Why Should Pennsylvanians Buy Liberty Bonds?

W. I. Schaffer, Attorney General of Pennsylvania

Pennsylvanians should buy Victory Bonds because they are Pennsylvanians.

Pennsylvanians should buy Victory Bonds because they and Pennsylvanians should buy Victory Bonds because they and their State did things of such vital consequence to win the war. Pennsylvanians should buy Victory Bonds because their State caps the arch of the Federal Union and their example will lead all their fellow countrymen to buy.

Pennsylvanians should buy Victory Bonds because they always supported and stood steadfast by the nation and the success of this loan means more to the nation than any other single act its people are to actory Bonds because they always supported and stood steadfast by the nation and the success of this loan other single act its people are to actory Bonds because they have always supported and stood steadfast by the nation and the success of this loan other single act its people are to actory Bonds because they have always supported and stood steadfast by the nation and the success of this loan other single act its people are to actory Bonds because they have always supported and stood steadfast by the nation and the success of this loan other single act its people are to actory Bonds because they have always supported and stood steadfast by the nation and the success of this loan other single act its people are to actory Bonds because they always supported and stood steadfast by the nation and the success of this loan other single act its people are to actory Bonds because they always supported and stood steadfast by the nation and the success of this loan other single act its people are to actory Bonds and the success of this loan of the success of this loan of the success of the success of this loan of the success of the

Overcoats Out Again
Overcoats that had been tucked away for the summer, were eagerly sought last night and this morning and the owners huddled in them this morning quite pleased for the comfort they afforded. Tales of crawling from beds last night to hunt additional bed covers to afford comfort to shivering bodies, were related in profusion.

City's Drop One of Greatest

moving f City's Drop One of Greatest

A high pressure area moving from
the Northwest is blamed for the low
temperatures throughout the eastern
half of the country. The fall in temperature of from 2 to 32 degrees has
been general, the Weather Bureau
announces. Harrisburg's drop was
one of the greatest. The temperature at noon yesterday was 65 degrees and at 9 o'clock last evening,
35 degrees had been reached, while
the mercury did not reach the minimum until 6 o'clock this morning.
The temperature is now, rising, but
is expected to start dropping again
during the afternoon and night.

Hazleton, Pa., April 24.—A sudden drop in temperature to eighteen degrees caused much damage to early fruit and vegetables in this locality.

Weather bureau reports show there were snow flurries all over this section of the State.

STRIKERS QUIET DOWN
Berlin, April 25.—Almost as suddenly as the recent strikes began, Germany appears to be quieting down again. The coal miners in the Ruhr district are returning to work in increasing numbers and yesterday those in the Dushburg and Muehlheim districts as well as half a dozen other places, returned to the colleries.

Plan For Reception

E. E. Irving, division engineer of the Philadelphia division, and I. Reese, a local roundhouse foreman, spoke on the sale of Victory Bonds. Mr. Irving explained that sixty per cent. of the trackmen, the poorest paid of the railroad employes, had already subscribed for Bonds and asked the men at the meeting to do as well.

TEMPERATURE LOWER

[Continued from First Page.]

Many Harrisburg men have already taken transport and are now steaming westward over the Atlantic toward home port. Most of these already homeward bound are on the great transports, Pocahontas and Mercury. Both are steaming toward the port of Philadelphia after having been diverted from their course to Newport News following a conference between Adjutant General West Department offieral Beary and War Department offi-

Most of the men now known to be on the high seas are members of Company D and I of the old Eighth Regiment, made up almost exclusively of Harrisburg men, and of Company C, the Chambersburg unit of the same regiment. These units were all combined with a similarly lettered company of the Sixteenth Regiment of the old Guard to form units of the 112th Regiment of Infantry with which they are now sailing home. Many local men, however, are distributed among other home-bound units.

home but which are expected to start in time to get home during the first part of May.

It has been announced officially that every Pennsylvania man in the division will be sent first to Camp Dix, Wrightstown, N. J. This applies whether the units land in Philadelphia, New York or Newport News, and includes all the original members, as well as replacements who happen to hail from the Keystone State. It is expected that the parade will be held within a few days after the the last of the troops reach Camp Dix, if it is not later than the date expected by Brigadier General Anderson.

In the event that the effort to get the entire division in home port by May 10 fall, it may be necessary to hold two parades for the men, it has been announced by J. Garden Guenther, chairman of the Philadelphia Council of National Defense, which is arranging for the pageant. It is believed that the first of these events, if more than one is held, will take place within the few days following May 10 with the second at such time as the remaining units may reach home soil.

Charles E. Pass, great tocacan of the order, will give the memorial address at the council session next Tuesday afternoon.
