

GEORGE TO MEET IRISH DELEGATES

British Premier Will See the American Representatives Next Week

By Associated Press. Paris, April 22.—David Lloyd George, the British Prime Minister, has agreed to receive former Governor Edward P. Dunne, of Illinois; Frank P. Walsh, former chairman of the National War Labor Board; and Michael J. Ryan, of Philadelphia, next week. The Americans were chosen by the Irish societies in the United States to appeal to the Peace Conference on behalf of Ireland. The arrangement for the meeting was made by Colonel Edward M. House, of the American Peace delegation, at a luncheon yesterday at the residence of the British Premier. Lloyd George said he was unable to receive the Americans this week owing to the pressure of business connected with the Peace treaty, and requested them to remain over for a conference until next week. It is expected that the Americans will take up with Lloyd George the question of his receiving the delegates from Ireland, who are coming to Paris.

OFFICER IN ARMY RESERVES
Waynesboro, Pa., April 22.—G. Arvid Anderson, Jr., of Waynesboro, a member of the sophomore class at Princeton University, has received an appointment as second lieutenant in the United States Army Reserves, infantry section. Lieutenant Anderson was a lieutenant in the army when discharged from the service in December at Camp Grant. He returned to Princeton in January to resume his work and his appointment to the reserve army follows an excellent record made when in the service.

OUTLINES PLAN TO HELP RUSSIA

Russian Embassy Makes Public Report to Peace Conference

Washington, April 22.—The Russian embassy here made public today the outline of the plan presented to the peace conference by Russian representatives at Paris to solve the Russian problem. It asks recognition as de facto of all national authorities "who are inspired by democratic ideals and enjoy the support of the population," pending the setting up of a federation of Russian states. Prince Lvoff, Tolstokovsky, Sazonoff and Maklakoff signed the memorandum embodying this program. Under it the allies would recognize the Russian boundaries of 1914, except for ethnographical Poland and would support democratic de facto authorities in their struggle against Bolshevism and anarchy. Private advice received here recently from London were to the effect that the United States and the allies already had determined upon recognition of the Omak government. No information has been received as to the reception accorded the more elaborate plan of the Russian spokesmen.

BRASS CHOIR PLAYS
Waynesboro, Pa., April 22.—On Sunday morning at 7 o'clock from the high school building roof, the brass choir rendered the customary sacred program and thus ushered in Easter Sunday in the impressive manner which is so much appreciated by Waynesboro citizens.

WAR SURCHARGE GIVEN APPROVAL

Public Service Commission Declines to Reduce Charges in Jefferson County

The Public Service Commission, in an opinion filed by Commissioner Milton J. Becht, has directed that complaints filed by residents of Punxsutawney and by the Chamber of Commerce of Reynoldsville against the electric service rates of the Jefferson Electric Company, including a "war surcharge," should be dismissed. At the same time the Company is ordered to file before April 15, 1920, a new set of rates or show cause "why a revision of its tariff under proper operating economies could not be made under conditions then existing."

The complainants contended that the Company should not pay more than \$3 a ton for coal, but the commission fails to find that a lower rate per ton would have afforded much relief to the complainants. "If a utility is expected to render proper and adequate service under normal conditions," says the decision, "The balance between gross receipts and proper operating expenses must be maintained at approximately the same level as was found proper and necessary under normal conditions." Attention is also called to the fact that the "war surcharge" is to be withdrawn when conditions become normal.

State Is Acting—The State Live Stock Sanitary Board is preparing for energetic enforcement of the quarantine imposed against any shipments or movements of hogs, except for immediate slaughter in a number of counties which was announced yesterday. Reports have come of serious conditions in several fields and each county has been notified of the restrictions. In addition, agents of the State and farm bureaus will be asked to organize for co-operation with farmers and shippers.

Checking Up—Auditor General, Charles A. Snyder has begun an investigation of mercantile tax returns made this year by Allegheny county business men, and it is said he has sent a score or more of his investigators into the county for the purpose of checking up on figures returned last year. The returns each year are based on the business of the preceding year and it has come to the notice of the Auditor General, it is said, that although the business in all lines of merchandise last year was the best the county has seen in many years, returns this year are below what was expected. A heavy penalty is imposed for making false returns.

Telephone Case Up—The question of what is the best system for registering out-going telephone calls was argued at length before the Public Service Commission by counsel of the United Business Men's Association of Philadelphia and the Bell Telephone Company as the final steps in the controversy between the association and the Company over the method employed in Philadelphia. The association contended that the present system is inadequate and the Company's counsel insisted that it was the best that could be devised. The association suggested meters or registers such as are used in Baltimore and in some New England cities, to which the Company objected, saying they would not be an improvement and would be costly. Franklin Bridges appeared as counsel for the Company with Sergius Grace, engineer in charge of such equipment, while G. A. Wick, William Mentzinger and others appeared for the business men. The commission asked for briefs.

New Notaries—A series of new notaries public was named by the Governor last night. Among them were Mary E. Hite, Harrisburg; Grace A. Anderson, Williamsport; R. J. Glick, Shamokin.

No Scranton Decision—No decision in the Scranton railway fare case was rendered by the Public Service Commission last evening. It does not seem to have been ready.

Colonel Foster Here—Colonel S. D. Foster, former chief engineer of the State Highway Department and lately in France on the staff of General W. G. Price, Jr., commanding the Pennsylvania artillery, was at the Capitol. He just landed a week ago.

Ex-Senators Here—Ex-Senators John M. Scott, Ernest L. Tustin and Charles L. Brown, of Philadelphia, were at the Capitol.

Replies to Critics of Baptist Drive

New York, April 22.—Admitting that there were some old-fashioned, narrow-minded, one-track-minded Baptists who were not in favor of the present \$6,000,000 Victory campaign, Dr. Fred P. Haggard, director of the national committee of Northern Baptist Laymen, has issued a statement in which he insisted that, critics to the contrary, the 1,250,000 members of the denomination in the North were going to raise the desired sum. Dr. Haggard said: "One Hiram Crabtree, who resides 'somewhere in Iowa,' has just written to Frank Dewey, chairman of the State committee, with headquarters in Des Moines, to the effect that he will not support the present movement. What do you think you need with \$6,000,000 asked Mr. Crabtree. You can get a good preacher for around \$800 and the money you are seeking would hire nearly 7,000 preachers. We don't need any more Baptist preachers. You will have to show me the need of money before you count me in on it. You're just shooting too high." "Replying to Mr. Crabtree, the committee points out that this \$6,000,000 Victory campaign is not being conducted for the purpose of hiring more Baptist preachers. It is to insure spiritual democracy at home and for reconstruction work abroad."

Boys and Girls, Under 18, Unemployed, to Be Educated

London, April 22.—The London County Council has arranged a scheme of education for unemployed boys and girls under the age of eighteen, which includes lectures, lessons in engineering, drawing, physical drill and dancing. Youths and girls who register for employment will get no "out of work" pay if they do not join the classes, which are being held five hours daily on five weekdays.
