of Volunteer Workers The greater portion of the work in the housing survey of the city by the 300-women committee of the Harris-burg Civic Club is now practically completed, officials directing the work, report. Reports are now being received and are being carefully sep-arated by wards, preparatory to be-ing tuned over to the Chamber of Commerce officials. It is not expected that the work will be entirely completed to-day. The bad weather at the start of the carvaas held back the workers to a certain extent, and in several dis-tricts workers will be active again on Monday and Tuesday of next week to secure the necessary statistics. The bulk of the returns, however, will be made this afternoon. The workers of the wards not pre-viously printed, were announced to-day by officials as follow.: First Ward Mrs. M. Harvey Taylor, chairman. First precinct—Mrs. Henry Gough, captain, Mrs. J. W. Hawkins, Mrs. J. A. Harling, Mrs. H. B. Long and Mrs. Mame Fisher. Second precinct—Mrs. Manyle

Patriotic Rallies Planned in Many Towns During Victory Loan Campaign

Plans for interesting the popula-tion of Dauphin, Perry and Juniata counties in the Victory Loan are be-ing rapidly matured by Flavel L. Wright and Stanley Jean, whose of-lees in the Calder building are con-tinually busy. Dr. John H. Clifford, known as "the fighting chapiain of the ma-rines," is to be the star attraction at meetings to be held April 24, in Newport and Mifflintown. Dr. Clif-ford was in the middle of things at Chateau Thierry and the Belleau Wood. In addition to the "fighting chapian," there will be a soldiers' quartet and an overseas nurse who will tell of her experiences at the front.

of bonds of the Fifth Liberty Loan will be far greater in both Perry and Juniata counties than the sale of any previous issue. During the other campaigns objections were raised by members of some religious denomi-nations because the bonds were "war bonds." This objection has been re-moved with the coming of peace.

The departure for home of the Fifty-eighth Coast Ar-tillery Regiment, complete, and por-tions of the Eleventh and Eighteenth Engineers also was announced. The transport, Prince Friedrich Wilhelm, one of the twelve German passenger liners assigned to the United States for troop transport, sailed from Brest April 16 and is due at New York about April 24. The vessel has aboard the medical detachment, Third Battalion Head-quarters and Companies G, H, I, K, L and M of the One Hundred and Sixty-fifth Infantry, which is the old Sixty-fifth Infantry, which is the old Sixty-fifth Garma for companies of the country and a Rainbow division unit. Other troops aboard the former German liner are casual companies for eleven States; the band of the Three Hundred and Thirty-first Infantry of the Eighty-third Division; the Three Hundred and Thirty-seventh butchery companies; Three Hundred and Twelfth clothing unit; base hospitals Nos. 12 and 71; 116 casual officers, twenty-three casual enlisted men;

Poles are to get access to the sea through that port. Opinion prevails in Paris that the situation is such that Presi-dent Wilson will be able to sail homeward in mid-May with a signed copy of the peace treaty for submission to Congress, which in some quarters in Paris it is believed will be called in extra session not later than June 1. Little opposition to the peace terms is expected from the Ger-mans according to reports in Paris. It is asserted there is to be no German text of the treaty —the document to be issued only in French and English languages. The present indications are that the pace treaty will be signed be-fore the President's departure. In-formation reaching the delegates tends to show that the Germans are not planning to take up time and delay the signing of the treaty, as they desire a settlement of the peace terms at the earliest possible moment.

Rarely has so startling a story been told, or one of such keen interest to those who would know the real facts about the recent German revolution and the events which led up to it and to the Kaiser's ignominious flight.
