

Declares Germans Robbed Prisoners of Red Cross Parcels

Sydney, Australia, April 23.—Charges that Germans who handled Red Cross parcels for Australian soldiers in German prison camps robbed the prisoners of their Red Cross parcels are made by Captain Alexander Donaldson of the steamship Matunga. He was captured when the Matunga was taken by the German raider Wolf and was sent to a prison camp in the Hartz mountains.

PIMPLY? WELL, DON'T BE

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights. Cleanse the blood, bowels and liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's no sickness or pain after taking them. Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating. No one who takes Olive Tablets is ever cursed with "a dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face. Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color. Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result. Take one or two nightly for a week. See how much better you feel and look. 10c and 25c per box. All druggists.

TELLS OF VISIT TO EDITH CAVELL

Churchman Visited Her on the Night Before Her Execution

London, April 23.—"I expected my sentence, but I am glad to die for my country. In the sight of eternity, I know now it is not enough to love only your own country. You must love all, and not hate any."

Those were among the last words of Edith Cavell, the British nurse who was executed by the Germans in Belgium. The churchman to whom they were spoken, the Rev. H. S. T. Gahan, has just returned to England from Brussels, where with his wife he remained throughout the war.

Aided by a German protestant military chaplain, Mr. Gahan received permission, he says, to see Miss Cavell in prison on the night before the death sentence was executed. "With the chaplain," Mr. Gahan said, "I went to the cell door and it opened and Miss Cavell stood in the doorway. I had gone prepared for a very trying scene. There stood my friend—looking as calmly sweet as anyone could look. She was unshowered, but she appeared to be better for the enforced rest in prison. The warden withdrew and we were not interrupted."

"I remember practically all she said. She was thankful for the quiet time, as her life had been such a burden and rush in many respects. She was not sorry to go, for her life had contained so much that she was weary beyond endurance. "They have treated me very kindly here," she said.

The little communion vessels were placed on a chair, and after the service Mr. Gahan recited "Abide with me," Miss Cavell joining under her breath.

"Then I felt," the minister continued, "that I must not stay much longer, for I had been there an hour. I stood up and said 'Good-by,' and we were face to face. She was looking slightly strained, but nothing more. We shook hands and smiled, and I added, 'we shall meet again. Good-by.'"

The great crime of hurrying the execution, according to Mr. Gahan, belonged to the military governor of Brussels, who would not wait to communicate with headquarters.

EX-LEGISLATOR DIES

Pittsburgh, April 23.—James M. Robb, aged 73, chief executive of the Allegheny County Board of Poor Directors and three times a member of the State Legislature, died at his home in Oakdale, near here, yesterday, following a short illness.

Just One Application and the Hairs Vanish

(Toilet Talks)

Any woman can keep her skin free from unsightly hair or fuzz if she will follow these simple instructions: When hairy growths appear, apply a simple paste, made by mixing some water with powdered delatone. Apply this to hairy surface and after 2 or 3 minutes rub off, wash the skin and the hairs are gone. This is a harmless treatment, but be sure you get the real delatone.

ASSURES SUPPORT OF ROTARIANS

International President Says Members Will Aid Salvation Army

Philadelphia, April 23.—Heartly support for the Salvation Army in its campaign for a Home Service Fund, which will be held throughout the country in the week of May 19-26, is being assured by Rotary Clubs all over the United States. Their endorsement has taken the form of warm personal support calculated to show appreciation of the extraordinary service which the Salvationists rendered to the doughboys in France.

The sentiment of Rotarians everywhere is expressed in a letter just written by President Poole, the Rotarians' international president, to Miss Evangeline Booth, commander of the Salvation Army forces in America. It reads as follows:

"Earl Godwin, who is chairman of the committee in-charge of the Salvation Army drive for the District of Columbia, has asked me to write you and indicate the probable attitude of the Rotary Clubs in the United States.

"I am glad to do this because I believe I can assure you of their hearty co-operation. Knowing them as I do, I am sure their membership will respond to any call made upon them by the committee in charge; if, indeed, you do not actually find the personnel of these committees made up largely of Rotarians.

"Everywhere I have heard the highest praise for the magnificent work done by the Salvation Army overseas and your campaign should be a genuine success.

"You have my best wishes, because you have shown the world how to gladden the heart and sweeten the lives of humanity."

Ocean Currents Endanger Lighthouse

Toms River, N. J., April 23.—The famous lighthouse at Barnegat Inlet is in danger of being undermined by the Atlantic ocean, engineers report. During the recent heavy storms the sea encroached to within seventy-five feet of the lighthouse.

The terrific current at the inlet, backed by a powerful sea has cut into the beach for a considerable distance, and unless breakwaters or jetties are constructed, the lighthouse surely will go down in a heavy storm, engineers say.

GOT TWENTY HUNS ALONE

Camp Dix, N. J., April 23.—Six with the bayonet! Fourteen with rifle shots! Total for four hours' fighting—twenty! That is the score made by Private Michael Dubosky, of Eddy-stone, Pa., in bagging Germans one night last July when Company B, 11th Infantry, of which he was a member, went over the top in the Champagne, at Hill 204. Single-handed, this doughboy cleaned out the Huns in three machine gun nests and captured the guns.

CONFLICT ON BUILDING BILLS

Sowers Measure Would Provide Office Rooms For Members and Cost \$3,000,000

State officials to-day manifested considerable surprise at the presentation of the provision contained in the Sowers bill introduced into the House yesterday for the erection of office building in Capitol park because of the variance from the terms of the administration bill presented in the Senate by Senator Frank A. Smith. The Smith bill is designed to carry out the Brunner plans and carries \$2,500,000 with provision for various departments whose removal from the main building would provide more room for the legislative officers and committees.

The Sowers bill provides for a building which would be a legislative office building and not relieve the crowded condition of departments or make provision for the offices now rented by the State. It would give an office for each of the 257 members of the Legislature and provide ten large committee rooms beside.

Ready for argument—The Valley Railroad case was completed yesterday as testimony goes late yesterday and June 9 has been set for argument.

Made special order—The Woodruff teachers salary bill has been made a special order of business for Monday night in the House. At that time the janitor feature will be considered.

Dr. Sulrie Considered—Dr. Ambrose L. Sulrie, superintendent of the teachers normal training school, of Cleveland, Ohio, is being seriously considered for appointment as superintendent of public instruction. Dr. Sulrie, who is native of Pennsylvania, was formerly connected with West Chester State Normal School and the Department of Education of the University of Pennsylvania. He was for several years superintendent of the rural schools of Georgia and returned to this State to take up work at Philadelphia whence he went to Cleveland.

Orchestra to-night—Plans are being made for the Capitol orchestra which has been rehearsing on Thursdays to give a concert. The hall of the House will be requested.

Connolly in charge—Don Connolly, the new acting commissioner of Labor and Industry, is now in charge of the Department of Labor and Industry. No changes of any account are likely to be made for the present.

Ex Members here—Ex Representatives H. I. Wilson, of Jefferson, and James L. Adams, of Allegheny, were at the Capitol.

Talk of Substitute For Conservation Bill

According to talk at the Capitol, a bill is offered in place of the Conservation Department Bill has been drafted. It would leave out the Water Supply Commission on the theory that its work is more closely related to the Health Department and to the industrial prosperity of the State, than to forestry, fish and game matters. This bill which is being withheld for the present combines the Fish, Game and Forestry Commissions by establishing an over-head Conservation Commission consisting of the chairman of the three existing boards, with the Governor as its presiding officer and the executive head of the department as Secretary of Conservation, with full control of the warden forces and of all united activities. This measure will not be introduced if satisfactory amendments to the present bill are accepted, it is said.

Court Makes Change—The sitting of the State Supreme Court scheduled for Harrisburg on May 26 has been advanced to May 19.

Demurrer Sustained—The Public Service Commission has sustained the demurrer of the Philadelphia Rapid Transit Company, in the complaint of H. C. Deegan, street carman in Logan Square, Philadelphia, holding that it has no jurisdiction.

Chief Objects—The first complaint to be filed by a chief of police against jitneys was entered before the Public Service Commission by James J. Moriarty, Bessemer, Lawrence county, against seven jitney operators alleged to be running without certificates.

At Washington—Adjutant General Burleson has gone to Washington to consult with War Department officials relative to the return of the 28th Division and to ascertain exactly how many organizations will be able to parade in Philadelphia.

Burleson Halts Critics in Government Service

New York, April 23.—Distribution of Postal Telegraph, the house organ of the Postal Telegraph-Cable Company to employees of the company through "regular channels" has been ordered suspended by Postmaster General Burleson according to a statement issued last night by William J. Deegan, secretary of the Mackay companies.

Mr. Deegan added that distribution to the public of literature, which in any way reflects on Burleson's control" also had been ordered suspended, and that an employee who had expressed any opinion against the present control must give a promise to keep his mouth shut or face instant dismissal.

In addition to the orders against distribution of any literature attacking the Post Office Department regime Mr. Deegan declared that "a system of post office espionage has been instituted on our lines which would do credit to the Russian secret service."

"Employees" he declared "are being lectured by Burleson's representatives that they must not criticize any act of Burleson's control. Any one expressing such opinions is reported to the Post Office Department by Burleson's spies. By means of these threats an organized reign of terror has been instituted on the lines of the Postal Telegraph system, and every effort is being made to shake the confidence of the staff in their belief that the company will eventually have its lines returned."

WINE FLOODS CELLAR Nesquehoning, Pa., April 23.—John Niebank was arrested on a warrant sworn out by his father-in-law, John Star, a local hotelkeeper, charged with malicious mischief in opening the spigots of a number of barrels of wine and liquor in Star's cellar and allowing the spirits to waste to the extent of \$2,500. The son-in-law was held for court.

Lieut. Vanaman in Charge of Big Telegraph School

Lieutenant W. L. Vanaman, a former Harrisburger, is in charge of the recently constructed School of Wireless Telegraphy, which was formally opened at U. S. A. General Hospital,

No. 2, Fort McHenry, near Baltimore, on Monday. The school is one of the most complete in this country, having five entire sending sets and five complete receiving sets. In addition to these there are fifty buzzer and blinker sets for classroom work, and fifty buzzer sets for bedside work, this to take care of the men who are confined to bed but who

are physically able to take up some light form of therapeutical work. As soon as they are able to leave their beds they will take their places in the classrooms, to complete the course. Lieutenant Vanaman installed both the wireless and Morse plants, with the assistance of several of the students. An aerial seventy-five feet from the ground is now in use, but

this is being supplemented by a much higher one, which, when completed will permit messages being received from the Eiffel Tower, France. Also on Monday afternoon, a Morse telegraph line connecting all wards was formally opened for service. This is a complete telegraph circuit, making it possible to converse with all the wards collectively or singly by telegraph.
