

Franklin County Officer Weds French Girl in Paris

Chambersburg, Pa., April 19.—Word has been received by State Forest Commissioner Robert G. Conklin of the marriage of his brother, Lieutenant W. Gard Conklin, to Mademoiselle Nevarte Pinghir in Paris on April 3. Lieutenant Conklin is serving with the United States Army in France, where his acquaintance with Miss Pinghir was made. He is recovering from wounds received in battle. He was one of the State foresters and was graduated from the State Forestry Academy at Mont Alto.

DEPENDENCY IS THE ONLY TEST

Decision in Workmen's Compensation Given in a Unique Objection Presented

The State Compensation Board announced in the claim of Settlement vs. Pennsylvania railroad, a Greensburg case that "the law never intended that dependent father and mother should be prevented from receiving assistance upon the death of a son merely because, somewhere there lives a woman to whom he had at one time been married, but who at the time of his death was in no way dependent upon him and was not living with him."

The contention was raised that the mother, although dependent, was debarred because there was a widow who was separated from the son. The Board in an opinion by Chairman Harry A. Mackey, says: "It would be an absurdity to think that the law was drawn with the intention of depriving dependent parents of compensation under such circumstances. Compensation is based upon dependency and not relationship."

In Bowers vs. Crucible Steel Company, Pittsburgh, the Board orders compensation payments conserved until the claimant undergoes an operation for an injury to an arm. If the man recovers the use of the arm the payments are to cease.

A new hearing is ordered in Mudri vs. American Manganese Manufacturing Company, Dunbar, it being held that the referee's findings are too meagre.

More Land Bought.—The State's forest domain was increased by 29,000 acres of woodland bought by the State Forestry Commission this week, making the total in the reserves now 1,080,000 acres. The latest purchases, which are contiguous to reservations, include 19,000 acres in Clearfield and Elk counties and 10,000 acres in Potter. Negotiations for a considerable additional acreage in various sections of the State are under way.

Public Service.—The question of registering outgoing telephone calls will be argued before the Public Service Commission Monday in the complaint of the United Business Men's Association of Philadelphia, against the Bell telephone. The complaint grows out of the system in force in Philadelphia. The Williamsport switching charges and the Kane county situation will also be argued. The commission will hold hearings in Harrisburg, Wilkes-Barre, Philadelphia, Pittsburgh and Lancaster during the week. The Philadelphia case includes the Frankford, Tacony and Holmesburg line services and fares, and the Lancaster hearing is on toll charges near the city of Lancaster. The Pittsburgh cases relate to increased fares and water service.

Departments Closed.—Capitol department offices were closed today for the Easter holiday.

Perry Cases Soon.—The Public Service Commission has listed the contracts of the Juniata Public Service Company and Marysville and

New Bloomfield for hearing in the next ten days. Not to Start Home.—According to word received in Philadelphia last night Governor Sprout did not start home from Hot Springs, but is suffering from rheumatism in his knees, aggravated by a slight fall. He may not be here next week.

Merger Approved.—The merger of the Deodote and Elizabethtown and other trolley lines of the Hershey system in the Hershey Transit Company has been approved. W. F. R. Murre, of Hershey, is president.

No More Recess.—Legislative leaders in Philadelphia to-day telephoned that there was no chance of any extension of the legislative recess and that things would go ahead Monday.

Not Helping.—In a statement issued by Philadelphia, Lieutenant Governor Frank B. McClain said that the Federal employment agencies were not really helping returned soldiers. The intimation was given that the State was doing the work.

BOOKS AND MAGAZINES

An interesting chapter in the life of the great Premier, not generally known, covers the period from 1866 and 1870, which he spent in America. This visit was partly the result of his temporary unpopularity in Paris, where, as a young physician contributing political articles to Radical publications, he fell foul of Napoleon III. The author, who found much in America to interest him, particularly his study of social conditions after the Civil War. During a part of his stay here he acted as professor in a young ladies' seminary in Stamford, Conn., later marrying one of his pupils there, Miss Mary Plummer. H. M. Hyndman, in his authorized biography, "Clemenceau: The Man and His Time (Stokes) says of this period of Clemenceau's life, "Such years carried with them for Clemenceau ineffaceable memories of a period during which his temperament accomplished the task of gaining strength and acquiring refinement."
