

THOUSANDS OF 28TH DIVISION ON WAY HOME

Transports Carrying Fighting Pennsylvanians Steaming Across the Ocean HARRISBURGERS ABOARD Many of Old Eighth Regiment will Land May 4 at Newport News

Several hundred Harrisburg National Guardsmen who fought in France with the Keystone Division are included among the thirty-three per cent. of the 28th Division who have already taken transport for this country. Major General Charles H. Muir, commanding officer of the much-cited division, is homeward bound with a number of units under his command aboard the United States Transport Mercury.

Company D, of the old Eighth Regiment, made up almost entirely of Harrisburgers, will be the first of the three local units to return home. It is sailing with a number of other companies of the 112th Regiment of Infantry, of which it is now a member, aboard the Mercury, which is scheduled to arrive at Newport News on May 4.

General Muir on Board On the vessel with General Muir are headquarters troops and headquarters detachment of the 28th Division, medical detachment, Companies A, B, C and D of the 112th Infantry Regiment. These companies were comprised of men from the former 8th and 15th Pennsylvania Infantry Regiments. The men were mobilized in Harrisburg, Oil City, Corry, Tamaqua, Meadville, Bradford, Chambersburg and York.

Another transport, the steamship Finland, en route to Newport News, has on board one detachment of the 28th Division headquarters, field and staff, First Battalion Headquarters, and Companies A, B, C, D and E, 103d Engineers. The latter units were composed entirely of Philadelphia, Scranton, West Pittston, Schuylkill Haven and Pottsville. These units originally were known as the First Engineers of Pennsylvania National Guard.

To Arrive Next Week Two troop ships will come early next week, it was said. The Kroonland, bearing 62 officers and 1,888 men, of the 11th Infantry, 194th Infantry, and ten officers and ten men of the headquarters staff of the 28th Division will come to Newport News. The 11th Regiment men to arrive are Companies F to M, which of the field and staff headquarters of the First and Third battalions, part of the medical corps. One machine gun company is also included. Of the 194th Regiment there will come to Newport News Companies A to D, and part of the medical and headquarters staff.

The Minnesota, with twenty-seven officers and 1,714 men, will dock in New York either Sunday or Monday. All the men are of the 11th Infantry and include Companies A to E, and part of the headquarters, medical and supply battalions.

On May 1, the Pocahontas, with sixty-six officers and 2,728 men, will come to Newport News. These men are from the 109th machine gun battalion, the 129th Infantry and the 128th machine gun battalion.

Parade Plans Unsettled A report that Company I of the old Eighth Regiment, another unit of Harrisburg men, was aboard the Pocahontas, which is scheduled to land at Newport News one week from to-morrow, is not borne out by dispatches received in this city. Old Company D is the only one of the three local units that is known to have sailed, it being aboard the Mercury, which will reach Newport News on May 4. It is known that the old Governor's Troop, now a part of the one hundred and eighth Field Artillery, has not yet taken passage for the home voyage.

The Adjutant General's office is unable to-day to give information as to the units which have sailed for home. Adjutant General Beary is in Washington to-day and no definite information from the Pennsylvania department will be available to-day.

Plans for the parade of the division in Philadelphia are anything but settled, reports from that city say. The manner in which the members of the division are being distributed among Army camps of fourteen States, instead of being concentrated in any one camp, would appear to indicate that it will be impossible to have a full divisional parade in the Quaker City.

SHAFFER FLIES Adjutant Walter Shaffer, the Dauphin aviator, flew from Middletown to Chambersburg this afternoon. He will speak at a big Victory Loan rally and mass meeting in that place to-morrow night. Second Lieutenant Fred A. Nelson, of the Middletown aviation depot, accompanied him.

THE WEATHER

For Harrisburg and vicinity: Fair and slightly warmer to-night, with lowest temperature about 48 degrees; Thursday partly cloudy and warmer.

For Eastern Pennsylvania: Fair to-night, slightly warmer in north and west portions; Thursday partly cloudy and warmer; gentle winds becoming south.

River The Susquehanna River and all its branches will continue to fall slowly. A stage of about 5.4 feet is indicated for Harrisburg Thursday morning.

FIUME CANNOT BECOME PART OF ITALY, SAYS WILSON; ORLANDO IS READY TO LEAVE PEACE COUNCIL

Latins Insist Upon Treaty of London

WILSON HOLDS OUT FOR SLAV

Earlier Signs at Paris Indicated Concessions

Paris, April 23.—Premier Orlando threatens to return to Italy to-day unless there is a satisfactory adjustment of the Fiume and Dalmatian questions. Premier Lloyd George, of Great Britain, is trying to persuade the Italian leader to remain in Paris longer while he continues his efforts to reconcile the opposing viewpoints.

In a statement issued by President Wilson to-day explaining his position on the Adriatic question he declares that Fiume cannot become a part of Italy. The President points out that every condition concerning the Adriatic settlement has been changed since Italy entered the war upon the promises of the pact of London, the Austro-Hungarian empire having disappeared. He notes that new states have been created for which Fiume is the natural outlet to the sea. The President also contends that the strategic necessity pleaded in behalf of Italy's claim to the Dalmatian islands no longer prevails, as the Austrian naval menace has ceased to exist.

The Latin delegation to the Peace Conference reasserted its determination to stand firm on the question of Fiume, indicating that unless the Council changed its position the delegation would not return to the conference.

An early settlement of the difficulty is consequently thought to be improbable, especially as President Wilson is understood to be equally as firm as the Italian representatives. With Premier Orlando still absent, Premiers Clemenceau and Lloyd George and President Wilson resumed this morning the consideration of questions concerning China and Japan.

Facts of Deadlock The facts of the deadlock over the Italian claims in the Adriatic, according to the Petit Parisien, are as follows:

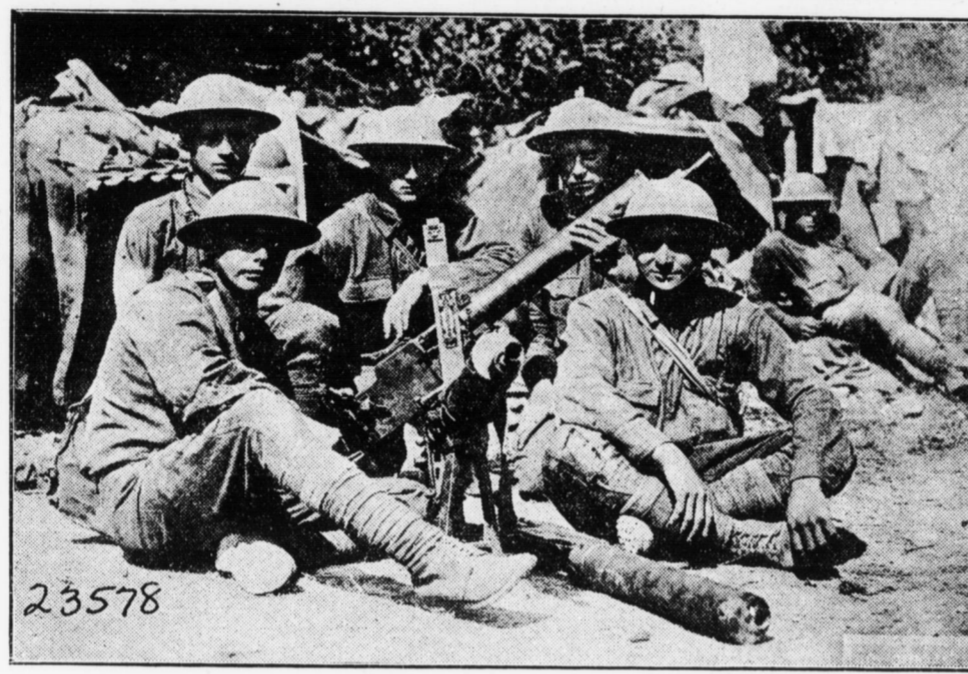

President Wilson proposed that Fiume, which is not mentioned in the Treaty of London, should be a free city, but attached to the Jugo-Slav customs system and, further, that the London Treaty should be subjected to a total revision.

Italy refused to accept this proposal, whereupon President Wilson withdrew, leaving Italy alone with the representatives of the other signatories of the treaty. During the meetings of the representatives of the signatories, both Premier Orlando and Foreign Minister Sonnino were most conciliatory. Orlando, especially, having asked repeatedly on what condition France and Great Britain would consent to give Fiume to Italy. Baron Sonnino said he was ready to accept a revision of the London Treaty.

Wilson Keeps in Touch However, President Wilson, who while he was not present at the meetings, kept in touch with them, and wanted to reopen the question of the Treaty of London, but without joining the revision to the fate of Fiume. The President has refused from his first proposal to make Fiume a free city and is inclined to give it absolutely to the Jugo-Slavs. As to Premiers Clemenceau and Lloyd George, they are understood to be ready to adhere purely and simply to the Treaty of London, at the same time seeking means of conciliation. Although the peace conferees in Paris have passed along for future adjustment the Japanese problem, one of the two troublesome questions standing in the way of the final shaping of the peace treaty, the Italian difficulty was still pressing.

DRUG ADDICTS ROB DRUG STORE TO GET NARCOTICS

Police Believe Arrests of Peddlers Is Responsible For Crime

That Harrisburg "dope" users are becoming desperate to secure their accustomed supply of drugs, is the impression created among police authorities by the theft of between \$15 and \$20 worth of narcotics of various kinds from the drug store of Dr. John H. Garland, Sixth and Munch streets, early this morning. Police are convinced that the theft was committed by drug addicts who have been experiencing difficulty in securing morphine, cocaine, heroin and other narcotics to fill their needs since the alleged leaders of the "dope" ring have been taken into custody and are now either serving sentences or are awaiting trial. The persons who committed last evening's theft gained access to the store by forcing screws from the outside lock of the cellar door and after gaining admission to it, by forcing a trap door between the cellar and the store room. In addition to the narcotics, about 150 pennies were taken.

Eight-Year-Old Girl Placed on Stand to Testify Against Mother

Eight-year-old Evelyn Hays was called as a witness in divorce action brought by her father, Clarence Hays, against Mrs. Rebecca S. Hays, in which John Hoke was named as co-respondent. Neighbors who testified said that Hoke went to the Hays home on a number of occasions after Mr. Hays had gone to work. The divorce action was contested by Mrs. Hays, who took the stand and denied charges made against her. Hoke also was called to the stand. Counsel for both parties will argue the case, probably next Tuesday.

"Say, is that the Telegraph?" came a voice, "that picture on your front page of a girl and a man in a boat is Simon Lutz. I mean the man is—I don't know the girl." Soon there was an investigation, which proved that the photograph shown last evening, found in the salvage heaps of France, back of the battline, was really taken in Harrisburg.

CIVIC BODIES TO SUPPORT PLANS FOR MODEL CITY

Colonel Martin to Attend Conference Called by Chamber of Commerce

TIME FOR ACTION HERE Organization Asked to Send Two Representatives to Meeting

The Harrisburg Chamber of Commerce to-day took steps to coordinate the efforts of local civic and public welfare bodies which have been asked to co-operate with the State Health Department in its plan to make Harrisburg a model city from a standpoint of health and sanitation. A meeting of the representatives of the various organizations will be held in the Chamber of Commerce offices at 8 o'clock on the evening of May 15.

The meeting is a direct result of the meeting arranged in the hall of the House of Representatives by the State Health Department April 14, when the representatives of various civic bodies were asked to aid State Health Commissioner Martin and his staff in their efforts to make Harrisburg the cleanest city not only in Pennsylvania, but in the entire United States. The date for the meeting was set as May 15 in order that it would not divert the attention of representatives engaged in the Victory Loan campaign and to give the organizations a chance to select their representatives.

Each organization will be invited to send two representatives to the meeting, at which a permanent organization will be formed. The organization will select its chairman, vice-chairman and secretary, and will give the support of the united organizations to the efforts of the State Health Department. Colonel Edward Martin will attend the meeting.

The various bodies which will be invited to send representatives are as follows: Harrisburg Chamber of Commerce, Rotary and Kiwanis Clubs, Dauphin County Medical Society, Visiting Nurses' Association, Ministerial Association, Knights of Columbus, Young Men's Christian Association, Young Men's Hebrew Association, Central Labor Union, Firemen's Union, Associated Aids Society, Municipal League, Red Cross, Society for the Distribution of Pure Milk and the Civic Club.

"It seems to me that it is necessary to do something more than pledge our aid to Colonel Martin," said President Reinhold. "The best way to accomplish anything is by a united effort, and I am, therefore, asking the organizations to send representatives to this meeting, when Colonel Martin will be asked to tell us specifically what he thinks we should first attempt to accomplish."

STRIKE IS CALLED FOR WAGE INCREASE BY UNION PAINTERS

Men Ask Sixty-two and a-Half Cents an Hour Instead of Fifty, Saying Trade Is Poorest of Skilled Labor

CONTRACTORS SAY WORK WILL BE DELAYED BY HIGHER COST

Approximately 140 members of the Painters', Decorators' and Paperhangers' Union, No. 411, affiliated with the American Federation of Labor, went on strike here at 8 o'clock this morning, with the object of securing a wage increase from 50 cents to 62½ cents an hour. The strike was called last night at a meeting in the Labor Hall when it was reported that communications addressed to their employers, the Master Painters' Association, had not been answered and that the contractors had refused to compromise.

Cite Low Scale "The reason why we want this increase is because of the increase in the cost of living," said President H. C. Kutz. He cited instances where the rent of the members had been increased and said it is necessary to get the wage increase in order to keep up with the times. "The members of this craft are the poorest paid in the building trades," the president told a Telegraph reporter this morning, "and they have been that ever since the war started." "Yes, for the last twenty years," interrupted a striker. "For the past sixty-five years," added a gray-haired worker standing by.

Agreement Expired "Besides the living cost there are Liberty Bonds. We must have money to buy bonds," continued the official. "Our local union has invested a large part of its treasury in the various government loans and our members have paid for their bonds. We want more money to buy more bonds." According to the strikers, when their contracts expired April 1, they approached the Master Painters with a request for increase in wages. The request was ignored.
