is that you may have rheumatism in any part of the body, you may have pain anywhere, your back may ache and your head may be dizzy, but the trouble is not where the pain appears. The trouble is in the kidneys, and what is the first thing to do? You must get that excess uric acid out of your system, which can be done by taking Anuric Tablets, the splendid remedy which Dr. Pierce, of Buffalo, N. Y., has put in the drug stores at a low price. Anuric Tablets (made double strength), when taken in the system, will dissolve the uric acid deposited there. Drop a bit of sugar or salt into hot water, and it will disappear. Do exactly the same way do these Anuric Tablets dissolve uric acid. Of course, after ridding the system of uric acid, it may return again unless you eat the right foods and live the right kind of life, but Dr. Pierce will advise you fully on proper food and correct living if you write and ask him. He will send you a free pamphlet. Take Anuric Tablets today, by all means, and get that uric acid out of your system. Don't, don't, don't, put the matter off.

WOMAN KILLS BIGGEST BEAR

Bowls Over Grizzly in the Mountains of British Columbia

Chicago.—Mrs. J. L. Mead, a wealthy society woman of Chicago, who is a grandmother, has the honor of having killed the biggest grizzly bear that ever fell to the rifle of a woman on the North American continent. The grandmotherly Diana bowled over her grizzly with one shot in the mountains of British Columbia on a recent hunting trip. The bear measured eight feet, eight inches from tip to tip, its paws were twelve inches in diameter and were armed with claws six inches long. It was the biggest grizzly killed in Canada in the last hunting season, according to a report of the Canadian government. Its pelt now adorns Mrs. Mead's winter home in Los Angeles.

Diamond Necklace With Pendant New Fashion Chicago.—An expensive spring fashion is the long diamond necklace. It chains measure from forty to fifty inches in length. From this glittering loop hangs a large and handsome pendant which, although detachable, forms a part of the chain, pendant and chain comprising a single jewel.

Picked a Coal Driver For Her Lost Husband

London, Ont.—When Mrs. Esther Bye heard a familiar voice from the driver of a coal wagon a week ago, she ascertained by inquiry that the man's name was Hopkins, and secured the issuance of a summons charging him with being her faithless husband. She had been married three days, just about a year ago, when her husband disappeared and she had not seen him since. Hopkins demonstrated to the satisfaction of the police that he had lived respectively in London for years, and that he had never known the lady. He felt quite confident that he was not the missing husband. Later Mrs. Bye took counsel with her brother, and, insisting that Hopkins was her husband, she appeared again to-day at police headquarters. Hopkins demonstrated beyond dispute that he was not the man and the police refused to proceed against him. Mrs. Bye is a little hazy about what her husband looked like.

Nu Vim Is A Wonderful Remedy For Stomach and Kidney Trouble--Try It

"I lived for weeks on toast and tea, as I had inflammation of the bowels and my stomach was so weak even I was distressed by eating toast and tea," said Mrs. A. Mapes, of 1312 Green street Philadelphia, Pa. "My blood was bad, and kidney afflictions added to my troubles. I took medicine for years and only partial relief did I get at first, when we noticed in the papers what Nu Vim was doing for others. I thought how glad I would feel if I could get a medicine that would do so much for me, and we decided I should try a bottle, and after using one bottle did not notice any benefit so got the second and most used that up and my stomach seemed better and was. I began to feel I was getting some good from it. I have used four bottles and my neighbors notice and speak of my improvement. I am feeling fine, my kidneys or stomach gives me no bother. I eat like the rest now what is put on the table, I feel thankful to Nu Vim for my well days."

BELLANS FOR INDIGESTION! 6 BELLANS Hot water Sure Relief

"I want the public to know I am grateful to Nu Vim for making a woman of me and ashamed of myself to have the family beg me to take it, as I hate medicine. But I found Nu Vim pleasant to take," so said Mrs. Matilda Hutz, 3440 Edgemont Ave., Philadelphia, Pa. "I was a nervous wreck—had blood no appetite and very badly constipated, and my stomach in such a shape nothing I ate digested, causing me much pain. But I was prevailed on to try Nu Vim and began to improve at once. I have found it fine to take, no bad taste or odor; in fact, enjoyed it. Now I have taken two bottles and I am thankful to Nu Vim. It's made a well woman of me. No dizzy or nervous spells any more. I eat good and no bloating and pains in stomach. Sleep fine and will say I am more than pleased with Nu Vim and what it did for me—no woman in a nervous, rundown condition should neglect to get a bottle of Nu Vim and get over her troubles."

but she affirms that she knows that case to the prosecutor. "My tenant dropped a 50-cent coin into the hot air register," said Sarnacki, "and in order to recover it he tore down pipes, knocked great holes in the walls and ruined my furnace. He did \$300 worth of damage looking for that measly coin."

Spring Announcement

If you have a home or even a room to furnish this Spring, then you should read this article.

We are not making a lot of noise this Spring along the lines of advertising for one reason only, and that is that the first three months of this year, January, February and March, have been the three largest months' business we have ever had. It has seemed to us as though people from all sections of the city came to our store with the special purpose to deal here. Our business has increased wonderfully, notwithstanding the fact that many workers are idle and no doubt others have been, and are restrained even now from purchasing on account of a fear that their working activities might necessarily be curtailed somewhat in the near future. We have been busy enough to suit us and to please us, and for this reason our advertisements have not appeared lately as regularly in the newspapers as heretofore. We, however, feel the necessity of using the newspapers occasionally as a means of keeping our name before the people and telling them what we are doing, and we just want to say now that this store is bigger and better to-day than it has ever been before. If you are not using it or visiting it as a means of supplying your home needs, or even as a means of keeping yourself informed as to values, though you may buy elsewhere, you are doing yourself an injury. We expect to be busy this entire year. We believe that the present retrenchment in industries was but a temporary affair and is practically over now, and will be quickly changed into an era of prosperity for everyone. We are working along these lines ourselves, are buying and selling more goods than ever before, and have really been compelled within the past three months to materially increase our own force of help. We think there must be one big special reason for our own prosperous business and we attribute this condition to our fixed, unalterable policy to always try to give our customers the very best values for their money that we can find in the market in Home Furnishings. You may not see our advertisement in the newspapers for some time. If you do not, we want you to remember that when Furniture or Home Furnishings come into your mind, that you should not omit from your consideration the large stock to be found in this store. We sell either way—Cash or Credit. We believe we are the cheapest for cash—also the cheapest for credit.

EASTER PICTURES

Our store is continuing to show the largest, the best, and the most complete collection of pictures to be seen in any store in Central Pennsylvania. This fact is not only recognized by the customers who visit our store for pictures, but is now recognized by the largest and most exclusive makers of pictures in this country. In fact our store has brought to this city lines of pictures of a character never before shown by any Harrisburg dealer. If you are a picture lover, and most people are, and have never seen our display of pictures, we invite you to visit our store and positively guarantee you a treat of this kind far beyond any expectation you may have. This store is really the art gallery of this city. Be sure to come in to see our line of EASTER PICTURES.

Special Display of a Famous Picture

At the solicitation of the owner, we have just placed in our No. 1215 window for display and sale, the famous picture entitled "Mary, Queen of Scots," showing the Scottish Queen as she listens to the reading of her death warrant. This large picture is a wonderful work in silk tapestry and required five years to complete it. It drew one of the principal prizes at the World's Fair at Chicago in 1892, and the artist was awarded a premium of \$500.00 at that time and place. The owner of this picture has decided to dispose of it and has asked us to arrange sale for her. The artist refused an offer of \$2,500.00 for the picture at the Chicago Fair. It will be placed on sale for a limited time only for \$1,500.00. Whether you want to buy it or not, it will be worth your while to make a trip to our store and see it in our window, as it is something that Harrisburgers rarely get the opportunity to see in this city.
