We Thank You!

You, who by your liberal patronage have made the business of the Shoe Department the greatest of any preceding Easter season, to you we are exceedingly grateful.

Like a bright new chick just out of the shell in time for Easter greeting, so our new stock of spring shoes emerged from the packing cases just in time to supply the overwhelming Easter demand for women's and children's shoes.

Fortunately, we were equal to the demand. The department was put under new management. An entire stock of brand new shoes was secured, even though many stores were not so fortunate. The result was we had what the people wanted in ample quantities and most approved styles and dependable qualities.

We shall endeavor to maintain the shoe department at the same high standard that characterizes the other departments of this store.

Among the many attractive shoes styles, we suggest the following for your consideration:

# GINGHAM WEEK

April 21st to 26th

This week the many advantages of ginghams are advertised nationally by the manufacturers. The result is an unusual demand for good ginghams for this big event. Bowman's have been secure from the beginning. Our early contracts — advantageously placed — brought us fresh shipments of the newest styles and colorings of plaids, stripes or checks, every week, sometimes daily, for the past few weeks.

Truly we have accumulated a mount of charm. No cotton fabric gives greater wear or lends itself better to drapery for Milady's Dress, Sister's Frocks and Bobbie's Waists.
