Accuse Four Men of Fraud in Stock Sales

New York, April 18.—Indictments charging conspiracy to defraud were

returned here by a Federal grand jury against Louis Roumagnac, Benjamin Hurtado, Mendoza, George Green and John Y. Bryant, promoters of the Tuxpam Star Oil Corporation, which had an authorized capital stock of \$1,000,000, made up of 1,000,000 shares with a par value of \$1 each. It is charged in the indictments

that to promote sale of its stock, the company represented that it owned oil producing lands in Mexico which were earning large returns. The allegation also was made that the promoters used the mails in their selling campaign. The four men accused will be arraigned Monday.

President's Plans For Return Home Remain Indefinite

Washington, April 18.—Private advices to the White House today from Paris, said plans for the Pre-

dent's return to the United States still were indefinite, and that reports published in Paris that April 27 or 28 had been fixed as tentative dates for his sailing, were without foundation. The message said satisfactory progress was continuing in the peace conference.
