This Extraordinary

Sale of Men's Shirts

Yes, every shirt will be sold by Saturday evening at six o'clock if every man who is in need of a shirt—or every woman who buys shirts for a man—will just step inside the front door, to the left, and see the remarkable values these prices represent. It is such a sale of shirts as has never before been attempted by this store—and one of those sales that are seldom ever announced by any store with the Bowman standard of merchandising.

Not a shirt in the store is excepted. Every pattern, every material and every make of shirt we carry in stock is included. The finest silk shirts, fiber silks, silk and cotton mixtures, most excellent madras and others in attractive patterns. No job lots or special shipments purchased for the event, but every shirt from our regular stocks of carefully selected patterns. Every counter and table in the Men's Furnishing Department will have shirts conveniently arranged and extra sales-people to care for the crowds.
