

GERMANY ACCEPTS ALL CONDITIONS TO GET TREATY

Delegation to Versailles Will Comprise Six High Personages, Headed by Count Von Brockdorff; Rantzau the Foreign Minister

By Associated Press
Paris, April 22.—Germany has notified the Allies that she accepts all the Allied conditions respecting the Versailles congress. This official announcement was made early today.

The German delegation to Versailles will comprise six high personages, at the head of which will be Count Von Brockdorff-Rantzau, the foreign minister.

Marshal Foch was informed the delegates cannot arrive at Versailles before April 28.

The following delegates with full powers to negotiate will be: Count Von Brockdorff-Rantzau, Foreign Minister; Herr Landsberg, Secretary of Publicity, Art and Lit-

erature; Dr. Theodor Melchior, General Manager of Warburg Bank; Herr Leinert, president of the Prussian Assembly; and of the National Soviet Congress; Herr Geisberg, Minister of Posts and Telegraphs, and Herr Schuecking. In all, the German party will number seventy-five.

German Version
The German version of the invitation addressed by the Supreme Council of Germany to send delegates to Versailles, according to a wireless dispatch, is as follows:

"The Supreme Council of the Allied and associated powers has decided to convene for the evening of April 25 at Versailles the German delegates, who should be vested with full powers in order that the text of the peace preliminaries drawn up by the Allied and associated powers can be communicated to them. The German government is accordingly requested to give as soon as possible the number, names and ranks of the delegates it intends to send to Versailles, with the number names and ranks of the persons accompanying them.

"The German delegation could not go beyond the role attributed to it and should include only persons intended to accomplish its special mission."

The delay of three days for the meeting at Versailles between the representatives of the Allied and associated powers and the German delegates for the delivery of the Germans of the Allied peace terms may be of benefit to the Allies in completing the first of the lengthy peace document, which is said to approximate 100,000 words. Some doubt had been expressed that the Allies would be able to give the Germans more than a summary of their peace conditions at the first meeting at Versailles owing to the length of the document.

Talk of the German government sending merely "messengers" to Versailles to receive the peace treaty is discounted by official information received by Marshal Foch that the German delegation will consist of six high personages, headed by Count Von Brockdorff-Rantzau, the Foreign Minister.

Man Has Miraculous Escape

"I was told by our family physician that I could not live without an operation, as my liver and gall sack were in such a condition. I set the day to go to the hospital, but then I saw the advertisement of Mayr's Wonderful Remedy. Since taking it I am feeling like a two-year-old. I am sure I never could have survived an operation." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. Would Buy Pennypacker Antiques and Books

Senator Baldwin introduced a bill last evening for the purchase for a sum not to exceed \$17,800 the books, antiques and relics belonging to the late Governor Samuel W. Pennypacker. He would turn them over to the State Library and Museum.

The collection is said to be one of the largest and best in the country, embracing many rare old prints, pieces of pottery, metal and wood workings.

Would Protect Skunks Except During Winter

Senator Phipps, of Venango, read a bill in the Senate last night for the protection of skunks and polecats. He would have an open season from November to March, only, and would provide a fine for killing them in the closed season.

His idea is that skunks are valuable fur-bearing animals and add considerably to the revenues of the State.

British Farm Labor Asks Wage Boost

London. (Correspondence of the Associated Press).—On the heels of a report made by investigators for the Board of Agriculture, taking a rosy view of the farm labor situation in England, comes a demand from the National Union of Agricultural Laborers for \$5 a week increase of the present minimum wages. The agricultural wages board is endeavoring to effect a compromise between the union and the farmers, who refuse to meet the demand.

An official of the union says the situation is grave. "We are doubtful of being able to hold our members if the negotiations are protracted," he stated.

A government inquiry into the conditions of their work "on the same lines and with the same publicity as the coal inquiry" is urged by the farm laborers.

The union has called a national conference to meet next month to consider the following program:

Forty-four-hour week all the year round.

National minimum wage of \$12.50.

Overtime only when absolutely necessary, apart from haymaking time and harvest.

Overtime paid at time-and-a-half rate.

Double rates for Sunday work.

Other problems to be considered are old-age pensions of \$5 a week for laborers sixty years old, pensions for widows and children and state ownership of land.
