

# WAR DEPARTMENT STARTS FORMING NEW GUARD UNITS

## Pennsylvania Advises Chiefs State Has Force Enough to Maintain Order

Washington, April 23.—Reconstitution of the National Guard was actually started to-day, when the War Department, through the Bureau of Militia Affairs, authorized the organization of seven regiments and one extra battalion of infantry, one squadron of cavalry and eighteen companies of coast artillery.

The State of New York was authorized to raise four regiments of infantry, one squadron of cavalry and twelve companies of coast artillery. New Jersey was authorized to organize one regiment of infantry and two companies of coast artillery; Ohio, two regiments of infantry and one company of coast artillery; and Oregon, one battalion of infantry and four companies of coast artillery.

Other authorizations for units are expected to follow soon. The States first considered were those in which conditions were such that their Governors considered armed forces might be necessary under certain contingencies. The State of Pennsylvania, for instance, reported to the War Department that it possesses at this time a very efficient State Constabulary and 2,000 State troops, sufficient to handle any emergency which could be foreseen at this time.

# FIUME CANNOT BE ITALY PART

[Continued from First Page.]

for solution at to-day's meetings of the conference leaders.

Italy May Recede  
Italy's delegation at the Peace Conference, however, seems to be showing a disposition to recede from the extreme attitude which it had taken and which has brought an admittedly grave situation in the work of restoring the League of Nations.

Reports from Paris indicate a willingness on the part of the Italians to listen to suggestions of a compromise, this being the hope that some way will be found to adjust the conflicting demands of Italy and Jugoslavians regarding the city of Fiume and the Dalmatian coast.

To Yield Dalmatian Hinterland  
Italy, it is said, has offered to give up all claims to the Dalmatian Hinterland if given Fiume, the Dalmatian coast and the coastal watershed. On the other hand, she has rejected offers of Fiume in return for relinquishing any claims she may have on the Dalmatian coast.

Rival Claims Impend  
Rival claims of China and Japan to Kiaoo Chau and the Shantung peninsula have not been settled, and if the Chinese and Japanese home governments consent it seems probable these claims will be left to be taken up by the League of Nations after peace has been declared. After conferring on the subject yesterday the Council of Four announced that Germany's rights in the dispute would be terminated, but no final disposition was made of the peninsula or the former German fortress of Kiaoo Chau.

Hungarian Situation Quiet  
It seems to be established that the Soviet government of Hungary has crumbled, but the situation still is quiet and obscure. The party that has assumed control is not definitely known. Munition and arms factories at Budapest are in full operation, it is said.

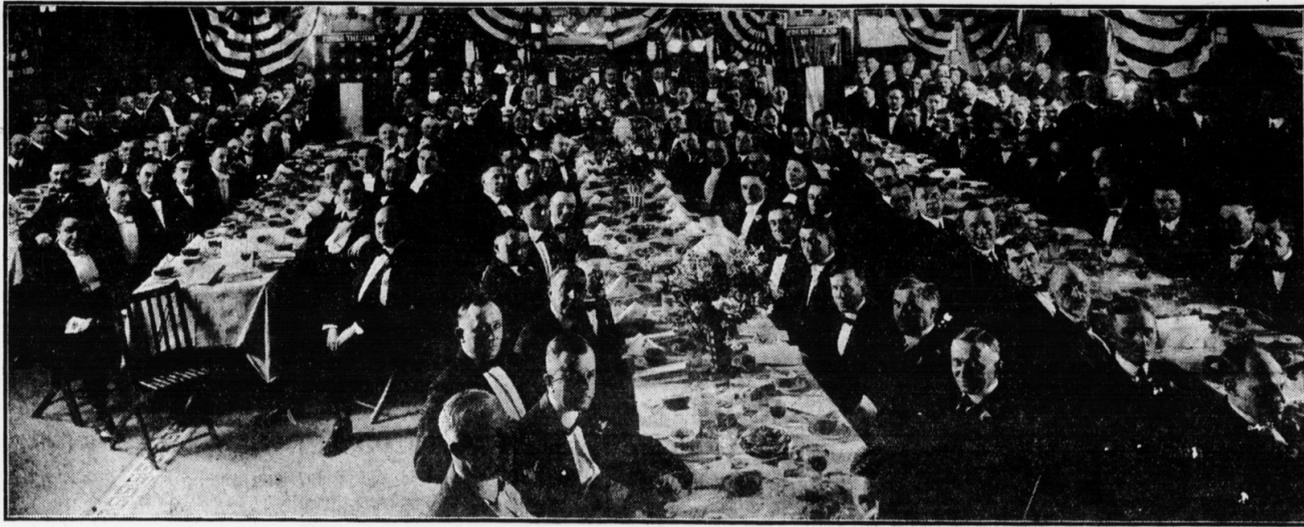

The report that a Soviet regime had been set up in Turkey is doubted in London, where it is pointed out that if there was any truth in the rumor, reports would have been forwarded by wireless to the British admiralty by the British warships now lying before Constantinople.

Poles Defeat Russian Reds  
The Russian Bolshevik reverse on the northwestern front, reported on Tuesday as at the hands of the Poles, who have taken Vilna and have pierced the Bolshevik line to the south.

Vilna was the nearest approach of Russian Bolshevism to Germany. On the north Russian front the Allies have pushed forward a considerable distance along the lines south of the Murnansk peninsula.

Mobs Clash With Police  
Serious disorders occurred at Hamburg, Germany, on Saturday and Sunday. In the suburb of St. Pauli, on the western outskirts of the city, mobs have clashed with the police and appear to have met with some measure of success.

# SENATOR PENROSE RETURNS SUNDAY

## Confident of Early Passage of Philadelphia Bills; Has Many Visitors

Philadelphia reform measures now pending in the Legislature cannot be defeated by "deals of precinct politicians."

This assertion was made to-day by United States Senator Penrose when asked if he thought there was any prospect of the Philadelphia measures being defeated in the House as a result of deals made by the Vares with country members.

The Senator was told that the Vares forces had turned in a majority for the prohibition amendment and for the suffrage resolution as a play for the votes of independent members from the country districts.

"Reform measures of the first magnitude looking to redemption of the metropolis of the State cannot be made subject to deals of precinct politicians," was the assertion of the senior Senator. He predicted big majorities for the bills.

The Senator said that he would try and see the Governor before he returns to Harrisburg next Sunday. He intends to leave for Philadelphia to-day and will go to New York Friday to speak at a dinner.

He said that he was sorry that he had made the engagement to go to New York, as it might deprive him of an opportunity of seeing Governor Sprout.

His headquarters in the Pennsylvania Hotel was crowded this morning with callers. An air of satisfaction pervaded the place as a result of the quick work in reporting Philadelphia measures out of committee.

# RIVERSIDE TO BUILD CHURCH

## Methodists Plan \$30,000 Structure at Third and Lewis Streets

Riverside Methodists have announced the formation of plans for the early erection of a large modern church and parsonage to cost \$30,000, on their plot at Third and Lewis streets, Riverside. Plans will soon be prepared.

At a recent meeting of the quarterly conference of this charge, at which every official member was present, with Dr. Edgar R. Heckman, district superintendent, presiding, after full discussion of the whole situation, it was unanimously decided that the needs of Methodism in this growing section of Harrisburg could only be taken care of through the early erection of a modern church and parsonage; and in order to be prepared for early building operations, arrangements were made to wipe out the debt of \$600 existing against the present small frame structure; \$200 of the \$600 has already been raised and paid within the past month by the enthusiastic congregation, and arrangements are now under way to pay off the remaining \$400 within the next thirty days.

This congregation has the good fortune to have a live-wire musical organization, the Riverside Mandolin and Guitar Club, which has undertaken to finish off this debt. This club has arranged to put on a dramatic recital to be given in the Technical High school auditorium by J. W. Weyon, elocutionist, Thursday evening, May 1. Mr. Weyon, who furnishes the recital, has an international reputation and is not unknown to Harrisburg lovers of dramatic art. "Lady Audley's Secret" is his star performance and a capacity house is already assured at a nominal admission.

At the suggestion of the Methodist Union of the city, and supported by their unanimous approval of plan and movement, as expressed in a meeting of the union on Monday night, a large number of tickets are being sent out by mail to the friends who might be supposed to be interested in preparing the way for this congregation to clear the debt and prepare the way to go forward with the new building project. The expenses are such that the work must be put forward as early as possible.

Until this year, Riverside was combined in a circuit plan with West Fairview. But the recent annual conference at Sunbury designated it as a station, and Dr. George Murray Kieffer, one of the ablest ministers in the conference, was placed in charge. The Riverside Methodists

wages, it will necessarily mean an increase in prices to the consumer. People will not pay an increased price, because their money is tied up in Liberty Bonds and because of the high cost of living.

Masters to Meet  
"A year ago we raised the wages of these men from 35 to 50 cents an hour. They deserted us and went to various big building operations, where they received as much as 62½ cents an hour, while we were swamped with work. The unions did not live up to their promises to get us men, and we were

# SAVE MONEY! SAVE SHOES!

In a long chase for a criminal, J. E. Jones, a secret service man of Chicago, wore one pair of shoes with Neolin Soles for nineteen months. This chase covering both American continents and Australia, ended in April, 1917. The shoes were then given a mechanic at Clearing, Ill., and were worn by him another seven months.

"Until I discovered shoes with Neolin Soles, I bought new shoes about every two months," said Mr. Jones.

Twenty-six months of wear under conditions such as these is indeed extraordinary even for Neolin Soles. But Neolin Soles are made by Science to be especially durable. They are comfortable and waterproof, too. You can get them on new shoes for men, women and children, or for re-soiling. Manufactured by The Goodyear Tire & Rubber Co., Akron, Ohio, who also make Wingfoot Heels, guaranteed to outwear all other heels.

# Thousands Have Kidney Trouble and Never Suspect It

Applicants For Insurance Often Rejected.

Judging from reports from druggists who are constantly in direct touch with the public, there is one preparation that has been very successful in overcoming these conditions. The mild and healing influence of Dr. Kilmer's Swamp-root is soon realized. It stands the highest for its remarkable record of success.

An examining physician for one of the prominent Life Insurance Companies, in an interview of the subject, made the astonishing statement that one reason why so many applicants for insurance are rejected, is because kidney trouble is so common to the American people, and the large majority of those whose applications are declined do not even suspect that they have the disease. It is on sale at all drug stores in bottles of two sizes, medium and large.

However, if you wish first to test this great preparation, send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention the Harrisburg Daily Telegraph.
